## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF OCTOBER 1902.

WEATHER during October was more settled than is usual in that month. Pressure was almost uniformly high; no cyclonic disturbance of any importance entered the Province from the Bay, and rainfall was deficient over the whole land area, more especially in the western districts. In Orissa the defect in rainfall was more than 5 inches on an average for the Division; in Chota Nagpur and Orissa was more than 2 inches, and in North and East Bengal and Bihar, between 1 and 2 inches.

Though in general settled, weather was in some respects peculiar. The high pressure was not so marked in the north of the Province as in the south-western districts, and consequently light southerly winds were fairly continuous over the central districts. From the north-east, on the other hand, north-easterly winds were equally steady, and it was probably owing to the interaction of these two wind systems that rainfall continued in North Bengal during the greater part of the first half of the month. Temperature also, probably owing to the northerly winds in North Bengal and Assam, was generally below the normal. In Assam the mean defect was 2°·5 and in North Bengal 1°·3, while in Orissa and Chota Nagpur there was excess of 1°.

A slight depression moved northwards from the Bay into East Bengal in the early days of the month and caused general rainfall over the greater part of the Province on the 3rd. The falls were most heavy in Lower Bengal, and a number of stations in East Bengal received more than 3 inches on the 3rd and 4th. It was chiefly owing to the rainfall on those two days that the average fall in East Bengal was so much as 3·9 inches. Only a few showers fell after the 4th, and after the 11th East Bengal was practically rainless.

A disturbance of a kind unusual in October passed over the western districts about the 19th. There appears to have been a series of thunderstorms of the nature of nor'westers, occurring in rapid succession, first in Bihar, then in the west of Chota Nagpur and the Sonthal Parganas, and afterwards in South-West Bengal, late in the 18th or early in the 19th. The changes of pressure at 8 A M. on the 19th showed that the area of disturbance included Raniganj, Purulia, Bankura, and Burdwan, and about an hour later a thunderstorm with a rapid rise of pressure commenced at Calcutta. It was probably owing to that disturbance that most of the stations in Bihar, and over a tract of country extending from the west of Bihar to South-West Bengal reported moderate rainfall on the 19th.

About the same time there was a shallow depression in the east of the Bay, which was of brief duration. It caused some increase of wind at Burma stations, and on breaking up a slight disturbance entered the north of the Bay, but had little influence on the general weather conditions over the Province.

Towards the end of the month another shallow depression crossed the Madras coast between Madras and Cuddalore from the south-east. The greatest deficiency in pressure was only ·1 inch, but the disturbance was remarkable because of the exceptionally heavy rain which fell on the coast between Madras and Vizagapatam between the 28th and 30th, and the strong winds between Masulipatam and Vizagapatam. The rainfall caused by the disturbance extended slowly northwards, but did not reach Orissa, as the only falls in that Division during the last week occurred before the 27th.

The only other noteworthy feature was the cloudy and in places showery weather in the south-western districts in the latter part of the month. The cause of these local showers is not apparent. The most general rainfall occurred in Orissa, and the showers in South-West Bengal were very scattered and generally light. Contai received 2 inches on the 26th and Calcutta on the 27th.

*Pressure* was above the normal throughout the month and generally by rather large amounts. The averages for the month show two areas in which this excess was largest, one over Orissa and the Circars, and the other in North Bengal. To some extent the peculiar weather conditions noted above were no doubt due to a pressure distribution such as these averages indicate: and, in particular, the local storms with scattered rainfall in the south-western districts were probably due to the interaction of winds blowing from two centres of high pressure, the one in the north-east probably extending beyond the Himalayan range, the other in Central India.

The absence of cyclonic storms in the north of the Bay and the extreme shallowness of the two depressions which entered the Province in the early part of the month were probably due to the same causes as the prevailing high pressure rather than a direct result of the high pressure.

Excess in Orissa and North Bengal on an average for the month was more than ·1 inch, and in other parts between ·07 and ·1 inch.

*Temperature.*—As northerly winds were fairly continuous in the north-east of the Province, cool weather for the season was experienced in that part of the Province. Both night and day temperatures were below the normal in North and East Bengal, Assam and Bihar. In the south-western districts when southerly winds were more general, maximum and minimum readings were above the normal, most so in Orissa as regards the former.

The mean excess in Chota Nagpur was 1°, and in Orissa just under 1°. In Bihar and South-West Bengal there was either a small defect or a small excess, and in East Bengal, North Bengal and Assam there was defect increasing towards the north-east.

*Rainfall*—as already stated, was much lighter than usual over the greater part of the Province. The rainfall caused by disturbances from the Bay was largely confined to the eastern districts, while in the west only scattered showers occurred, due apparently to local disturbances.

Cyclonic storms from the Bay at times cause very heavy rainfall in the south-west of the Province in October, and hence the normal fall for Orissa is large in that month, viz., 6·3 inches. The tendency for such storms at the end of the season is to move either northward or north-eastward in Bengal, so that all parts of the Province are subject to their influence. The comparative absence of rainfall during the month just past is therefore due to the absence of cyclonic disturbances. North and East Bengal, the only two divisions for which the rainfall for the month approximates to the normal, received fairly large amounts owing to a slight depression which entered East Bengal about the 4th and caused disturbed weather over the eastern districts. In North Bengal the average fall for the month was 3·3 inches, and in East Bengal 3·9 inches, in each case about 70 per cent. of the normal. In the other divisions the fall was below 50 per cent., and in Orissa and Chota Nagpur only 20 per cent. of the normal.

The following table gives a comparison between the actual monthly and total rainfall and the normal rainfall of the Province up to the end of October in the same form as has been employed in the previous monthly abstracts of the present year. The figures represent the ratio of the rainfall of each month of the present year to the normal rainfall expressed as a percentage The table thus gives a condensed summary of the rainfall data of the year for each meteorological division. The first ten columns give the percentage amount of rainfall received in each month, and the last column the percentage rainfall of the whole period from the 1st of January to the end of October:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

## IRRIGATION DEPARTMENT.

[Sixth Publication.]

*The 28th October 1902.*

*No. 214.—Notification.*—It is hereby notified for general information that under the powers vested in him by sections XI and XII of Act V (B.C.) of 1864, His Honour the Lieutenant-Governor of Bengal proposes to pass the following rules for the management of the line of navigation (approximately 4,870 feet in length) connecting the river Madhumati with the river Noboganga in the Narail subdivision of the district of Jessore and passing through the villages of Telkora and Bordia in the said subdivision and for regulating the conduct of persons employed for any of the purposes of the said Act:—

1. Every vessel on entering the above channel shall be liable to measurement by the officer in charge of the toll station for the purpose of ascertaining the amount of toll to be levied, and shall not be permitted to proceed through the channel unless and until such toll has been paid.

2. The maundage of every vessel, whether laden or empty, shall for the purposes of the Canals Act and of these rules be determined by the following measurements:—

(*a*) The product of half the length of the vessel from stem to stern measured along the water-line, multiplied by the interior greatest breadth of the vessel and by the depth from the water-line to the bottom of the vessel, shall represent the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet rejecting inches. The measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In the case of rafts the product of length multiplied by the average breadth and depth below water-line shall represent the maundage.

(*d*) In calculating the amount of toll to be levied any portion of 100 maunds that is less than 50 maunds shall be omitted, and a fraction exceeding 50 maunds shall be charged as 100 maunds only.

3. No raft shall be admitted into the channel that exceeds 50 feet in length or 5 feet in breadth. No timber, bamboos or grass will be admitted unless securely and compactly bound together in the form of a raft.

4. Every vessel or raft entering the channel shall, on payment of the prescribed toll, be furnished with a ticket. The ticket will specify the date and hour of entry, the maundage of the vessel or raft and the amount of toll paid. It shall also contain the name and residence of the person in charge of the vessel, and shall be signed by the toll-collector issuing it.

5. No vessels whatever except such as are employed on works connected with the maintenance or improvement of the channel shall be exempted from payment of toll.

6. Every vessel or raft which has paid toll shall be allowed 6 hours to pass through the channel, and any vessel or raft remaining in any point of the channel longer than the period aforesaid shall, for each day, or part of a day, in excess of such period be liable to fine under rule 7.

7. Any person infringing any of the above rules or resisting or wilfully interfering with their enforcement shall be liable, under section XI of the Canals Act, to a fine not exceeding Rs. 50 for any one offence.

8. The Supervisor shall select sites for the storage of the cargo of boats seized for breach of any of the provisions of the Canals Act.

# NOTIFICATIONS OF THE BOARD OF REVENUE.

## NOTIFICATION.

No. 3004B.

THE Board, with the approval of the Government of Bengal, direct that the following condition shall be inserted after condition I of Form No. 34A annexed to the rules for regulating the preparation and sale of methylated spirits in Bengal, published on pages 1419-1421, Part I of the *Calcutta Gazette* of the 19th December 1900:—

The HON'BLE MR. C. W. BOLTON, C.S.I., Member in charge.

"*1A.*—That he do not store any spirits which have been rendered effectually and permanently unfit for human consumption to be sold under this license in any premises other than those named herein without previously obtaining the written sanction of the Collector (or the Superintendent of Excise Revenue) on the reverse of this license."

By order of the Board of Revenue, L. P.,

MIS. REV. DEPT., EXCISE BRANCH; CALCUTTA, *The 27th November 1902.*

H. WHEELER, *Secretary.*

## NOTICE.

No. 3016B.

APPLICATIONS for tickets of admission to the opium sale-rooms for the year 1903 should be made at the office of the Board of Revenue, L. P., on or after the 20th December 1902.

The HON'BLE MR. C. W. BOLTON, C.S.I., Member in charge.

Tickets for the year 1902, which have not already been surrendered, should be returned at the same time.

By order of the Board of Revenue, L. P.,

MIS. REV. DEPT., OPIUM SALE BRANCH; CALCUTTA, *The 28th November 1902.*

H. WHEELER, *Secretary.*

## NOTIFICATION.

IN exercise of the powers conferred on them by section 19A of Act VII (B. C.) of 1878, as amended by section 6 of Act I (B. C.) of 1883, and with the sanction of the Lieutenant-Governor of Bengal, the Board of Revenue, Lower Provinces, are pleased to make the following rules to regulate the importation of rum and other spirits manufactured at Shahjahanpur into Bengal. These rules will have effect from the 1st December 1902, in supersession of the existing rules:—

1. *Importation.*—Any person may import rum and other spirits manufactured at Shahjahanpur into the Lower Provinces of Bengal either after prepayment of duty at the rate prescribed in those provinces or in bond under a pass granted as provided in the following rules.

2. *Application for a pass.*—When any person desires to export rum and other spirits manufactured at Shahjahanpur to the Lower Provinces of Bengal, he shall present a written application for a pass to the Collector of Shahjahanpur. The application must specify—

(I) the name of the consignor;
(II) the name of the consignee;
(III) the description, quantity and strength of the spirits to be exported;
(IV) whether the liquor is to be exported after prepayment of duty or in bond.

3. *License authorising the applicant to import the spirits in bond.*—Every application must be accompanied by—

(I) a license from the Collector or Deputy Commissioner of the district to which the spirits are to be exported, authorising the applicant to import the spirits, and

(II) in the case of spirits to be exported in bond, a duly executed bond in Form 32.

*Exception.*—Provided that such a license shall not be required in the case of spirits imported by licensed dealers, or by private persons requiring the spirit for consumption and not for sale. In these cases, however, duty must be prepaid at Shahjahanpur.

4. *Prepayment of duty.*—If the spirits are to be exported after prepayment of duty, the intending exporter shall pay in the amount of duty leviable upon them into the Government Treasury after filling up an invoice (chalan) in duplicate. The Treasury Officer on payment of duty shall sign and return one copy of the chalan to the exporter, retaining the other for record in the Treasury. The exporter shall submit the receipted chalan in proof of payment of duty with his application presented under rule 2.

5. *Particulars in pass.*—The pass granted by the Collector of Shahjahanpur shall be in triplicate, and shall specify—

(I) the name of the consignor;
(II) the name of the consignee;
(III) the number and description of casks or other vessels in which the spirits are to be exported;
(IV) the description, quantity and strength of the spirits contained in each cask or other vessel;
(V) whether duty has been prepaid or not.

One copy of the pass shall be delivered to the exporter, a second forwarded to the Collector or Deputy Commissioner of the district to which the spirits are to be taken, and the third retained for record. Within a reasonable time to be fixed by the Collector of Shahjahanpur and specified in the bond, the importer shall produce to the Collector of Shahjahanpur his copy of the pass, with a certificate on it signed by the Collector or Deputy Commissioner of the importing district as to the due arrival of the spirit at its destination.

6. *Casks to be marked.*—On each cask or other vessel containing spirits for export there shall be legibly cut or painted—

(I) the name and mark of the Rosa Distillery;
(II) the number of the cask or other vessel;
(III) the nature, quantity, and strength of its contents.

These particulars shall correspond with those entered in the pass.

7. *Time entered in the bond may be extended on application.*—On a written application being made to the Collector of Shahjahanpur stating the causes, accidents, &c., which necessitate an extension of time, it shall be competent for him, if he think fit, to extend the time named in the bond for the due arrival of the spirit at its destination.

8. *Certificate in case of delay.*—Should any delay arise in granting the certificate at the place of destination which, in the opinion of the Collector or Deputy Commissioner of that place, would be a good and sufficient reason for extending the currency of the bond, he shall grant a certificate to that effect, and the Collector of Shahjahanpur on receipt thereof may grant the certified necessary extension.

9. *Bonds to be discharged on receipt of the pass and certificate.*—The Collector of Shahjahanpur shall discharge the bond on receipt of the pass and certificate mentioned in rule 5, provided that none of the conditions of the bond have been infringed.

10. *Recovery of penality due under the bond.*—If the certificate be not received within the time mentioned in the bond, or if on receipt of the certificate it appears that any of the conditions of the bond have been infringed, the Collector of Shahjahanpur shall forthwith take the necessary steps to recover from the executant, or his surety, the penalty due under the bond.

11. *Register of imports to be maintained.*—The particulars given in each pass shall be entered in a register which shall be kept in Form No. 144, in Appendix A, in the office of the Collector of the district into which the spirits are imported.

12. *Places for the reception, storage and examination of all spirits imported.*—Collectors of districts in the Lower Provinces will fix places for the reception, storage, and examination of all spirits imported under bond from Shahjahanpur, subject to the orders of the Commissioner of Excise passed in consultation with the Board of Revenue. The Commissioner of Excise is authorized to refuse, if necessary, permission to import such spirits without prepayment of duty into any place or district within the Lower Provinces.

13. *Excise godown to remain in charge of an excise establishment.*—Places fixed under the preceding clause for the reception and storage of spirits will, in all respects, be considered excise godowns, and will remain in charge of an excise establishment to be fixed by the Commissioner of Excise, in consultation with the Board of Revenue, and to be entertained at the expense of the bonder or owner of the spirits so long as any spirits remain there.

14. *Spirits not to be removed without a pass.*—No spirits shall be removed from such godowns, except under a pass signed by the Collector or other officer duly authorised by the Commissioner of Excise, and until full duty of excise has been paid. Any spirit removed from such godown, except as above, shall be liable under the terms of the importer's or bonder's license to confiscation, and the person removing the liquor to the penalties provided by the excise law. It will always be competent to the Commissioner of Excise, subject to the approval of the Board, to permit the removal of non-duty-paid spirit from one warehouse to another under bond.

15. *Owner to give intimation in writing to Collector.*—The owner or his agents shall give intimation in writing to the Collector of the district of the arrival of each consignment, and shall convey it at his own expense direct to the place fixed for its reception under clause 12.

16. *Liability of spirit to confiscation in certain cases.*—If any spirit arriving from Shahjahanpur is not taken direct to the place appointed for its reception or is found out of the ordinary route of transit, it shall be liable to confiscation.

17. *Spirit stored to be tested and gauged.*—On spirit being stored in the place appointed under clause 12, it shall be tested and gauged by an officer appointed for the purpose by the Collector of the district, care being taken to allow sufficient time for the spirit to cool. Due notice of such examination shall be given to the owners thereof.

18. *Grant of a certificate on arrival.*—The Collector of the importing district shall, after examination of the spirit, certify on the importer's copy of the pass the arrival of the consignment, setting forth in detail for each cask any excess or deficiency found in quantity or quality, as the case may be.

19. *Allowance in case of deficiency at the time of clearance.*—In case of deficiency at the time of clearing the spirit, an allowance shall be made according to the following scale:—

| For any time not exceeding— | Per cent. |
|---|---|
| 1 month ... ... ... ... | 1 |
| 1 month and not exceeding 3 months ... ... | 2 |
| 3 months and not exceeding 6 months ... ... | 3 |
| 6 months and not exceeding 12 months ... ... | 4 |
| 12 months and not exceeding 2 years ... ... | 6 |
| 2 years and not exceeding 3 years ... ... | 8 |

20. *Rent to be charged.*—Rent is charged at the rate of one anna per day per quarter cask and one anna six pies per hogshead remaining in the excise godown after the fourth day.

21. *Sale and transport.*—Spirits manufactured at Shahjahanpur and imported into Bengal under the above rules may, after payment of full duty of excise either at the place of manufacture or in the district into which the spirit is imported, be sold by persons holding licenses for the sale of imported liquor. Such spirits, whether issued from an excise godown or purchased from a licensed vendor, when intended for sale, shall be transported under a pass in the same manner as imported liquors

22. *Provisions of sections 61 and 75 shall apply to all Shahjahanpur spirits.*—The provisions of sections 61 and 75 of Act VII (B.C.) of 1878 shall apply to all Shahjahanpur spirits imported into Lower Bengal in excess of the quantity shown in the bond or pass prescribed in clauses 3 and 5, respectively, or otherwise in contravention of these rules.

23. These rules do not apply to spirits intended for exportation by sea, which, under section 145 of the Sea Customs Act, VIII of 1878, as amended by Act II of 1887, must be consigned direct from the distillery to the Collector of Customs under the bond prescribed by section 144 of the said Act.

| Total ... | 24,000 | 24,000 | 48,000 |

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which

provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1901-1902, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18 Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

H. WHEELER,
*Secretary.*

# CUSTOM HOUSE NOTICE

## NOTICE.

THE following revised rules for expediting the clearance of imported goods will be tried until further notice at the Custom House. Their object is to enable the importers to pass their bills of entry through most of the stages required in the office before the arrival of a vessel. The obstacle that has hitherto existed to taking advantage of this procedure has been that it was considered necessary to obtain the agents' delivery order before presentation of the bill of entry, which agents were unwilling to give prior to the vessel's arrival. It will be

seen that this order has now been dispensed with, and it is only necessary to obtain the manifest line number on the bill of lading. The rules have also been extended to the coasting trade. Copies may be obtained on application at the Custom House.

*Rules to expedite the clearing of imported goods through the Custom House.*

When any vessel is expected shortly to arrive in the port and the agents desire to avail themselves of the facilities provided by these rules, they may file an application for inward entry of the vessel, together with the import manifest, in duplicate, at any time, not exceeding seven days, before the probable date of arrival.

2 The application shall be in the ordinary form, and shall, in addition to the usual particulars, state the probable date of arrival of the vessel, and shall contain an undertaking by the agents that they will, immediately after her arrival in port, procure—

(*a*) the Master's authority appointing them his agents ;

(*b*) two copies of the store list signed by the Master ; and

(*c*) such other documents as are prescribed by the Customs authorities.

It must also be distinctly stated in the application that the latter is made under and subject to these rules.

3. On receipt of such an application, together with the import manifest, in duplicate, a notice to that effect shall be published in the Custom House Daily List of Imports, for the information of owners of goods imported.

4. Thereupon and notwithstanding that the order for inward entry has not yet been given owners of goods imported may present their bills of entry accompanied, where necessary, by bills of lading showing the manifest line number of the consignment and invoices, and may proceed to go through the whole procedure for clearing their goods (including the payment of duty when this is permitted by rule 5) in accordance with existing rules, in the same manner as if the vessel had actually arrived, down to the stages mentioned in paragraph 6 below. The agents' delivery order is not required at this stage on the bill of lading.

5. Each bill of entry must contain definite statements (1) that it is presented under and subject to these rules, and (2) for the purposes of section 37 of the Sea Customs Act that it is expressly agreed that it shall be deemed to be delivered on the date when the order for inward entry is passed and the bill of entry shall in fact be so deemed to be delivered.

6. Subject to these conditions, the stages to which owners of goods imported may go in anticipation of the vessel's arrival are as follows :—

(*a*) In the case of overside goods the order to appraise and out-pass.

(*b*) In the case of goods which are opened for examination the order to open and examine.

(*c*) In the case of goods of which the whole or a percentage is sent into the Custom House, the order to send the whole or a percentage.

(*d*) In the case of bonded goods, the stage preceding the execution of the bond.

(*e*) In the case of salt intended for delivery within the excepted limits, the issue of the salt certificate.

(*f*) In the case of salt intended for delivery beyond the excepted limits, the grant of the salt duty receipt.

7. When the vessel arrives in port, the agents shall give notice of the fact to the Assistant Collector, at the same time producing the Master's authority appointing them his agents and filing the store lists and other documents required by the Customs as provided by rule 2, and the Assistant Collector shall thereupon give the formal order for inward entry.

8. On the arrival of the vessel, importers will take up the clearing of their goods at the stage to which it had been carried previously.

9. No fee will be charged for filing an amended or supplementary manifest prior to the formal order for inward entry. For amending or supplementing manifests, after such order has been given, the usual fees will be charged.

10. The Collector of Customs reserves to himself the right to withhold the privilege allowed by these rules in any case, at his discretion without stating reasons ; or to grant it subject to such conditions as may seem to him necessary in the particular case.

11. The facilities allowed by these rules extend to Coasting as well as Foreign trade.

### CHAPTER I.—PRELIMINARY.

3. For the purposes of this Act, unless there is anything repugnant in the subject or context,— Definitions.

(3) "building-line" means a line (in rear of the street alignment) up to which the main wall of a building abutting on a street may lawfully extend; "Building-line."

(5) "bustee" means an area containing land occupied by or for the purposes of any collection of huts— "Bustee."

(a) standing on a plot of land not less than ten cottahs in area and bearing one number in the assessment-book, or

(b) standing on two or more plots of land which are adjacent to one another and exceed in the aggregate one bigha in area;

(11) the expression "cubical extent," when used with reference to the measurement of a building, means the space contained within the external surfaces of its walls and roof and the upper surface of the floor of its lowest or only storey; "Cubical extent."

(13) "depôt" means a place where bulky articles are stored, whether for sale or otherwise, in quantities exceeding fifty maunds; "Depôt."

(14) "domestic building" includes a dwelling-house and any other masonry building which is neither a warehouse, nor a "public building" as defined in this section, nor a place exclusively used for private worship; "Domestic building."

(16) "drain" includes a sewer, a house-drain, a drain of any other description, a tunnel, a culvert, a ditch, a channel and any other device for carrying off sullage, sewage, offensive matter, polluted water, rain-water or sub-soil water; "Drain."

(18) "dwelling-house" means a masonry building constructed, used or adapted to be used wholly or principally for human habitation; "Dwelling-house."

(22) "hut" means any building no material portion of which above the plinth level is constructed of masonry; "Hut."

(25) "masonry building" means any building other than a hut; "Masonry building."

(26) "municipal drain" means a drain vested in the Commissioners; "Municipal drain."

(30) "occupier" means any person for the time being paying, or liable to pay, to the owner the rent or any portion of the rent of the land or building in respect of which the word is used, and includes an owner living in his own house or hut; "Occupier."

(31) "offensive matter" means dung, dirt, putrid or putrifying substances, and filth of any kind which is not included in "sewage" as defined in this section; "Offensive matter."

(32) "owner" includes the person for the time being receiving the rent of any land or building or of any part of any land or building, whether on his own account or as agent or trustee for any person or society or for any religious or charitable purpose, or who would so receive the same if the land, building or part thereof were let to a tenant; "Owner."

(33) "party-wall" means a wall forming part of a building and used or constructed to be used for the support and separation of adjoining buildings belonging to different owners or constructed or adapted to be occupied by different persons; "Party-wall."

(35) "private street" means any street, road, square, court, alley, passage or riding path which is not a "public street" as defined in this section, but does not include a pathway made by the owner of a building on his own land to secure access to, or the convenient use of, such building; "Private street."

(36) "public building" means a masonry building constructed, used or adapted to be used— "Public building."

(a) as a place of public worship, or as a school, college or place of instruction (not being a dwelling-house so used), or as a hospital, workhouse, public theatre, public hall, public concert room, public ball-room, public lecture-room, public library or public exhibition room, or as a public place of assembly, or

(b) for any other public purpose, or

(*c*) as an hotel, lodging-house, home, refuge or shelter, where the building exceeds in cubical extent two hundred and fifty thousand cubic feet or has sleeping accommodation for more than one hundred persons;

"Public street." (*37*) "public street" means any street, road, square, court, alley, passage or riding path, whether a thoroughfare or not, over which the public have a right of way,

and includes—

(*a*) the roadway over any public bridge or causeway,

(*b*) the footway attached to any such street, public bridge (other than the Howrah bridge) or causeway, and

(*c*) the drains attached to any such street, public bridge or causeway,

and, where there is no drain attached to any such street, shall be deemed to include also, unless the contrary is shown, all land up to the outer wall of the premises abutting on the street, or, if a street alignment has been fixed, then up to such alignment;

"Re-erect." (*39*) the expression "re-erect," when used with reference to a building, includes—

(*a*) the re-construction of a building after more than one-half its cubical extent has been taken down or burnt down or has fallen down,

(*b*) the conversion of one or more huts or temporary structures into a masonry building, and

(*c*) the conversion into a place for human habitation of any building not originally constructed for human habitation:

*Explanation.*—Clause (*a*) applies whether the re-construction takes place (after the date of this notification) entirely at the same time or by instalments at different times, and whether more than half the cubical extent has (after the date of this notification) been taken down or burnt down, or has fallen down, at the same time or at different times:

"Rubbish." (*41*) "rubbish" means dust, ashes, broken bricks, mortar, broken glass, kitchen or stable refuse, and refuse of any kind which is not "offensive matter" as defined in this section;

"Service-privy." (*42*) "service-privy" means a privy which is cleansed by hand, but does not include a bath-room used as a privy;

"Sewage." (*43*) "sewage" means night-soil and other contents of privies, urinals, cesspools or drains;

"Street." (*46*) "street" means a public or private street; and

"Street alignment." (*47*) "street alignment" means a line dividing the land comprised in and forming part of a street from the adjoining land.

Power to decide whether land is a bustee.

4. The Commissioners may decide whether any particular land is or is not a "bustee" . . . . . as defined in section 3, and their decision shall be final.

## CHAPTER XXIV.—BUILDINGS.

Use of building sites, and erection and re-erection of masonry buildings.

363. After the date of this notification, no piece of land shall be used as a site for the erection of a building, and no masonry building shall be erected or re-erected, otherwise than in accordance with the provisions of this Chapter and Schedule XVII, and any orders, rules or bye-laws made under this Act, relating to the use of building sites or the erection or re-erection of masonry buildings, as the case may be.

### *Masonry Buildings.*

Power to regulate future erection of certain classes of buildings in particular streets or localities.

367. (*1*) The Commissioners in meeting may give public notice of their intention to declare—

(*a*) that, in any streets or portions of streets specified in the notice,—

(*i*) continuous building will be allowed, subject to the provisions of this Act relating to continuous building, or

(*b*) that, in any localities specified in the notice, the erection of only detached buildings will be allowed, subject to the provisions of this Act relating to detached buildings.

(*2*) No objections to any such declaration shall be received after a period of three months from the publication of such notice.

(*3*) The Commissioners in meeting shall consider all objections received within the said period, and . . . . . may prepare a declaration relating to the streets or localities referred to in the notice and submit the declaration to the Local Government, together with the said objections (if any) and their report upon them.

(*4*) The Local Government, after considering the said objections (if any), may confirm the declaration, and before doing so may modify it, but not so as to extend its effect.

(*5*) When any such declaration has been so confirmed, it shall be published in the Calcutta Gazette and shall take effect from the date of such publication.

(*6*) No person shall erect or re-erect any building in contravention of any such declaration.

Application for permission to erect or re-erect a masonry building.

**370.** (*1*) Every person who intends to erect or re-erect a masonry building shall send to the Chairman—

(*a*) an application for approval of the site, together with a site-plan of the land, and

(*b*) an application for permission to execute the work, together with a plan of the building, complete elevations and sections of the work, and a specification of the work.

(*2*) Every document referred to in sub-section (*1*) shall contain the particulars and be prepared in the manner prescribed in this behalf in Schedule XVII.

Permission to erect or re-erect masonry building not to be given unless and until site approved.

**371.** Permission to erect or re-erect a masonry building shall not be given unless and until the Chairman has approved the site on an application sent to him under section 370.

Work not to be commenced unless and until permission given.

**372.** The erection or re-erection of a masonry building shall not be commenced unless and until the Chairman has granted written permission for the execution of the work on an application sent to him under section 370.

Approval of site when to be given or refused.

**373.** Within thirty days after the receipt of any application made under section 370 for approval of a site, or of any information or further information required under Schedule XVII, or within fifteen days after the Chairman has been satisfied that there are no objections which may lawfully be taken to the approval of the site, the Chairman shall, by written order, either approve the site or refuse, on one or more of the grounds mentioned in section 377, to approve the site :

Provided that the making of such order shall not in any case be delayed for more than thirty days after the Chairman has received all the information which he considers necessary to enable him to deal finally with the said application.

Permission to execute work when to be given or refused.

**374.** Within thirty days after the receipt of any application made under section 370 for permission to execute any work, or of any information or documents or further information or documents required under Schedule XVII, or within fifteen days after the Chairman has been satisfied that there are no objections which may lawfully be taken to the grant of permission to execute the work, the Chairman shall, by written order, either grant permission to execute the work, or refuse, on one or more of the grounds mentioned in section 377 or section 378, to grant such permission :

Provided that the said period of thirty days shall not, in any of the cases mentioned in this section, begin to run until the site has been approved under section 373 :

Provided also that the making of such order shall not in any case be delayed for more than thirty days after the Chairman has received all the information which he considers necessary to enable him to deal finally with the said application.

Record of reasons, and appeal, when approval or permission refused.

**375.** (*1*) Whenever the Chairman refuses to approve a building-site for a masonry building, or to grant permission to erect or re-erect a masonry building, he shall state specifically the grounds for such refusal, and the applicant may appeal to the Commissioners against such refusal.

(*2*) The decision of the Commissioners shall be final.

(*3*) If the Commissioners reject any such appeal, they shall, by written order, specifically state the grounds for such rejection.

Reference to Commissioners if Chairman delays grant or refusal of approval or permission.

**376.** (*1*) If, within the period prescribed by section 373 or section 374, as the case may be, the Chairman has neither given nor refused his approval of a building-site, or his permission to execute any work, as the case may be, the Commissioners shall be bound, on the written request of the applicant, to determine, by written order, immediately on the expiration of such period, whether such approval or permission should be given or not.

(*2*) If the Commissioners do not, within fifteen days from the receipt of such written request, determine whether such approval or permission should be given or not, such approval or permission shall be deemed to have been given; and the applicant may proceed to execute the work, but not so as to contravene any of the provisions of this Act or any rules or bye-laws made hereunder.

Grounds on which approval of site for, or permission to erect or re-erect, a masonry building may be refused.

**377.** The only grounds on which approval of a site for the erection or re-erection of a masonry building, or permission to erect or re-erect a masonry building, may be refused are the following, namely:—

(*1*) that the work, or any of the particulars comprised in the site-plan, building-plan, elevations, sections or specification would contravene some specified provision of this Act or some specified order, rule or bye-law made hereunder;

(*2*) that the application for such permission does not contain the particulars or is not prepared in the manner prescribed in Schedule XVII;

(*3*) that any of the documents referred to in section 370 have not been signed as prescribed in the said Schedule;

(*4*) that any information or documents required by the Chairman under the said Schedule has or have not been duly furnished ; or

(*5*) that the applicant has not satisfied the Chairman that there are no objections which may lawfully be taken, on any of the grounds hereinbefore in this section mentioned, to the grant of the said approval or permission.

Special powers for suspending or granting permission to erect a masonry building or convert huts, etc., into a masonry building.

**378.** Notwithstanding anything contained in section 377,—

(*a*) if any street shown in the site-plan is an intended private street, the Chairman may at his discretion refuse to grant permission to erect a masonry building or to convert one or more huts or temporary structures into a masonry building until the street is commenced or completed, and

(*b*) the Chairman may for special reasons grant permission to erect a masonry building, or to convert one or more huts or temporary structures into a masonry building, on any site without reference to its position in relation to any street.

Lapse of permission, if not acted upon within one year.

**379.** If the erection or re-erection of any masonry building is not commenced within one year after the date on which permission was given to execute the work, the work shall not be commenced until a fresh application has been made and a fresh permission granted under this Chapter.

Notice before commencing work.

**380.** Not less than three days before any person commences to erect or re-erect a masonry building, the owner of the building shall send to the Engineer a written notice specifying the date on which it is proposed to commence the work.

Notice after completion of work.

**381.** Within one month after the erection or re-erection of a masonry building has been completed, the owner shall send to the Engineer a written notice of the fact.

Inspection by Chairman.

**382.** The Chairman may, at any time during the erection or re-erection of any masonry building, or within one month after the receipt of the notice sent under section 381 with respect to any masonry building, inspect such building without giving previous notice of his intention so to do.

Powers of Chairman on making inspection.

**383.** (*1*) If, on making any such inspection, the Chairman finds that the building is being or has been constructed—

(*a*) otherwise than in accordance with the plans thereof which he has approved, or

(*b*) in such a way as to contravene any of the provisions of this Act or any rules or bye-laws made under this Act, he may, by written notice, require the owner of the building either—

(*i*) to make such alterations as may be specified in the notice with the object of bringing the work into conformity with the said plans or provisions, or

(*ii*) to appear before him and show cause why such alterations should not be made.

(*2*) If such owner does not appear and show cause as aforesaid, he shall be bound to make the alterations specified in such notice.

(*3*) If such owner appears and shows cause as aforesaid, the Chairman shall, after hearing him, cancel the notice issued under sub-section (*1*), or confirm the same subject to such modifications, if any, as he may think fit.

(*4*) An appeal shall lie to the Commissioners from any requisition made under sub-section (*1*) or order passed under sub-section (*3*) for the alteration of a building, and their decision shall be final.

*Application of Act to alterations of, and additions to, masonry buildings.*

Application of Act to alterations of, and additions to, masonry buildings.

**391.** (*1*) Without the consent of the Commissioners, no person shall make any alteration of, or addition to, any masonry building in such manner that when so altered or added to the building will, by reason of such alteration or addition, not be in conformity with the provisions of this Chapter or Schedule XVII, or any orders, rules or bye-laws made under this Act, relating to the erection of masonry buildings.

(*2*) Every alteration of, or addition to, a masonry building, and any other work made or done for any purpose in, to, or upon a masonry building, shall, so far as regards such alteration, addition or other work, be subject to the provisions of this Chapter and Schedule XVII, and any orders, rules or bye-laws made under this Act, relating to the erection of masonry buildings :

Provided as follows :—

(*a*) none of the said provisions, orders, rules or bye-laws shall apply in the case of a necessary repair not affecting the position or dimensions of a building ;

(*b*) sections 370 to 383 . . . . . shall not apply in the case of any alteration of, or addition to, a building unless one or more of the works referred to in rule 52 of Schedule XVII is or are undertaken ;

(*c*) provisional permission to proceed with any of the works referred to in the said rule 52 may be granted in the cases and subject to the conditions prescribed in this behalf in the said Schedule XVII.

(*3*) If any question arises as to whether any alteration, addition or other work is a necessary repair not affecting the position or dimensions of a building, the matter shall be referred to the Commissioners, whose decision shall be final.

*Exemptions.*

393. The following buildings shall be exempted from this Chapter, that is to say— Exemptions.

(*a*) any building erected and used, or intended to be erected and used, exclusively for the purpose of a plant-house, summer-house (not being a dwelling-house), poultry-house or aviary, provided the building be wholly detached from, and situated at a distance of at least ten feet from, the nearest adjacent building, and

(*b*) any building erected or intended to be erected by, or with the sanction of, the Commissioners for use solely as a temporary hospital for the reception and treatment of persons suffering from any dangerous disease.

CHAPTER XXX.—DEMOLITION, ALTERATION AND STOPPING OF WORK.

449. If the Commissioners are satisfied— Demolition or alteration of building work unlawfully commenced, carried on or completed.

(*1*) that the erection or re-erection of any masonry building—

(*a*) has been commenced without obtaining the permission of the Chairman, or (where an appeal or reference has been made to the Commissioners) in contravention of any orders passed by the Commissioners, or

(*b*) is being carried on or has been completed otherwise than in accordance with the particulars on which such permission or orders was or were based, or

(*c*) is being carried on or has been completed in breach of any provision contained in this Act or in any rules or bye-laws made hereunder, or of any direction or requisition lawfully given or made under this Act or such rules or bye-laws, or

(*2*) that any alterations required by any notice issued under section 383 have not been duly made, or

(*3*) that any alteration of, or addition to, any masonry building, or any other work made or done for any purpose in, to, or upon any masonry building, has been commenced or is being carried on or has been completed in breach of section 391 . . . . . ,

the Commissioners may apply to a Magistrate, and such Magistrate may make an order—

(*i*) directing that the work done, or so much of the same as has been unlawfully executed, be demolished by the owner of the building or altered by him to the satisfaction of the Commissioners, as the case may require, or

(*ii*) directing that the work done, or so much of the same as has been unlawfully executed, be demolished or altered by the Chairman at the expense of the owner of the building:

Provided that the Magistrate shall not make any such order without giving the owner and occupier full opportunity of adducing evidence and of being heard in defence.

451. (*1*) In any case in which the erection or re-erection of a masonry building, or any other work referred to in section 449, has been unlawfully commenced or is being unlawfully carried on, the Commissioners or the Chairman may, by written notice, require the person carrying on the work to stop the same, pending the decision of a Magistrate on an application to be made to him under that section. Power of Commissioners or Chairman to stop progress of building work unlawfully commenced or carried on.

(*2*) If any work be carried on upon any premises in contravention of a notice issued under sub-section (*1*), any person directing or carrying on such work may, under the orders of the Chairman, be removed from the premises by any police officer.

452. When any person is liable to be directed to demolish work and to pay a fine under this Act, both those directions may be given at the discretion of the Magistrate. Demolition and fine cumulative.

CHAPTER XLIII.—BYE-LAWS and RULES . . . . .

559. The Commissioners in meeting may make bye-laws— Powers of Commissioners in meeting for making bye-laws.

(*23*) regulating the use of land as sites for the erection of buildings;

(*24*) regulating the erection and re-erection of masonry buildings;

(*25*) regulating the making of alterations in, and additions to, masonry buildings;

(*55*) generally, for carrying out the provisions and intentions of this Act.

Penalties for breach of bye-laws.

561. In making a bye-law under section 559, the Commissioners may provide that a breach of it shall be punishable—

(*a*) with fine which may extend to twenty rupees, and, in the case of a continuing breach, with fine which may extend to ten rupees for every day during which the breach continues after conviction for the first breach, or

(*b*) with fine which may extend to ten rupees for every day during which the breach continues after receipt of written notice from the Chairman to discontinue the breach.

Powers for making bye-laws and rules exercisable from time to time.

564. Any power conferred by this Act for making bye-laws or rules . . . may be exercised from time to time as occasion requires.

Conditions precedent to the making of bye-laws.

565. The power to make bye-laws under this Act is subject to the condition of the bye-laws being made after previous publication, and to the following further conditions, namely:—

(*a*) a draft of the bye-laws shall be published in the Calcutta Gazette and in local newspapers

(*b*) such draft shall not be further proceeded with until after the expiration of a period of one month from such publication, or such longer period as the Commissioners may appoint;

(*c*) for one month at least during such period, a printed copy of such draft shall be kept at the municipal office for public inspection, and every person shall be permitted at any reasonable time to peruse the same, free of charge;

(*d*) printed copies of such draft shall be delivered to any person requiring the same, on payment of such fee, not exceeding two annas for each copy, as may be prescribed by the Chairman.

Bye-laws to be subject to sanction.

566. (*1*) No bye-law made by the Commissioners under this Act shall have any validity unless and until it is . . . . . sanctioned by the Local Government.

(*2*) Before . . . . sanctioning any such bye-law, . . . . the Local Government . . . . . may modify it.

Power to make rules for the amendment of Schedule XVII.

567. (*1*) The Local Government may make rules to regulate any of the matters referred to in section 363, and may, by such rules, alter, add to, or cancel any of the rules contained in Schedule XVII . . . .

(*3*) All references in this Act to Schedule XVII shall be construed as referring to such Schedule as for the time being amended in exercise of the powers conferred by sub-section (*1*) . . . .

Conditions precedent to the making of rules.

568. (*1*) The power to make rules under any section of this Act is subject to the condition of the rules being made after previous publication.

(*2*) The power to make rules under . . . . . section 567 is also subject to the following further conditions, namely:—

(*a*) a draft of the rules shall be published in the Calcutta Gazette and forwarded to the Commissioners for their opinion;

(*b*) such draft shall not be further proceeded with until six weeks after such publication or until such later date as the Local Government may appoint.

Publication of bye-laws and rules in Gazette.

570. When any bye-law or rule . . . has been made under this Act and . . . . . duly sanctioned, it shall be published in the Calcutta Gazette, and such publication shall be conclusive proof that the bye-law or rule . . . . has been duly made.

Printing and sale of copies of bye-laws and rules.

571. (*1*) The Chairman shall cause all bye-laws and rules . . . from time to time in force to be printed, and shall cause printed copies thereof to be delivered to any applicant on payment of a fee of two annas for each copy.

(*2*) Notice of the fact of copies of bye-laws and rules . . . being obtainable at the said price, and of the place where and the person from whom the same are obtainable, shall be given by the Chairman from time to time by advertisement in local newspapers.

Exhibition of bye-laws and rules on boards.

572. (*1*) Boards, with the bye-laws and rules . . . . . printed thereon or with printed copies of the bye-laws and rules . . . . . affixed thereto, shall be hung or affixed in some conspicuous part of the municipal office and in such places of public resort, markets, slaughter-houses and other places affected thereby as the Chairman thinks fit, and the said boards shall from time to time be renewed by the Chairman.

(*2*) No municipal officer or servant shall prevent the inspection by any person at any reasonable time of any board provided by the Chairman under sub-section (*1*).

(*3*) No person shall, without lawful authority, destroy, pull down, injure or deface any such board.

Power of Local Government to cancel bye-laws and rules.

573. (*1*) If the Local Government is at any time of opinion that any bye-law or rule . . . . . made under this Act by the Commissioners should be cancelled, either wholly or in part, it shall cause the reasons for such opinion to be communicated to the Commissioners, and shall prescribe a reasonable period within which the Commissioners may make any representation with regard thereto which they may think fit.

(*2*) After receipt and consideration of any such representation, or, if in the meantime no such representation is received, after the expiry of the prescribed period, the Local Government may, at any time, by notification in the Calcutta Gazette, cancel such bye-law or rule . . . . , either wholly or in part:

Provided that no bye-law or rule . . . . shall be cancelled in part only if, within the period aforesaid, the Commissioners have objected to a partial cancellation thereof.

(*3*) The cancellation of a bye-law or rule . . . . under sub-section (*2*) shall take effect from such date as the Local Government may in the said notification direct, or, if no such date is specified, then from the date of the publication of the said notification in the Calcutta Gazette, except as to anything done or suffered or omitted to be done before such date.

(*4*) The said notification shall also be published in local newspapers.

## CHAPTER XLIV.—PENALTIES.

Certain offences punishable with fine.

574. Whoever—

(*a*) contravenes any provision of any of the clauses of this Act mentioned in the first column of the following table; or

(*c*) fails to comply with any . . . . requisition lawfully made upon him under any of the said clauses . . . . . ,

shall be punished with fine which may extend to the amount mentioned in that behalf in the third column of the said table.

*Explanation.*—The entries in the second column of the following table, headed "Subject," are not intended as definitions of the offences described in the clauses mentioned in the first column, or even as abstracts of those clauses, but are inserted merely as references to the subject of the clause, the number of which is given in the first column.

| Section 451, sub-section (*1*) | Requisition to stop work pending decision of Magistrate. | Twenty rupees. |
| Section 622, sub-section (*3*) | Occupier to afford facilities to owner for complying with Act, rules, bye-laws . . . . and requisitions. | Twenty rupees. |

Fine for unlawfully commencing, carrying on or completing building work.

579. If the erection or re-erection of any masonry building—

(*a*) is commenced without obtaining the permission of the Chairman, or (where an appeal or reference has been made to the Commissioners) in contravention of any orders passed by the Commissioners, or

(*b*) is carried on or completed otherwise than in accordance with the particulars on which such permission or orders was or were based, or

(*c*) is carried on or completed in breach of any provision contained in this Act or in any rules or bye-laws made hereunder, or of any direction or requisition lawfully given or made under this Act or such rules or bye-laws, or

if any alterations required by any notice issued under section 383 be not duly made, or

if any alteration of, or addition to, any masonry building, or any other work made or done for any purpose in, to, or upon any masonry building, is commenced, carried on or completed in breach of section 391, . . . .

the owner of the building shall be liable to fine which may extend . . . . to five hundred rupees . . . . and to further fine which may extend . . . to one hundred rupees . . . . for each day during which the offence is continued after the first day.

Fine for disobedience of direction for demolition or alteration where building work unlawfully commenced, carried on or completed.

580. If any person to whom a direction to demolish or alter work is given under clause (*i*) of section 449 fails to obey the same, he shall be liable to fine which may extend . . . . to five hundred rupees . . . and to further fine which may extend . . . to one hundred rupees . . . for each day during which he so fails after the first day.

Fine for putting masonry building to other than declared use.

582. When a masonry building has been erected, re-erected, altered or added to after a statement has been made, under rule 31 . . . of Schedule XVII, that it was intended to use the building or any part thereof for any of the purposes specified in that rule, then any person putting the building or such part thereof to any use other than that so stated shall be liable,—

(*a*) . . . . . to fine which may extend to five hundred rupees, and to further fine which may extend to one hundred rupees for every day after the first during which he continues such use . . .

Fine for using masonry building for carrying on offensive trade without previous declaration.

583. When a masonry building has been erected, re-erected, altered or added to under this Act without any statement having been made, under rule 31 . . . . . of Schedule XVII, that it was intended to use the building or any part thereof for any of the purposes specified in that rule, then any person using the building or any part thereof for any of those purposes shall be liable,—

(*a*) . . . . to fine which may extend to five hundred rupees, and to further fine which may extend to one hundred rupees for every day after the first during which he continues such use . . .

Penalty for removing mark.

585. Any person who, in contravention of . . . . section 648 . . . . removes any mark shall be punished with fine which may extend to two hundred rupees, or with imprisonment for a term which may extend to two months

## CHAPTER XLV.—PROCEDURE.

*. . . Service of notices, &c.*

Service how to be effected on owner or occupier of premises.

**593.** When any notice . . . . or other document is required by this Act, or by any rule or bye-law . . . made hereunder, to be served upon or issued or presented to any person as owner or occupier of any building or land, it shall not be necessary to name the owner or occupier in the document, and the service, issue or presentation thereof shall be effected—

(*a*) by giving or tendering such document to the owner or occupier or, if there be more than one owner or occupier, to any one of the owners or occupiers of such building or land; or,

(*b*) if the owner or occupier is not found, by giving or tendering such document to some adult male member or servant of the family of the owner or occupier or of any one of the owners or occupiers . . .

*Powers of Entry.*

Power of entry to inspect, survey or execute work.

**595.** The Chairman may enter into or upon any building or land, with or without assistants or workmen, in order to make any inspection, survey, measurement . . . or inquiry or execute any work which is authorized by this Act or by any rule or bye-law . . . made hereunder, or which it is necessary, for any of the purposes or in pursuance of any of the provisions of this Act or of any such rule or bye-law . . . to make or execute:

Provided as follows:—

(*a*) . . . no such entry shall be made between sunset and sunrise;

(*b*) . . . no dwelling-house, and no public building or hut which is used as dwelling-place, shall be so entered, unless with the consent of the occupier thereof without giving the said occupier at least twenty-four hours' previous written notice of the intention to make such entry;

(*c*) sufficient notice shall in every instance be given, even when any premises may otherwise be entered without notice, to enable the inmates of any apartment appropriated to females to remove to some part of the premises where their privacy need not be disturbed;

(*d*) due regard shall always be had, so far as may be compatible with the exigencies of the purpose for which the entry is made, to the social and religious usages of the occupants of the premises entered.

Power of entry on lands adjacent to works.

**596.** (*1*) The Chairman may enter upon any land adjoining or within one hundred yards of any works authorised by this Act, or any rule or bye-law . . . made hereunder, for the purpose of depositing upon such land any soil, gravel, sand, lime, bricks, stone or other materials, or of obtaining access to such works, or for any other purpose connected with the carrying on of such works.

(*2*) The Chairman shall, before entering upon any land under sub-section (*1*), give the owner and occupier three days' previous written notice of his intention to make such entry, and of the purpose thereof, and shall, if so required by the owner or occupier, set apart by sufficient fences so much of the land as may be required for the purposes mentioned in or referred to in the said sub-section.

(*3*) The Chairman shall not be bound to make any payment, tender or deposit before entering upon any land under sub-section (*1*), but shall do as little damage as may be, and shall pay compensation out of the Municipal Fund to the owner and occupier of the land for such entry and for any temporary damage that may be done in consequence thereof, and shall also pay compensation out of the Municipal Fund to the said owner for any permanent damage resulting therefrom.

(*4*) If such owner or occupier is dissatisfied with the amount of compensation paid to him by the Chairman, he may appeal to the Commissioners, whose decision shall be final.

*Enforcement of orders to execute work, &c.*

Time for complying with requisition or order, and power to enforce requisition or order in default of person directed.

**597.** (*1*) When any requisition or order is made under this Act, or under any rule or bye-law . . . made hereunder, by written notice issued by any municipal authority or by any municipal officer empowered . . . . in this behalf, a reasonable period shall be prescribed in such notice for carrying such requisition or order into effect.

(*2*) If . . . such requisition or order or any portion thereof is not complied with within the period so prescribed, the Chairman may, subject to the provisions of sections 598, 599 and 600, take such measures, or cause such work to be executed or such things to be done, as may, in his opinion, be necessary for giving due effect to the requisition or order so made; and, unless it is in this Act otherwise expressly provided, the expenses thereof shall be paid by the person or by any one of the persons to whom such requisition or order was addressed.

(*3*) The Chairman may take any measure, execute any work or cause any thing to be done under this section whether or not the person who has failed to comply with the requisition or order is liable to punishment or has been prosecuted or sentenced to any punishment for such failure.

Submission of objections to complying with notice.

598. (*1*) When any notice referred to in section 597 has been served on any person, he may send to the authority or officer by whom it was issued a written objection setting forth any reasons which he may desire to urge for the withdrawal or modification of the notice.

(*2*) If any such objection be sent in time to admit of orders being passed upon it before the expiration of the period prescribed in the notice, the execution of the work may be postponed until the authority or officer by whom the notice was issued has passed orders on the objection.

(*3*) If any such objection be sent in time to admit of the objector being heard in person before the expiration of the period prescribed in the notice, he shall be entitled to be so heard, and the objection shall be considered in his presence, at a time to be fixed by notice issued in this behalf.

Power to require estimate of expenses of work.

599. (*1*) Instead of sending an objection under section 598, or at the time of sending such an objection, any person on whom a notice referred to in section 597 has been served may apply to the authority or officer by whom the notice was issued for an estimate of the expenses which would be incurred if the notice were enforced by a municipal authority; and, on receipt of such an application, the said authority or officer shall supply such estimate.

(*2*) If the said authority or officer fails to supply such estimate, not more than five rupees shall be charged to the said person for any work executed by a municipal authority by way of enforcing the said notice.

Reference of objections to Sub-Committee or General Committee.

600. (*1*) If any estimate supplied under section 599 exceeds three hundred rupees, no work shall be executed by a municipal authority as aforesaid until the expiration of ten days from the date on which the estimate was so supplied.

(*2*) Within a period of seven days from the said date, the said person may apply in writing to have his objections to the execution of the work or to the estimated cost of the work determined by the Commissioners; and, if such application be made within the said period, no work shall be executed by any municipal authority by way of enforcing the said notice until the Commissioners have disposed of such objections.

*Recovery of expenses.*

Expenses to be payable on demand and recoverable under the Bengal Municipal Act, 1884.

602. (*1*) Whenever under this Act or any rule or bye-law . . . made hereunder the expenses of any work executed or of any measure taken or thing done by or under the order of any municipal authority, any Magistrate, or any municipal officer empowered . . . in this behalf are payable by any person, the same shall be payable on demand.

(*2*) If not paid on demand, the said expenses shall be recoverable by the Chairman, subject to the provisions of sub-section (*2*) of section 616, by distress and sale of the moveable property of the defaulter in the manner provided by sections 121 to 128 of the Bengal Municipal Act, 1884. III of 1884.

Apportionment of expenses between owners or occupiers.

603. (*1*) If the said expenses are payable by more than one owner, and the names of all such owners are entered in the assessment-book, the Chairman may apportion the expenses among such owners.

(*2*) If the said expenses are payable by more than one occupier, and all such occupiers are known, the Chairman may apportion the expenses among such occupiers.

Recovery from occupier of expenses payable by owner.

604. If the said expenses are due in respect of some work executed or thing done to, upon or in connection with, some building or land, or of some measure taken with respect to some building or land, and the defaulter is the owner of such building or land, the amount thereof may be demanded from any person who at any time before the said expenses have been paid occupies the said building or land under the said owner; and, in the event of the said person failing to pay the same, they may be recovered by distress and sale of the moveable property of the said person in the manner provided by sections 121 to 128 of the Bengal Municipal Act, 1884: III of 1884.

Provided as follows:—

(*a*) unless the said person neglects or refuses, after request by the Chairman, truly to disclose the amount of the rent payable by him in respect of the said building or land and the name and address of the person to whom the same is payable, the said person shall not be liable to pay on account of the said expenses any larger sum than, up to the time of demand, is payable by him to the owner on account of rent of the said building or land; but it shall rest upon the said person to prove that the amount of the expenses demanded from him is in excess of the sum payable by him to the owner;

(*b*) the said person shall be entitled to credit in account with the owner for any sum paid by or recovered from him on account of the said expenses;

(*c*) nothing in the foregoing provisions of this section shall affect any agreement made between the said person and the owner of the building or land in his occupation respecting the payment of the expenses of any such work, thing or measure as aforesaid.

Power to accept agreement for payment of expenses in instalments.

605. Instead of recovering any such expenses as aforesaid in any manner hereinbefore provided, the Chairman may, if he thinks fit, and with the approval of the Commissioners, take an agreement, from the person liable for the payment thereof, to pay the same in instalments of such amounts and at such intervals as will secure the payment of the whole amount due, with interest thereon at the rate of six *per centum per annum*, within a period of not more than five years.

Recovery of instalments due under section 605.

610. Any instalment payable under section 605 . . . . which is not paid when the same becomes due may be recovered by the Chairman by distress and sale, in the manner provided by sections 121 to 128 of the Bengal Municipal Act, 1884, of the moveable property of the person by whom it is due.

III of 1884.

Execution of work by occupier in default of owner, and deduction of expenses from rent.

611. Whenever the owner of any building or land fails to execute any work which he is required to execute under this Act or under any rule or bye-law . . . . made hereunder, the occupier, if any, of such building or land may, with the approval of the Chairman, execute the said work, and he shall be entitled to recover from the owner the reasonable expenses incurred by him in so doing, and may deduct the amount thereof from the rent which from time to time becomes due by him to the owner.

Recovery from owner of cost of work executed by or in default of occupier.

612. When any work is executed by the occupier of any building or land on the requisition of any municipal authority, or

when the cost of any work executed by any municipal authority is recovered from such occupier,

then, if the Chairman certifies that the expenses of such work, or such cost, as the case may be, ought to be borne by the owner of the building or land, the said occupier may deduct the amount thereof from the rent payable to such owner, or may recover the same from him in any Court of competent jurisdiction.

Relief to agents and trustees.

613. (*1*) When any person, by reason of his receiving the rent of immoveable property as agent or trustee, or of his being as agent or trustee the person who would receive the rent if the property were let to a tenant, would, under this Act, be bound to discharge any obligation imposed by this Act or any rule or bye-law . . . . made hereunder on the owner of the property and for the discharge of which money is required, he shall not be bound to discharge the obligation unless he has, or but for his own improper act or default might have had, in his hands funds belonging to the owner sufficient for the purpose.

(*2*) The burden of proving the facts entitling an agent or trustee to relief under this section shall lie on him.

(*3*) When any agent or trustee has claimed and established his right to relief under this section, the Commissioners may give him notice to apply to the discharge of such obligation as aforesaid the first moneys which shall come to his hands on behalf or for the use of the owner; and should he fail to comply with such notice he shall be deemed to be personally liable to discharge such obligation.

*Recovery of Expenses or Compensation in case of Dispute.*

Reference by Chairman to Small Cause Court or High Court in certain cases.

616. (*1*) If, when the Chairman demands payment of any expenses under section 602, his right to demand the same or the amount of the demand is disputed, the Chairman shall refer the case for the determination of the Court of Small Causes, or, if the amount involved exceeds two thousand rupees, to the High Court.

(*2*) The Chairman shall, pending the decision on any such reference, defer further proceedings for the recovery of the sum claimed by him, and shall, after the decision, proceed to recover only such amount, if any, as is thereby declared to be due.

Application to Small Cause Court in other cases.

617. Where, in any case not provided for by section 616, any municipal authority or person is required by or under this Act or any rule or bye-law . . . . made hereunder to pay any expenses or any compensation, the amount to be so paid, and, if necessary, the apportionment of the same, shall, in case of dispute, be determined, except as is otherwise provided in . . . . section 596, . . . . by the Court of Small Causes, on application being made to it for this purpose at any time within one year from the date when such expenses or compensation first became claimable.

Recovery of sums ascertained under section 617 to be due.

618. If the amount of any expenses or compensation ascertained in accordance with section 617 is not paid on demand by the person liable to pay the same, it shall be recoverable as if the same were due under a decree of the Court of Small Causes.

Power to sue.

619. Instead of proceeding in any manner hereinbefore prescribed for the recovery of any expenses or compensation of which the amount due has been ascertained as hereinbefore provided, or after such proceedings have been taken unsuccessfully or with only partial success, the sum due or the balance of the sum due, as the case may be, may be recovered by suit brought in any Court of competent jurisdiction against the person liable for the same.

*Limitation of time for appeal.*

Limitation of time for appeal.

621. In any case in which no time is prescribed by the foregoing provisions of this Act for the presentation of an appeal allowed thereunder, such appeal, subject to the provisions of section 5 of the Indian Limitation Act, 1877, must be presented within thirty days after the date of the order or proceeding against which the appeal is made. XV of 1877.

*Obstruction of owner by occupier.*

Application to Small Cause Court by owner when occupier prevents his complying with Act, etc.

622. (1) If the owner of any building or land is prevented by the occupier thereof from complying with

any provision of this Act or any rule or bye-law .... made hereunder, or

any requisition made hereunder or under any such rule or bye-law ...,

in respect of such building or land,

the owner may apply to ..... the Court of Small Causes of Howrah.

(2) The said Court, on receipt of any such application, may make a written order requiring the occupier of the building or land to afford all reasonable facilities to the owner for complying with the said provision or requisition, and may also, if it thinks fit, direct that the costs of such application and order be paid by the occupier.

(3) After eight days from the date of any such order, it shall be incumbent on the said occupier to afford all such reasonable facilities to the owner for the purpose aforesaid as may be prescribed in the said order; and, in the event of his continued refusal so to do, the owner shall be discharged, during the continuance of such refusal, from any liability which he would otherwise incur by reason of his failure to comply with the said provision or requisition.

*Proceedings before Courts of Small Causes.*

General powers and procedure of Small Cause Courts.

623. (1) For the purposes of any inquiry or proceeding under this Act, a Court of Small Causes may summon and enforce the attendance of witnesses and compel them to give evidence and compel the production of documents, by the same means and, as far as is possible, in the same manner as is provided by ..... the Provincial Small Cause Courts Act, 1887 ....; and in all matters relating to any such inquiry or proceeding the said Court shall be guided generally by the provisions of .... the said Provincial Small Cause Courts Act ..., so far as the same are applicable. IX of 1887.

(2) If, in any such inquiry or proceeding, the person against whom the complaint or application has been made fails to appear, notwithstanding that he has been duly summoned for this purpose, the said Court may hear and determine the case in his absence.

(3) The costs of every such inquiry or proceeding, as determined by the said Court, shall be payable by such parties and in such proportions as the said Court may direct, and the amount thereof shall, if necessary, be recoverable as if the same were due under a decree of the Court.

Fees in proceedings before Small Cause Courts.

624. (1) The Local Government may, by notification in the Calcutta Gazette, prescribe what fee, if any, shall be paid—

(a) on any application ... or reference made under this Act to a Court of Small Causes; and

(b) previous to the issue, in any inquiry or proceeding of any such Court under this Act, of any summons or other process:

Provided that the fees, if any, prescribed under clause (a) shall not, in cases in which the value of the claim or subject-matter is capable of being estimated in money, exceed the fees at the time being levied, under the provisions of the Presidency Small Cause Courts Act, 1882, in cases in which the value of the claim or subject-matter is of like amount. XV of 1882.

(2) The Local Government may, by a like notification, determine by what person any fee prescribed under clause (a) shall be payable.

(3) No application ... or reference shall be received by any Court of Small Causes until the fee, if any, prescribed therefor under clause (a) has been paid:

Provided that the Court may, whenever it thinks fit, receive an application ... or reference made by or on behalf of a poor person, and may issue process on behalf of any such person, without payment or on part payment of the fees prescribed under this section.

Re-payment of half-fees on settlement before hearing.

625. Whenever any application ... or reference made to a Court of Small Causes under this Act is settled by agreement of the parties before the hearing, half the amount of all fees paid up to that time shall be repaid by the said Court to the parties by whom the same have respectively been paid.

*Proceedings before Magistrates.*

ognizance of offences.

629. All offences against this Act, or against any rule or bye-law ... made hereunder, ... committed within .... Howrah shall be cognizable by a Magistrate having jurisdiction in Howrah; and such Magistrate shall not be deemed to be incapable of taking cognizance of any such offence ..... by reason only of his being liable to pay any municipal rate

or other tax or of his being benefited by the Municipal Funds to the credit of which any fine imposed by him will be payable.

Power to hear cases in absence of accused when summoned to appear.

630. If any person summoned to appear before a Magistrate to answer a charge of an offence against this Act or any rule or bye-law . . . . made hereunder fails to appear at the time and place mentioned in the summons, the Magistrate may, if service of the summons is proved to his satisfaction and if no sufficient cause is shown for the non-appearance of such person, hear and determine the case in his absence.

Limitation of time for prosecution.

631. (*1*) No person shall be liable to punishment for any offence against this Act or any rule or bye-law . . . made hereunder, unless complaint of such offence is made before a Magistrate within three months . . . . next after the commission of such offence.

*Legal Proceedings.*

Powers of Chairman as to institution, &c., of legal proceedings and obtaining legal advice.

633. The Chairman may, subject to the control of the Commissioners,—

(*a*) institute, defend or withdraw from legal proceedings under this Act or any rule or bye-law . . . . made hereunder ;

(*b*) compound any offence against this Act or any rule or bye-law . . . made hereunder which, under any law for the time being in force, may lawfully be compounded ;

(*c*) admit, compromise or withdraw any claim made under this Act or any rule or bye-law . . . . made hereunder ; and

(*d*) obtain such legal advice and assistance as he may from time to time think it necessary or expedient to obtain, or as he may be desired by the Commissioners to obtain, for any of the purposes referred to in the foregoing clauses of this section, or for securing the lawful exercise or discharge of any power or duty vesting in or imposed upon any municipal authority, officer or servant.

Notice, limitation and tender of amends in suit against municipal authority, &c.

634. (*1*) No suit shall be instituted against any municipal authority, officer or servant, or any person acting under the direction of any municipal authority, officer or servant, in respect of any act purporting to be done under this Act or any rule or bye-law . . . made hereunder, until the expiration of one month next after written notice has been delivered or left at the municipal office or the place of abode of such officer, servant or person, stating the cause of action and the name and place of abode of the intending plaintiff; and the plaint must contain a statement that such notice has been so delivered or left.

(*2*) Every such suit must be commenced within three months next after the accrual of the right to sue.

(*3*) If any authority or person to whom any notice is given under sub-section (*1*) tenders sufficient amends to the plaintiff before the suit is instituted, the suit shall be dismissed.

(*4*) If no such tender be made, the defendant may pay into Court such sum of money as it or he thinks fit, and thereupon such proceedings shall be had as in other cases in which defendants are allowed to pay money into Court.

(*5*) Nothing in the foregoing sub-sections shall apply to any suit instituted under section 54 of the Specific Relief Act, 1877.

1 of 1877.

Indemnity to municipal authorities, &c.

635. No suit shall be maintainable against any municipal authority, officer or servant, or any person acting under the direction of any municipal authority, officer or servant, or of a Magistrate, in respect of anything lawfully and in good faith and with due care and attention done under this Act or any rule or bye-law . . . . made hereunder.

## CHAPTER XLVI.—SUPPLEMENTAL PROVISIONS.

*Police.*

Co-operation of the Police.

643. (*1*) The District Superintendent of Police and his subordinates shall be bound—

(*a*) to co-operate with the Chairman for carrying into effect and enforcing the provisions of this Act . . . . and,

(*b*) on the order of a Magistrate, to assist the municipal authorities in carrying out any order made by a Magistrate under this Act for the demolition of a building.

(*2*) It shall be the duty of every police-officer in Howrah—

(*i*) to communicate without delay to the proper municipal officer any information which he receives of a design to commit or of the commission of any offence against this Act or any rule or bye-law . . . . made hereunder, and

(*ii*) to assist the Chairman or any municipal officer or servant reasonably demanding his aid for the lawful exercise of any power vesting in the Chairman or in such municipal officer or servant under this Act or any such rule or bye-law . . . .

Arrest of offenders.

644. (1) Every police-officer shall arrest any person who commits, in his view, any offence against this Act or any rule or bye-law . . . made hereunder, if the name and address of such person be unknown to him, and if such person, on demand, declines to give his name and address or gives a name or address which such officer has reason to believe to be false

(2) No person so arrested shall be detained in custody after his true name and address are ascertained or, without the order of a Magistrate, for any longer time, not exceeding at the most twenty-four hours from the arrest, than is necessary for bringing him before a Magistrate.

(3) On the written application of the Chairman, the Engineer or the Health Officer, any police-officer above the rank of constable shall arrest any person who obstructs any municipal officer or servant in the exercise of any of the powers conferred by this Act or any rule or bye-law . . . made hereunder.

*Miscellaneous.*

Who to be deemed owner or occupier where there are gradations of owners or occupiers.

645. Whenever any right is conferred or duty imposed by or under this Act on the owner or occupier of any premises, and, in consequence of there being gradations of owners or occupiers, doubt arises as to who is the owner or occupier entitled to exercise such right or bound to perform such duty, the Commissioners may, after due inquiry, determine from time to time which of such owners or occupiers shall be deemed to be so entitled or bound.

Prohibition of removal of mark.

648. No person shall remove any mark set up for the purpose of indicating any level or direction necessary to the execution of works authorised by this Act or any rule or bye-law . . . made hereunder.

## SCHEDULE XVII.

RULES AS TO THE USE OF BUILDING-SITES AND THE EXECUTION OF BUILDING-WORK.

[*See sections 363, 370, 373, 374, 377, . . . . 391, 567, 582 and 583.*]

*Part I.—Building-sites.*

Conditions as to use of building-sites.

1. No piece of land shall be used as a site for the erection of a building—

(1) if the building is to abut on a street, unless the site is of such a shape that the face of the building can be made parallel to the line of the street, or as nearly parallel to the said line as the Commissioners may consider practicable; and,

(2) if the site is within thirty feet of a tank, unless the owner satisfies the Engineer that he will take such order as will prevent any risk of the domestic drainage of the building passing into the tank; and

(3) if the building to be erected is a public building, a dwelling-house or a hut,—

(a) unless the site is certified by the Engineer to be dry and well drained or to be capable of being well drained, and

(b) if the site is a filled-up tank, or has been filled up with or used for depositing rubbish, offensive matter or sewage, unless the site was so filled up or last so used more than five years previously, and unless the Chairman has examined the site and granted a certificate to th effect that it is, from a sanitary point of view, fit to be built upon.

*Parts II and III.*—Masonry *Buildings.*

Height.

2. (1) If a masonry building is situated at the side of any street to which the Commissioners in meeting may declare this rule to apply, no portion of the building shall intersect any of a series of imaginary lines drawn across the street at an angle of forty-five degrees with the plane of the ground, such lines being drawn from the street alignment on the side of the street which is the more remote from the building in question, at the level of the pavement or of the centre of the street.

*Explanation.*—If a building be placed at the edge of the street, its height must not exceed the width of the street; but, if the building or one or more of its storeys be set back, the height of the building may be increased, subject to the condition that no portion of the building, after the height is increased, intersects any of the aforesaid lines.

(2) In the case of any masonry building which is re-erected in a street, in existence at the date of this notification, which is less than twenty-five feet wide, the angle at which the lines referred to in sub-rule (1) are to be drawn shall be fifty-six-and-a-half degrees instead of forty-five degrees.

(3) Notwithstanding anything contained in sub-rule (1) or sub-rule (2), the Commissioners may, by order published in the Calcutta Gazette, declare that, in any street in existence at the date of this notification which is specified in the order, the erection of two-storeyed masonry buildings not exceeding twenty-eight feet in height will be permitted without complying with the requirements of those sub-rules.

(4) If a masonry building is situated on a corner plot, so as to abut upon more than one street, the height of the building shall be regulated by the wider of such streets so far as it will abut or abuts upon such wider street, and also so far as it will abut or abuts upon the narrower of such streets to a distance of forty feet from the wider street.

Level of floor.

3. The floor or lowest floor of every masonry building erected or re-erected from the ground-level must be constructed at such level as will admit of—

(a) the construction of a drain sufficient for the effectual drainage of the building and placed at such level as will admit of the drainage being led into some municipal sewer at the time existing or projected, and

(b) the provision of the requisite communication with some sewer into which the drainage may lawfully be discharged, at a point in the upper half of such sewer, or with some other means of drainage into which the drainage may lawfully be discharged.

Building over municipal drain.

4. A masonry building shall not be placed over any municipal drain, except with the written consent of the Commissioners.

Passage for access to building from street.

5. Where only detached buildings are allowed, the passage affording access to a masonry building from the street must be at least eight feet wide . . . . . .

Distance between building line and street alignment.

6. (1) In any street, laid out after the date of this notification, to which the Commissioners in meeting may declare this rule to apply, and in which continuous building is allowed, the distance between the building line and the street alignment shall not be less than four feet.

(2) Subject to the approval of the Commissioners, an open verandah may be erected upon the space between such line and alignment.

Foundation.

7. (1) Except with the sanction of the Commissioners, the foundation of a masonry building must rest on solid ground.

(2) The spread of the foundation must be such that the pressure on the soil, taking into account the load on the floors and terrace-roof (if any) referred to in rules 14 and 16, shall not be greater than one ton on the square foot.

(3) The levels of the foundation must be such as the Commissioners may consider satisfactory.

Plinth.

8. The plinth of a masonry building must be at least two feet above the level of the centre of the nearest street.

Footings for wall.

9. Every wall of a masonry building must be constructed so as to rest upon proper footings having regular offsets and a horizontal spread on each side of the wall of not less than one-half the height of the footings, unless an adjoining wall interferes, in which case the footings may, subject to the provisions of sub-rule (2) of rule 7, be omitted, where that wall adjoins.

Outer walls.

10. The outer walls of a masonry building must be constructed of brick or some other hard and incombustible substance.

Bonding of walls.

11. All walls of a masonry building must be properly bonded.

Walls in building of more than one storey.

13. If a masonry building exceeds one storey in height,—

(a) every wall must be solidly put together with—

(i) good cement, or

(ii) good lime, or

(iii) mortar compounded with good cement and sand or other suitable material, or

(iv) mortar compounded with good lime and sand or other suitable material;

(b) the proportions of the materials forming such mortar must be such as are approved by the Chairman;

(*c*) no part of any wall, other than a cornice or moulding, shall overhang any part of a wall underneath it; and

(*d*) every wall must be of such thickness as the Chairman may consider necessary to ensure safety, regard being had to the height of the building, the materials of which it is constructed, and the purpose for which it is intended to use it.

Beams and girders.

15. (*1*) All beams and girders in a masonry building must be supported by a breadth of brick-work, stone or other solid substance sufficient to secure their stability.

(*2*) The bearing of a beam or girder on a wall shall not, without the sanction of the Chairman, be less than three-fourths of the thickness of the wall.

*Part IV.—Dwelling-houses and other domestic buildings.*

Proportion of site for dwelling-house which may be built upon.

17. The total area covered by all the buildings (including verandahs) on any site used for a dwelling-house shall not exceed two-thirds of the total area of the site, except with the sanction of the Commissioners.

Open space in rear of building.

22. (*1*) Except in localities where the erection of only detached buildings is allowed, there must be in the rear of every domestic building an open space extending along the entire width of the building and belonging exclusively to the building, unless the back of the building abuts on an open square or the like, of not less than twenty feet in width, which is dedicated to public use and is consequently not likely to be built upon.

(*2*) The minimum distance across such space from every part of the building to the boundary line, or (if the boundary is a wall) the inner edge of the boundary wall, of the land or building immediately opposite such part, shall be six feet.

Relaxation of rule 22 in case of irregular site.

23. If any person desires to erect a domestic building in a street laid out before the date of this notification upon a site which, before the date of this notification, was occupied by a domestic building, and the site is of such a nature that it is impracticable to provide an open space in the rear of the building of the dimensions prescribed by rule 22, the Commissioners may relax the provisions of that rule:

Provided that—

(*a*) such open space shall be left as the Commissioners may consider practicable, having regard to all the circumstances of the case, and

(*b*) not more than two-thirds of the total area of the site shall be occupied by masonry buildings or verandahs.

Open space at sides of building.

24. (*1*) Except in localities where the erection of only detached buildings is allowed, if either side of a domestic building is not attached to the adjacent building, and if such side does not abut on an open square or the like which is dedicated to public use and is consequently not likely to be built upon, there must be between the buildings an open space extending along the entire length of such side and belonging exclusively to the said domestic building.

(*2*) The minimum distance across such space from every part of the said domestic building to the boundary line, or (if the boundary is a wall) the inner edge of the boundary wall, of the land or building immediately opposite such part, shall be—

(*a*) four feet, if there is a building next to such boundary line or wall, or

(*b*) four feet, if there is an open space of at least four feet on the other side of such boundary line or wall.

Interior courtyards and outward open spaces to be raised.

25. (*1*) Every interior courtyard and every open space prescribed by rule 22 or rule 24 must be raised at least one foot above the level of the centre of the nearest street, so as to admit of easy drainage into the street.

Further provisions as to dwelling-houses in bustees.

27. The following further provisions shall have effect in the case of dwelling-houses in bustees, that is to say—

(*a*) the owner of the land in a bustee on which a dwelling-house is to be erected must give up all land which may be required so as to leave a space of at least eighteen feet in front of and along the entire length of the boundary line of the premises;

(*b*) all land so given up shall vest in the Commissioners, and the owner shall receive reasonable compensation therefor out of the Municipal Fund.

*Part VI.—Applications for approval of sites for, and for permission to erect or re-erect, masonry buildings.*

Application for approval of site for erection or re-erection of masonry building.

30. (*1*) Every application for approval of a site for a masonry building must be written on a printed form (to be supplied by the Chairman free of charge), and must state the position of the site, the number assigned to it in the assessment-book, its dimensions, and such other particulars as may be prescribed by the Commissioners.

(*2*) The site-plan sent with such an application must be drawn to a scale of not less than one-fiftieth of an inch to a foot, must be sent in duplicate and must show—

(*a*) the boundaries of the site;
(*b*) the position of the site in relation to neighbouring streets;
(*c*) the name of the street in which the building is proposed to be situated;
(*d*) the position of the building in relation to—

(i) the boundaries of the site,
(ii) all adjacent streets, buildings and premises within a distance of forty feet of the site, and
(iii) (if there is no street within a distance of forty feet of the site) some existing or projected street . . . .;

(*e*) the means of access to the building from the street;
(*f*) the position and approximate height of all other buildings within forty feet of the site;
(*g*) the position, form, dimensions and ventilation of privies, urinals, drains, cesspools, stables, cattle-sheds, cow-houses, wells, and other appurtenances of the building, and the inclination of such drains;
(*h*) free passage or way in front of the building;
(*i*) space to be left about the building to secure a free circulation of air, admission of light, and access for scavenging purposes;
(*k*) the width and level of the street (if any) in front, and of the street (if any) at the rear, of the building; and
(*l*) such other particulars as may be prescribed by the Commissioners.

Application to be sent and particulars furnished by person intending to erect or re-erect a masonry building.

31. (*1*) Every application for permission to erect or re-erect a masonry building must be written on a printed form (to be supplied by the Chairman free of charge), and must state the description of the building, its dimensions, and such other particulars as may be prescribed by the Commissioners.

(*2*) The plan of the building and the elevations and sections accompanying such an application must be neatly and accurately drawn to a scale of not less than one-eighth of an inch to a foot, and must be sent in duplicate, and the said plan must show—

(*a*) the levels and width of the foundation of the building;
(*b*) the level of the lowest floor of the building; and
(*c*) the level of all courtyards and open spaces in the building or premises, and the plinth-level of buildings with reference to the level at the centre of the nearest street.

(*3*) The specification accompanying such an application must comprise full information as to the following particulars, namely:—

(i) the materials and method of construction to be used for external walls, party walls, foundations, roofs, floors, fireplaces and chimneys;
(ii) the manner in which roof and house drainage and the surface drainage of land will be disposed of;
(iii) the manner, if any, in which it is proposed to pave the courtyards and open spaces in the building or premises, and the slope to which the surface is to be made in each case;
(iv) the means of access that will be available to scavengers to get to service privies;
(v) the purpose for which it is intended to use the building; and
(vi) if the building is intended to be used as a dwelling-house for two or more families, or as a place for carrying on any trade or business in which more than twenty people may be employed, or as a place of public resort,—the means of ingress and egress.

*Explanation to clause* (v).—If it is intended to use the building or any part thereof for any of the following purposes, namely—

melting tallow;
boiling offal or blood;
skinning or disemb-welling animals;
as a soap-house, oil-boiling-house or dyeing-house;
as a tannery, a slaughter-house, or a kiln for making bricks, pottery, tiles or lime;

as a manufactory or place of business from which offensive or unwholesome smells may arise;

as a yard or depôt for trade in hay, straw, wood, thatching-grass, jute or other dangerously inflammable material;

as a store-house for kerosine, petroleum, naphtha or any inflammable oil or spirit;

as a shop for the sale of meat;

as a place for the storage of rags or bones, or both;

as a lodging-house or a serai; or

as a stable, cattle-shed or cow-house,

the fact must be expressly stated.

Option to send such applications together.

32. An application for approval of a site for, and an application for permission to erect or re-erect, a masonry building may, if the applicant so desires, be sent together.

Signature of plans, elevations and sections.

33. (*1*) The plans, elevations and sections referred to in section 370 must be signed clearly and in a prominent place by the owner of the building.

(*2*) If the said documents have been prepared by an Architect or an Engineer, they may be signed by him as well as by the owner.

Formulation of requirements and objections.

34. (*1*) All information and documents which it may be found necessary to require, and all objections which it may be found necessary to make, before deciding whether a site should be approved for a masonry building, or whether permission to erect or re-erect a masonry building should be given, shall be respectively required and made in one requisition, and the applicant shall be apprised thereof at the earliest possible date.

(*2*) Within thirty days after the receipt of any application under section 370 for approval of a site, the Chairman may require the applicant—

(*a*) to furnish him with any information on matters referred to in that section which has not already been given in the documents received thereunder, or

(*b*) to satisfy him that there are no objections which may lawfully be taken, on any of the grounds mentioned in section 377, to the approval of the site.

(*3*) Within thirty days after the receipt of any application under section 370 for permission to execute work, the Chairman may require the applicant—

(*i*) to furnish him with any information on matters referred to in that section which has not already been given in the documents received thereunder, or with any document prescribed by that section which has not been sent in; or

(*ii*) to satisfy him that there are no objections which may lawfully be taken on any of the grounds mentioned in section 377, to the grant of permission to execute the work.

(*4*) If any information or documents required under sub-rule (*2*) or sub-rule (*3*) is or are, in the opinion of the Chairman, incomplete or defective, he may, within thirty days after the receipt of the same, require further information or documents to be furnished.

(*5*) If any requisition made under sub-rule (*2*), sub-rule (*3*) or sub-rule (*4*) is not complied with within three months, the application received under section 370 shall be deemed not to have been made.

Chairman to sign approved plans.

35. When the Chairman has approved any site-plan or given permission to execute any work, he, or the Vice-Chairman, if authorised by the Chairman so to do, shall sign such site-plan or the approved plans of the work, as the case may be.

*Part IX.—Application of rules to alterations of, and additions to, masonry buildings.*

Relaxation of rule 2.

50. In applying rule 2 in the case of an alteration of, or addition to, any masonry building which was erected before the date of this notification, the angle at which the lines referred to in sub-rule (*1*) of that rule are to be drawn shall be fifty-six-and-a-half degrees instead of forty-five degrees:

Provided that nothing contained in this rule shall authorise any addition to a building which would make it higher than any building which, at the date of this notification, is standing on the same site.

Restriction on application of rule 27.

51. Rule 27 shall not be applied in the case of any dwelling-house which is being altered or added to, unless the front of the house is being enlarged.

Restriction on application of rules 30 to 35.

52. (*1*) Rules 30 to 35 . . . . . shall not be applied in the case of any alteration of, or addition to, a masonry building unless one or more of the following works is or are undertaken, namely:—

(*a*) the construction of a roof or an external or party wall,

(*b*) any repairs to the building which involve the reconstruction of a masonry wall, a lift-shaft or a chimney after the same has been entirely or in great part demolished,

(*c*) the closing of any door or window in an external wall,
(*d*) the construction of an internal wall or partition,
(*e*) any other alteration of the internal arrangements of a building which effects an alteration of its courtyard or courtyards or its drainage, ventilation or sanitary arrangements, or which affects its security,
(*f*) the addition of any building, room, out-house or other structure,
(*g*) the roofing of any space between one or more walls and buildings,
(*h*) the conversion into more than one place for human habitation of a building originally constructed as one such place,
(*j*) the conversion of two or more places of human habitation into a greater number of such places,
(*k*) the alteration of a building for the purpose of effecting a partition amongst joint-owners.

(*2*) In the case referred to in clause (*g*) of sub-rule (*1*), the said rules 30 to 35 . . . . . shall apply only as regards the structure which is formed by roofing a space, and not as regards adjoining buildings.

Grant of provisional permission to proceed with work in cases of urgency.

53. (*1*) If, in any case of urgency arising from causes beyond his own control, any person desires to undertake without delay any of the works referred to in rule 52, he may send to the Chairman an application for provisional permission to proceed with the work.

(*2*) Such application must contain an explanation of the urgency and a general description of the work proposed to be undertaken.

(*3*) Within a period of three days after the receipt of any such application, the Chairman shall, by written order, either grant or refuse to grant provisional permission to proceed with the work.

(*4*) If, within the said period of three days, the Chairman has neither granted nor refused to grant such provisional permission, the same shall be deemed to have been granted.

(*5*) Whenever such provisional permission is granted, and in any case provided for by sub-rule (*4*), the applicant must, within fifteen days, send to the Chairman a regular application for permission to execute the work ; and, if he fails to do so, the provisional permission shall be deemed to be withdrawn.

## DECLARATION.

*No. 3051M.—The 28th November 1902.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Nasirabad Municipality for a public purpose, viz., for a burial-ground for Native Christians in the village of Kashor, pargana Alapsingh, zilla Mymensingh, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 bigha 11 cottahs and 14 chitaks of standard measurement, is required. The land is bounded on the north by the homestead land of Ramgopalpur zamindars, on the east by the European cemetery, on the south by Jarip Shek's land, and on the west by Jamir Shek's land.

**Mymensingh.**

A plan of the land may be inspected in the office of the Collector of Mymensingh.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

E. W. COLLIN,
*Offg. Secy. to the Govt. of Bengal.*

### AFRICA, EAST COAST—POMBA (PEMBA) BAY.

*Non-existence of certain shoals, &c.*

THE following notice to Mariners (No. 736 of 1902) issued by the British Admiralty is republished :—

The following information relating to Pomba (Pemba) bay has been received from Lieutenant and Commander Eustace La T. Leatham, H. M. S. *Partridge* :—

1. The shoal marked on the chart as extending to the westward from Mpira point does not exist, depths of 5 fathoms having been obtained within 10 yards of the shore, and 15 fathoms 100 yards from the point, all around.
2. The black can buoy shown on the Admiralty Chart off Mpira point is moored in a position with the end of the pier at port Amelia bearing N. 82° E., distant 2 cables, and the west extreme of Mpira point N. 11° W.
3. A coral patch, awash at low water, exists in a position with the south extreme of Mpira point bearing about S. 81° E., distant $2\frac{6}{10}$ miles. This patch has been inserted on the Admiralty Charts, with the letters P. D. against it.
4. The rock marked *Mutine* (1846), 11 cables N. 45° W. from Mpira point, does not exist, and has accordingly been expunged from the Admiralty Charts.
5. With reference to Notice to Mariners No. 855 of 1900 :—No light is exhibited from the end of the pier.

## RESOLUTION ON THE REPORTS ON INLAND EMIGRATION FOR THE PERIOD FROM THE 1ST JANUARY TO THE 30TH JUNE 1902.

GENERAL DEPARTMENT—EMIGRATION.

*Calcutta, the 1st December 1902.*

RESOLUTION—No. 3611.

READ—

The Reports on Inland Emigration, for the period from the 1st of January to the 30th of June 1902, of the Superintendents of Emigration, Calcutta, Santhal Parganas, Hazaribagh, Ranchi and Palamau, and Manbhum and Singhbhum, and the remarks of the Commissioners of the Bhagalpur and Chota Nagpur Divisions on the reports of the Superintendents in their respective Divisions.

THE Government of India having ordered that the reports on Inland Emigration shall in future be prepared for the year ending the 30th June instead of for the calendar year in order that recruiting operations, which are most active from October to June, may be summarised for an entire season, and reports having already been submitted for the year ending December 1901, the Superintendents of Emigration were called upon to submit supplementary reports for the broken period, 1st January to 30th June 1902.

Working of Act VI of 1901.

2. The most important order issued by Government, under Act VI of 1901 during the six months under review, was a notification under section 91(*b*) of the Act, exempting garden sardars working under the control of the officers of the Tea

Districts Labour Supply Association from the provisions of sections 72 to 75 of the Act, on the understanding that when a labour contract is not executed in the presence of the Registering Officer under section 72, no penal contract will be made in the case of an emigrant recruited under these circumstances, whether under Act XIII of 1859 or otherwise before his arrival in the labour district. Intending emigrants recruited by such sardars will be registered; and it will be ascertained that they are willing to proceed to the tea districts, and that there has been no coercion, undue influence, fraud, misrepresentation, or mistake in their recruitment. It is too early to judge of the popularity and success of this arrangement which has been made at the instance of the Labour Supply Association who recruit two-thirds of the emigrants sent to Assam.

District Officers should carefully distinguish in their statistics between emigrants merely registered and emigrants put under contract; and it is desirable that the Superintendent of Emigration, Calcutta, should bring together in his Report, after necessary correspondence with the District Officers and the local Superintendents of Emigration, the entire figures for the Province relating to licensing of contractors, registration of emigrants, and execution of contracts.

Number of emigrants.

3. In all 17,774 emigrants of all classes, of whom 9,422 were recruited in Bengal and the rest in Madras and the Central Provinces, embarked at Goalundo and Jatrapur for the labour districts during the period under review. Seventy-nine per cent. of the whole number were recruited by garden sardars and only 523 or less than 3 per cent. went as free emigrants. Emigration from the districts of the Chota Nagpur Division has not improved: the reasons assigned by the local officers are that the re-action after the heavy emigration in the famine years of 1897 and 1900 still continues; that recent harvests have been good and that the condition of the people is fairly prosperous; and that the new Act and Rules are more stringent than the old Act, especially with regard to recruitment of women. The Commissioner of the Chota Nagpur Division adds that the coal mines attract much of the available labour. In the Sonthal Parganas recruitment both by garden sardars and by contractors was more brisk during the year under review than in the first half of the preceding year; and in the contractors' depôts in Calcutta and Raniganj there was a small increase of the number of registered emigrants.

The health of the emigrants in transit was good, and there were only five cases of cholera on the river journey.

Measures taken to ensure registration of emigrants in the district of recruitment and to prevent irregularities.

4. The measures taken to ensure registration of emigrants in the district of recruitment and to prevent irregularities were stated in the Resolution of the 15th July last. In the six months under review, the conduct of garden sardars in Manbhum and Singhbhum was not altogether satisfactory; and in seven cases registration had to be refused for irregular recruitment. In the Ranchi and Palamau districts registration was refused in 16 cases of females recruited under the sardari system. In the Hazaribagh district no instance of unauthorised recruitment or of any irregularity on the part of certificated or specially empowered garden sardars came to light during the half year; and in the Sonthal Parganas there was no prosecution in connection with the system of garden sardars.

It has been brought to notice by the Superintendent of Emigration, Manbhum and Singhbhum, that persons formerly employed as arkatis or unlicensed recruiters are being sent to Assam under contract with a view to their being sent back from the gardens as recruiting sardars. Provided that these men work in conformity with the Act and Rules, no legal objection can be taken to their employment as garden sardars. The Commissioner of Chota Nagpur has rightly ordered that it should be reported how many of the garden sardars punished for offences against the Act or the Rules were formerly arkatis, with a view to taking prompt steps in order to cancel the licenses of offenders.

By order of the Acting Lieutenant-Governor of Bengal,

W. C. MACPHERSON,

*Offg. Secretary to the Govt. of Bengal.*

# RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF MUNICIPALITIES IN BENGAL (EXCEPT CALCUTTA) DURING THE YEAR 1901-1902.

MUNICIPAL DEPARTMENT.—MUNICIPAL.

*Calcutta, the 27th November 1902.*

RESOLUTION—No. 3021 M.

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1901-1902.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1900-1901.

The number of Municipalities in Bengal during the year ending with the 31st March 1902 was 157. Two new Municipalities were formed during the year at Tollyganj and Giridih, the former by dividing the South Suburban Municipality which had been found too large for efficient administration. The inhabitants of the 157 Municipalities number 2,839,764 persons. As the Giridih Municipality came into existence towards the close of the year, this review deals with the statistics of 156 Municipalities.

2. The total number of rate-payers rose from 478,519 to 487,767, representing 17·1 per cent. of the total municipal population. The increase was shared by all the Divisions except Orissa and Chota Nagpur, where there was a slight decline. The percentage of rate-payers to population varied between 18·7 in the Presidency Division and 14·3 in the Dacca Division. Taking, however, the case of individual Municipalities the percentage varied between 34·7 at Chapra and 5·1 at Kurseong. Unfavourable mention was made in last year's Resolution of the low percentage of rate-payers in the Municipalities of Arrah, Motihari, Darbhanga, Cuttack, Comilla and Dacca, which form the head-quarters of districts. Of these Comilla shows an increase from 13·2 to 16·5 per cent. due to revision of assessment. Among the rest there was a slight rise in the percentage at Motihari and Dacca, whilst the figures returned from Arrah, Darbhanga and Cuttack showed further decline. The decline at Darbhanga is attributed to the fact that many poor people left the town on the appearance of the plague. In Cuttack a revision of assessment is proceeding, in which the existing defects will, it is hoped, be rectified.

The percentage of rate-payers to population was below the Provincial average in no less than 72 towns, and the attention of the Commissioners of those towns is specially drawn to the remarks on the subject recorded in the last Annual Resolution.

3. *Results of Elections held during the year.*—General elections were held only in the Municipalities of Cossipur-Chitpur and Maniktala. All the elections, but one, were contested, and at those elections the percentage of attendance of persons qualified to vote varied between 65 and 43.

4. *Constitution of Committees and attendance at Meetings.*—There was little variation in the composition of Municipal Committees. There were in all 2,541 meetings held during the year, almost the same number as in the previous year, and of these only 214, or 8·4 per cent had to be adjourned. Twenty-nine Municipalities held more than 20 meetings during the year; whilst twenty-one failed to hold at least one meeting every month, as required by the law. Ranaghat again held the largest number of meetings, viz., 35 against 32 in the previous year, and Cossipur-Chitpur and Burdwan stand next with 30 and 29 meetings, respectively. The smallest number of meetings, viz., 7, was held in the Revolganj Municipalty. Of the seven Municipalities noticed in the previous year's resolution for holding too few meetings, Garden Reach alone complied during the present year with the requirements of the law, the number of meetings held being 13: and the rest all failed to hold 12 meetings—Jagadispur and Sahebganj again holding only 8 and 9 meetings, respectively. The North Barrackpore Municipality has for the third year in succession failed to hold regular monthly meetings. The Commissioner has drawn the attention of the Municipal Commissioners to the law on the point. Throughout the province the average percentage of attendance of Commissioners was 52 as in the previous year. In 91 Municipalities as against 108 in the previous year, an average of

more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were at Garulia (81 per cent.), Tollyganj and Bihar (75 per cent.), Daltonganj (74 per cent., and Kamarhati and North Barrackpore (73 per cent.): and the lowest, 21 per cent. at Jhalda. On the whole the frequency of the meetings and the attendance at them were sufficient for practical purposes.

5. *Assessments and taxation.*—The main form of Municipal taxation is either the rate on holdings, or the alternative tax on persons according to their circumstances and property within the Municipality. The former system was in force in 43 towns, and the latter in the remaining 113 exclusive of the Municipality of Bhadreswar, where both forms of taxation are in force in different wards. The rate on holdings was levied at less than the maximum rate allowed by the law in 13 towns, among which the Municipalities of Howrah, Hooghly and Chinsura, Krishnagar and Darjeeling again find place, and the lowest rate, viz., 5 per cent. on the annual value of holdings, was levied at Sahebganj. The tax on persons is levied at varying rates according to requirements. Of the special rates the latrine-rate was levied in 103 towns, the water-rate in 10 towns which have been provided with a filtered water-supply (excepting the town of Dacca, where no water-rate is levied although the town is supplied with filtered water), and the lighting-rate only in two towns, viz., Howrah and Darjeeling, no rate being levied for the purpose in the other Municipalities adjoining Calcutta which are lighted with gas, or at Dacca which is lighted with electricity.

6. The incidence of Municipal taxation (excluding Calcutta) varied between Rs. 7-7-10 per head at Darjeeling and Re. 0 4-5 at Ramjibanpur. The average for the whole Province was Rs. 1-2-10 against Rs. 1-1-5 of the previous year. The number of Municipalities in which the taxation is below 8 annas per head fell from 38 in 1900-1901 to 32 during the year under review.

7. *Revision of Assessment.*—A revision of assessment, general or partial, came into force in several Municipalties, the best financial results being attained in the following towns:—

| Name of Municipality. | Amount of increase. | Name of Municipality. | Amount of increase. |
|---|---|---|---|
| | Rs. | | Rs. |
| Dacca ... ... | 22,422 | South Suburban ... | 2,398 |
| Howrah ... ... | 8,775 | Rangpur ... ... | 2,206 |
| Gaya ... ... | 8,559 | Krishnagar ... ... | 2,080 |
| Arrah ... ... | 5,319 | Jamalpur ... ... | 1,940 |
| Puri ... ... | 5,149 | Serajganj ... ... | 1,722 |
| Maniktala ... ... | 4,975 | Bettiah ... ... | 1,580 |
| Chapra ... ... | 4,596 | Barh ... ... | 1,529 |
| Patna ... ... | 4,126 | Sasaram ... ... | 1,414 |
| Titagar ... ... | 3,668 | Narainganj ... ... | 1,286 |
| Nasirabad ... ... | 2,556 | Bankura ... ... | 1,260 |

At Ranchi the demands for the rate on holdings and the latrine-rate declined by Rs. 2,310 as the result of a partial revision of assessment. No explanation has been furnished of this unsatisfactory result. The Commissioners of the North Barrackpore Municipalty have twice revised their assessments, but on both occasions the results were found to be unsatisfactory. They were moved to appoint a paid assessor to make a further revision, and have at last resolved to do so.

8. *Demands, collections, remissions and outstandings on account of Taxes.*—The current demand amounted to Rs. 32,79,297, showing an improvement of Rs. 92,520 as compared with the previous year; and the total demand on the Municipal books, including arrears, rose from Rs. 37,35,303 to Rs. 37,94,123. The total collections also rose from Rs. 30,25,244 to Rs. 32,39,390, and the outstanding balance at the close of the year stood at Rs. 3,66,274 against Rs. 5,18,670 at the beginning of the year, whilst the remissions fell again by Rs. 2,930. The collections of the year averaged 98 8 per cent. of the current demand, against 95 per cent. in the previous year. The collection of the current demand shows, as in the preceding year, an improvement of about 4 per cent. The year's administration in this respect was very creditable, and it is to be hoped that the general improvement will be maintained.

9. When the results attained by the groups of Municipalities in each Division are considered, it appears that the highest percentage of total collections on current demand was 101·7, which was attained in the Patna

Division; the Burdwan Division stands next with a percentage of 99·9; the lowest percentage, viz., 93·0, is returned by the Municipalties in the Chittagong Division. In individual Municipalties the percentage of total collections on current demand varied between 115·9 at Chittagong and 76·9 at Tollyganj. Calculating the total collections on the current demand, they failed to reach 95 per cent. in 26 towns. In 19 towns the Commissioners succeeded in realising the demand without leaving any arrears outstanding at the close of the year, or only a small amount not exceeding Rs. 10 in any case. The most successful were Assansol, Titagarh, Jhalakatti, Jamalpur, Dumraon, Hajipur, Deoghur, and Kendrapara. It appears that in all these towns there were no arrears at the beginning of the year, or only small outstanding balances to collect, and it is evident that if the taxes are promptly realised, the large remissions, which are such an unsatisfactory feature of some towns, can be avoided.

At Howrah, where the administration of this Department has been defective for some years past, the total collections rose from Rs. 4,48,600 in 1900-1901 to Rs. 4,96,121, and the collection of the current demand showed an improvement of Rs. 56,479. Although the percentage of total collections on the current demand shows a satisfactory rise from 92 per cent. to 100·4 per cent., the percentage of current collections on current demand stood only at 81·5. The balance was 1¼ lakhs out of a demand of 5 lakhs, and Rs. 62,045 were remitted during the year. The results, though better than in the preceding year, cannot be considered satisfactory. Of the other Municipalities which were the subject of adverse criticism in the last Resolution, Bally shows an advance of 5·5 per cent. in the percentage of total collection on total demand, but, in spite of large remissions, the outstanding balance was Rs. 11,410 out of a total demand of Rs. 38,103. The Commissioners only succeeded in raising 62·3 per cent. of their current demand for the year. The Hooghly and Chinsura Municipality also shows an advance of 6 per cent. in the percentage of total collections on total demand, but the collection of the current demand (71·4 per cent.) was unsatisfactory. A satisfactory advance was made at Chittagong, where 96·4 per cent. of the total demand was collected, against 55·3 per cent. in the previous year. The collections in Burdwan were unsatisfactory. Only half the arrears were realised, and the outstanding balance was about one-fifth of the current demand. In Ranchi large arrears accumulated in previous years, and only a small portion could be collected. The collection of the current demand was also unsatisfactory, although it is said that punctual payments are being enforced. The Officiating Lieutenant-Governor observes with regret that four out of the six towns just mentioned are in the Burdwan Division: the special attention of the Commissioner will doubtless be given to the matter.

10. The percentage of total remissions on current demand for the whole Province fell from 6·0 to 5·7 during the year. It is satisfactory to note that, with this fall in the percentage of remissions, the percentage of outstanding balance on the total demand, which stood at 9·6 per cent., also shows a decline of 4·3 per cent., as compared with the previous year. Calculated on the current demand, the percentage of remission varied between 9·7 per cent. in the Burdwan Division to 1·9 per cent. in the Chittagong Division. The Bhagalpur and Chota Nagpur Divisions return large percentages of remissions, viz., 7·8 per cent. and 8·2 per cent. The Bhagalpur Municipality allowed a total remission of Rs. 12,799, or 17·3 per cent. of the current demand in order to clear off old accounts which were unrealisable owing, it is reported, to persons having left the town, and to the reduced circumstances of some of the ratepayers. There was still a large outstanding balance of Rs. 25,370, or about 34 per cent. of the current demand, at the close of the year. These results compare unfavourably with those at Patna, where the remissions were only 1·8 per cent., and the balance about 3 per cent. of the current demand. Large remissions were also allowed in the Municipalities of Hooghly and Chinsura (19·1 per cent. of the current demand), Bhadreswar (10·4 per cent.), Bansberia (10·8 per cent.), Howrah (12·5 per cent.), Garden Reach (21·6 per cent.), Rajpur (14·6 per cent.), Samastipur (12 per cent.), Ranchi (10·7 per cent.), Lohardaga (13·8 per cent.) and Purulia (12·8 per cent). The defective administration of the Hooghly and Chinsura Municipality has already attracted the notice of Government, and a special report on the subject from the Commissioner is awaited.

11. *Fresh imposts levied during the year.*—The tax on animals and vehicles under section 86(*a*) of the Bengal Municipal Act, 1884, was introduced into the

Municipalities of Barh and Madhubani. License fees under section 261 of the Municipal Act, for carrying on offensive and dangerous trades, were levied for the first time in the North Dum-Dum, Jessore, Faridpur and Rosera Municipalities. Fees for the cleansing of private privies were levied in the Municipalities of North Dum-Dum and Jajpur, and in portions of the South Suburban and North Barrackpore Municipalities.

*Income.*

12. The total funds available for expenditure were Rs. 51,62,352 against Rs. 49,77,650 in the previous year. The total expenditure was Rs. 45,56,164 against Rs. 43,72,575 in 1900-1901.

13. *Closing balances of Municipalities.*—The aggregate closing balances of the Municipalities, which stood at Rs. 6,06,188, shows a slight increase of Rs. 1,113 as compared with the previous year. In several cases funds are being accumulated for schemes of Municipal reforms, and in others money was reserved for probable plague charges. Savings effected in estimated expenditure, and the inability to fully utilise loan funds or contributions also led to the increase in some Municipalities. In Monghyr the closing balance was over Rs. 25,000, a large part of which is required for the drainage scheme, but it would be wise to spend as much as can be spared on conservancy requirements, which are urgent. It is said that many of the public latrines are in ruins, and plague and cholera are always present. The working balances fell below Rs. 100 in several Municipalities, which must have caused some inconvenience.

14. The following statement shows the total income of the Municipalities under various heads during the past year and the variations from the previous year :—

| Net increase ... | ..... | 1,81,119 | | + 4·1 |

15. The increase of Rs. 1,81,119 in the revenue shown above does not represent the real increase in the ordinary revenues of the Municipalities for they borrowed Rs. 1,48,900 less than in 1900-1901. Excluding the receipts under "6—Extraordinary and debt," the total real income amounted to Rs. 42,50,552 against Rs. 39,20,539 in the previous year, showing an increase of Rs. 3,50,013, or 8·4 per cent.

The permanent increase in income derived from taxation proper amounted to Rs. 2,48,753, or 8·0 per cent. The increase was shared by all the Divisions, and was largest in the Burdwan Division.

16. *Tax on houses and lands*.—This tax yielded a revenue of Rs. 11,96,554, which was Rs. 1,02,151 in excess of the income during the previous year. The increase was shared, more or less, by the groups of Municipalities in all the Divisions. The largest increase of Rs. 24,207 and Rs. 24,863, occurred, respectively, in the Burdwan and Presidency Divisions. There were large increases in the Municipalities of Burdwan (Rs 7,234), Hooghly and Chinsura (Rs. 4,381), Serampore (Rs. 2,330), Howrah (Rs. 11,948), Garden Reach (Rs. 4,032), Dacca (Rs 13,790), Chittagong (Rs. 5,080), Patna (Rs. 2,699), Gaya (Rs. 3,437), Muzaffarpur (Rs. 9,132), Monghyr (Rs. 3,953), Jamalpur (Rs. 2,162), Puri (Rs. 3,720) and Ranchi (Rs. 2,393). At Budge-Budge, which was formed into a Municipality only in the previous year, the income rose from Rs 4,197 to Rs. 16,297. The increase at Chittagong was due to the realisation of taxes due from the Assam-Bengal Railway for the last three years. Revised assessments brought into operation during the year and better collection of both arrear and current demand, contributed generally to the increases under this head in the other towns.

17. *Tax on animals and vehicles*.—There was an increase of Rs. 7,137, or 3·0 per cent., in the revenue under this head, which was shared by several Municipalities, the largest increase of Rs. 3,0 9 occurring in the Rangpur Municipality, where the rate of fees on the registration of carts was raised from Rs. 2 to Rs. 3 per annum. At Barasat, in the Presidency Division, the revenue derived from this source (Rs. 5,319) exceeded the income from the tax on persons levied in that town, and the fairness of this arrangement should be investigated.

18. *Tax on professions and trades*.—The comparatively small revenue from this source shows a small increase of Rs. 2,0?0. This was shared by all the Divisions, except Bhagalpur and Orissa, where there was a decline of revenue, whilst the income was stationary in the Burdwan Division. In the Chota Nagpur Division the income rose from Rs. 680 in 1900-1901 to Rs. 1,179.

19. *Tolls on roads and at ferries*.—Tolls are nowhere levied on roads in Bengal but 49 Municipalities derive an income from ferries. The largest increase of income under this head occurred in the Municipalities of Patna (Rs. 4,014), Bhagalpur (Rs. 2,807), Chandpur (Rs. 1,265) and Chittagong (Rs. 1,187); while there was a decline of Rs. 1,558 at Muzaffarpur, Rs. 1,257 at Narainganj and at Daudnagar where the income fell from Rs. 1,025 in 1900-1901 to Rs. 256. The realisation of arrears accounts for the increase at Patna and Bhagalpur; the increase in the other places, and part of that at Bhagalpur, was due to competition among the lessees of the ferries.

20. *Water-rate*.—This rate was in force in 10 Municipalities against 9 in the previous year, having for the first time been levied in the South Dum-Dum Municipality during the year under reveiw. The income of Rs. 2,58,125 shows an increase of Rs. 23,143, which was shared by the Municipalities of Burdwan (Rs. 4,566), Howrah (Rs 9,917), Maniktala (Rs. 4,555), Berhampore (Rs. 1,023) and Arrah (Rs. 1,999). The income fell off at Cossipore-Chitpur, and at Bhagalpur, where the decline amounted to Rs. 1,377. The increase at Howrah and Burdwan was due to the extension of the service and at Maniktala to the raising of the rate from 1½ to 3 per cent. on the annual value of holdings. Recovery of arrears accounts for the increase at Arrah. There was a decline at Bhagalpur, due to the causes mentioned in paragraph 10.

21. *Lighting-rate*.—The income which amounted to Rs. 86,208 rose both at Howrah and Darjeeling, where the rate is in force by Rs. 2,754 and Rs. 13,049, respectively. At Darjeeling the increase was due mainly to the inclusion under this head of the amounts realized for making private connections during the year under report, which in previous years were credited under "Actual cost of private works."

22. *Conservancy, including scavenging and latrine rates.*—The revenue under this head, which amounted to Rs. 7,45,156, shows an increase of Rs. 74,382, or 11·0 per cent. over the income during the previous year. The increase occurred mainly in the Municipalities of Burdwan (Rs. 3,393), Hooghly and Chinsura (Rs. 2,312), Howrah (Rs. 23,052), Titagur, (Rs. 2,645), Garden Reach (Rs 2,767), Dacca (Rs. 2,947), Gaya (Rs. 5,062), Muzaffarpur (Rs. 7,907) and Jamalpur (Rs. 2,208). The increase is generally attributed to more efficient administration, whilst at Gaya the previous year's accounts showed only the income for three months, and at Titagur the rate was raised.

Several Municipalities continued their efforts towards making the trenching-grounds a source of income; but, as in previous years, the result was trifling. Monghyr and Ranchi were most successful in the disposal of their sewage.

23. *Tax on persons according to their circumstances and property within the Municipality.*—The total revenue of Rs. 5,70,632 shows a small increase of 8,217 as compared with the previous year. The increase was shared by several Municipalities and was marked in Arrah (Rs. 2,735) and Balasore (Rs. 2,235). Revision of assessment and collection of arrears account for the increase. The income declined by Rs. 2,567 at Dinajpur, Rs. 2,059 at Puri, and Rs. 1,565 at Cuttack. At Dinajpur the decline is only apparent, as there was a corresponding increase in the income under the tax on houses and lands of Rs. 2,022, and at Puri this system of taxation, which was introduced experimentally, was abandoned. Short collections are responsible for the decline at Cuttack.

24. *Grants from Provincial and Local Funds and contributions by private individuals.*—The total receipt amounted to Rs. 3,14,786, showing an increase of Rs. 19,143. The contributions were for medical purposes Rs. 1,74,267, education Rs. 8,487, and for general purposes Rs 1,32,032.

25. *Gifts of money or land and works of public utility executed by private individual.*—Many instances of private liberality are brought to notice in the Commissioners' reports which will be noted in a separate Resolution. The most important were a gift of Rs. 15,000 from the late Nawab of Dacca for a hospital at Patuakhali, and another of Rs. 12,000 from Babu Ugar Mal Lohia for the construction of a building at the burning ghat at Sibpur in Howrah.

*Expenditure.*

26. The total expenditure in the Municipalities of the Province (excluding Calcutta,) amounted during the year to Rs. 45,56,164, against Rs. 43,72,575 in 1900-1901, being an increase of Rs. 1,83,589. The year closed with a balance of Rs. 6,06,188, against Rs. 6,05,075 in the preceding year. The percentages which the expenditure under each of the principal heads bore to the total outlay (excluding debt and suspense heads) in each of the past five years) are as follows:—

| Year. | General establishment. | Lighting. | Water-supply. | Drainage. | Conservancy. | Medical. | Vaccination. | Public Works. | Education. |
|---|---|---|---|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
| 1897-98 ... | 10·4 | 7·2 | 7·4 | 3·2 | 30·3 | 9·7 | ·57 | 17·1 | 3·7 |
| 1898-99 ... | 10 6 | 4·4 | 5·9 | 3·4 | 31·7 | 10·5 | ·5 | 16·3 | 3·4 |
| 1899-1900 ... | 10·4 | 5·8 | 6·5 | 3 5 | 29·5 | 10·5 | ·5 | 18 3 | 3·4 |
| 1900-1901 ... | 11·4 | 5·7 | 6·7 | 5·2 | 31·1 | 11 5 | ·53 | 15·0 | 3·3 |
| 1901-1902 ... | 10·0 | 6 0 | 6·1 | 4·2 | 31·3 | 11·8 | ·53 | 16·5 | 3·2 |

The percentages for the past year shown in the table above are exclusive of expenditure met from loan funds.

27. The following statement shows the expenditure of 1901-1902 under the main heads, compared with that of the previous year:—

| Heads of Expenditure. | Total expenditure in 1901-1902. | Comparison with 1900-1901. | | |

28. *Office and Collection Establishment.*—The expenditure under this head is growing in spite of the careful scrutiny of the annual estimates by the Commissioners of Divisions. A standard has recently been prescribed by the Presidency Commissioner fixing $7\frac{1}{2}$ per cent of the collections as the standard cost of management in Municipalities. It is hoped that this order will produce a good effect in the future, but at present the average is over 10 per cent. In the case of two Municipalities in this Division a preaudit of establishment bills by the Magistrate's office was ordered, and was successful in checking irregular and unauthorised expenditure.

29. *Prevention of Fire.*—The expenditure under this head shows a decline of Rs. 1,326. As in previous years, almost the entire amount of the charge was incurred in the Municipalities adjoining Calcutta which are served by the Metropolitan Fire-brigade.

30. *Street Lighting.*—The expenditure rose from Rs. 2,20,292 in 1900-1901 to Rs. 2,44,816, showing an increase of Rs. 24,524, or 11·1 per cent., which occurred mainly in the Municipalities of Howrah (Rs. 15,805) and Darjeeling (Rs. 10,001). The payment of arrear gas-bills at Howrah and the purchase of materials for the electric-light installation at Darjeeling account for the rise of expenditure in those places. The only other Municipality which is lighted with electricity is Dacca, but the installation, which was a gift of the late Nawab Sir Khwaja Ahsanullah Bahadur, K.C.I.E., is in the hands of a board of trustees, the Municipality only contributing for the lighting of the streets the amount it formerly used to spend on oil-lamps.

31. *Water-supply.*—The expenditure under this head was Rs. 2,49,351, showing a decline of Rs. 10,911, or 4·1 per cent. The decrease was mainly in the Municipalities of Darjeeling, Dacca and Bhagalpur, where the expenditure declined by Rs. 15,576, Rs. 2,051 and Rs. 13,030, respectively, whilst on the other hand the expenditure increasd in the Municipalities of Cossipore-Chitpur (Rs 3,078), Maniktala (Rs. 3,112) and Berhampore (Rs. 5,978). The whole of Cossipore-Chitpur and a portion of Maniktala receive a supply of filtered water from the mains of the Calcutta Corporation. The Municipal Commissioners of Maniktala spent Rs. 4,828 in replacing 2,450 feet of existing pipes by others of a larger dimension. The Commissioners intend to extend the water supply further in that Municipality at an estimated cost of Rs. 99,981, and the proposals are under the consideration of Government.

The scheme for the supply of filtered water in the Garden Reach Municipality has already been sanctioned, and a loan of Rs. 45,000 has been granted for the purpose. The work will be undertaken during the current year. The filtered water scheme for the South Suburban Municipality, as well as a loan of Rs. 29,000 for its execution, has also been sanctioned by Government. Some of the Mill authorities in Naihati, Bhatpara, Titagur and Garulia continued to supply filtered water to the public free of charge from their mills. It is proposed to extend this system, so as to provide the entire population of these Municipalities with filtered water at a small cost. The supply of filtered water at Berhampore is giving general satisfaction, and the Larymore boiler put up at Barasat continued to yield excellent water. The decrease of expenditure at Darjeeling was due to the absence of expenditure on new works. A revised scheme has been sanctioned for the improvement and extension of the water supply, which is estimated to cost Rs. 1,87,893. The decline at Dacca was in the cost of maintenance of the water-works in that town. At Bhagalpur the payments of the previous year were unusually high, which accounts for the decrease of expenditure during 1901-02 The difficulties of connection with the river have been partially removed, but the reservoirs and house-connections gave trouble during the year.

The Officiating Lieutenant-Governor is gratified to find from the reports that considerable activity was displayed during the year in several Municipalities in excavating tanks and sinking masonry and tube-wells, in improving existing sources of supply, and especially in reserving selected tanks and wells for drinking and culinary purposes. The provision of a filtered water-supply is beyond the means of any but the larger and more wealthier municipalities, but almost every town can do something to extend or improve its water-supply, a measure of real and widespread beneficence.

32. *Drainage.*—The total expenditure was Rs. 1,72,151, showing a decrease of Rs 31,368, or 15·4 per cent., as compared with the expenditure of the previous year. This decrease occurred under capital outlay, the maintenance charges showing a small increase of Rs. 1,637. The decrease was shared mainly by the Municipalities of Krishnagar (Rs. 5,104). Darjeeling (Rs. 3,395), Rangpur (Rs. 4,459), Patna (Rs. 22,186), Tikari (2,051) and Monghyr (2,013), whilst there were comparatively large increases at Howrah (Rs. 3,134), Asansol (Rs. 2,899) and Raniganj (Rs. 3,240). Large capital expenditure which was incurred in the previous year on the improvement of drains accounts for the apparent decline in the Municipalities named above. The improvements at Monghyr were continued, and an outfall scheme is being carried out. Schemes

for the improvement of drainage have been prepared for the Municipalities of Cossipur-Chitpur and Maniktala, and the latter is now before the Sanitary Board. It is satisfactory to find from the reports that steps are being taken in several other Municipalities for the improvement of drainage. The report of the Commissioner of Dacca is, however, silent on the subject, although the need of a drainage system in Dacca is urgent, and specially attracted the attention of the late Lieutenant-Governor when he visited the town in August last. In Howrah, where a good system of drainage has long been urgently required, nothing was done beyond the appointment of a surveyor and some *coolies* to take levels. The Officiating Lieutenant-Governor hopes that more effective action will be taken during the course of the current year. The Chairman of the Chittagong Municipality complains of the injury to the health of the town caused by the overgrowth of jungle and want of drainage in private premises. Section 195 of the Act is intended to meet such cases, and should be put in force if necessary.

33. *Conservancy, including road-cleaning, road-watering and latrines.*—The expenditure of Rs. 12;68,329 shows a large increase of Rs. 59,715, or 4·9 per cent., as compared with the previous year. Taking the Municipalities in groups of Divisions, the increase was shared by those of the Burdwan, Presidency, Rajshahi, Orissa and Chota Nagpur Divisions, those in the two first named Divisions showing the largest increases of Rs. 35,803 and Rs. 29,015, respectively. The expenditure declined in the rest of the Divisions, and most markedly in the Patna Division, where it fell by Rs. 13,554. The increased expenditure of Rs. 20,742, Rs. 3,195 and Rs. 2,476 incurred by the Municipalities of Howrah, Burdwan and Midnapore contributed mainly to the large increase returned from the Burdwan Division. At Howrah the increase was due to the large purchase of disinfectants, higher prices of fodder, acquisition of land, the construction of bacteriological filters, purchase of a number of sullage carts, and the payment of all bills received up to March. The other Municipalities which returned comparatively large increases of expenditure in the other Divisions were Cossipore-Chitpur (Rs. 5,139), Maniktala (Rs. 3,013), Garden Reach (Rs. 2,182), Budge-Budge (Rs. 4,313), Titagarh (Rs. 4,239), Darjeeling (Rs. 3,674) and Cuttack (Rs. 2,355). On the other hand the expenditure declined largely in the Municipalities of Narainganj (Rs. 4,169), Patna (Rs. 3,594), Bihar (Rs. 15,670) and Monghyr (4,890). At Monghyr the decline was due to the fact that in the previous year an increased expenditure was incurred to secure greater cleanliness of the town so as to prevent the importation of plague. No explanation has been given of the decline of expenditure in the other towns, and the decline in Dacca, where the Magistrate reports "a crying necessity for further improvements in conservancy," is especially to be regretted. The Commissioner of the Presidency Division brings to notice the refusal of the Commissioners of the Santipur Municipality to introduce the provisions of Part IX of the Act in spite of the proved pollution of the wells, which are the source of water-supply, by well-privies, which abound in the town. The Officiating Lieutenant-Governor hopes that the Commissioner will be able to overcome this difficulty. A scheme for the conservancy of the town has been prepared, and should be introduced without delay. The improvement of *bustees* in Municipalities near Calcutta is being taken up systematically under section 245 of the Municipal Act, but progress is necessarily slow.

The expenditure on conservancy exceeded 50 per cent. of the total expenditure in five towns, viz., Titagarh (64·5), Baranagar (53·2), Garulia (53·4), Bhatpara (50·7) and Noakhali (51·0). The first four Municipalities are largely managed by the mill authorities, and the Officiating Lieutenant-Governor congratulates them on the attention paid to this important branch of administration.

34. *Hospitals and Dispensaries.*—The expenditure under this head rose from Rs. 4,45,642 in 1900-1901 to Rs. 4,48,847. The increase was shared by the Burdwan, Presidency, Chittagong and Chota Nagpur Divisions, and was largest in the Presidency Division. The expenditure declined in the remaining Divisions, and the fall was largest in the Dacca Division, where it amounted to Rs. 9,517. The increase of Rs. 12,460 at Howrah accounts mainly for the increase in the Burdwan Division; but no explanation has been given. Large increases of expenditure are also returned by the Municipalities of Baranagar (Rs. 7,654),

Cossipur-Chitpur (Rs. 4,951), Maniktala (Rs. 2,367), Darjeeling (Rs. 4,035), Rangpur Rs. (2,306), Monghyr (Rs. 4,358), Bhagalpur (Rs. 3,314), Comilla (Rs. 3,217) and Purulia (Rs. 3,694). The employment of two plague Health Officers and a gang of *coolies* accounts for the increase at Baranagar and Cossipur-Chitpur, and at Darjeeling it was due to the purchase of more European medicines and instruments for the dispensary and the provision of increased accommodation in the small-pox hospital. The construction of a ward for female patients contributed to the increase at Comilla and Purulia, and at the latter place a separate hospital was also built for contagious diseases. Large decreases of expenditure occurred in the Municipalities of Narainganj (Rs. 10,241), Dinapur (Rs. 3,328), Gaya (Rs. 10,691) and Puri (Rs. 4,826). The cost of a new dispensary building, constructed at Narainganj in the previous year, accounts for the apparent decline in the year under review. Payment of arrear bills in the previous year, reduction of plague charges, and the completion of certain works of improvement in the previous year were, respectively, responsible for the decline of expenditure in the other towns. Only two Municipalities, against five in the previous year, incurred no expenditure whatever on medical aid.

35. *Vaccination.*—The total expenditure under this head of Rs. 21,523 shows a small increase of Rs. 749. The best work was done in the Monghyr and Bhagulpur Municipalities, where each operator performed over 1,400 operations at an average cost of about 3 annas.

36. *Public Works.*—The expenditure under this head rose from Rs. 5,83,174 to Rs. 6,69,533, showing a large increase of Rs 86,359. The increase occurred under all the sub-heads—"Establishment," "Buildings," "Roads," and "Stores," and was largest under "Roads," being Rs 55,824.

37. *Public Instruction.*—The expenditure under this head, which amounted to Rs. 1,32,340, shows a small increase of Rs 5,417. The expenditure on primary education was Rs. 67,090, or 2·5 per cent. of the aggregate ordinary income of the Municipalities in Bengal. This falls below the standard of 3·2 per cent. prescribed by Government, and the Officiating Lieutenant-Governor desires that the controlling authorities will see that during the current year a proper provision, suitable to the different Municipalities, is made for the extension of primary education. Mr. Stevenson-Moore has shown the great need for this in the industrial Municipalities of the 24-Parganas, and his remarks will be considered in the Education Department. The wealthy Municipalities of the Burdwan and Dacca Divisions are the most backward in providing for primary schools.

38. *Loans.*—The South Suburban and Baraset Municipalities in the Presidency Division, and the Dinajpur and Darjeeling Municipalities in the Rajshahi Division, obtained loans of Rs. 29,000, Rs. 1,100 (being the second instalment of the loan), Rs. 10,000, and Rs. 20,000, respectively, from Government. The first two loans were for the improvement of water-supply, and the others for improvement of drainage and for the electric light installation at Darjeeling.

39. *Financial condition of Municipalities in debt to Government.*—All the Municipalities indebted to Government paid the interest and instalments on their loans in full, and no instance of default was brought to the notice of Government. There appears from the accounts to be no danger that any of the Municipalities in debt to Government will be unable to meet their liabilities in future.

40. *Audit of accounts and embezzlements.*—A considerable number of cases of embezzlement came to notice during the year under review, most of them being facilitated by laxity of supervision over the collection establishment. The defalcations occurred in the Municipalities of Hooghly and Chinsura, Serampur, Azimganj, Garulia, Narainganj, Netrokona, Patna, Gaya, and Bhagalpur. Considering the simple nature of Municipal accounts, the carefully prepared account rules, and the system of regular audits, it is much to be regretted that so many cases of embezzlement have to be chronicled every year. No less than six cases occurred in Bhagalpur, the offenders being the tax-collectors of the Municipality. The circumstance is discreditable to the administration of the collection department.

41. *Working of the Porters and Dandiwallas Act.*—Bengal Act V of 1883 for the control of porters and *dandiwallas* was in force only in the Darjeeling Municipality. The total number of porters and *dandiwallas* registered during

the year was 843, against 775 in the previous year. There were 12 prosecutions against 23 in 1900-1901, and the amount of fines realized was Rs. 11-10 Three licenses were cancelled during the year. The law continued to be worked carefully and to produce good results.

42. The Divisional Commissioners have reported favourably on the general working of the Municipalities of the Province, with a few exceptions, which include those situated in the Nadia District and the Municipality of Pabna. The main difficulty is to secure a full and equitable assessment, and suggestions are made that in all cases joint assessors should be appointed. The defects in assessments are responsible not only for insufficient revenues, but also for delay and friction in the collection of taxes, which react upon the whole system of administration. In other respects there is evidence that the Commissioners have worked well for the improvement of their Municipalities and there are few complaints of lethargy or of difficulties caused by party spirit. The year has generally been one of steady improvement. Taxes have on the whole been collected with greater punctuality. The percentage of expenditure on administration has decreased, while the amounts spent on the main branches of municipal administration have increased. A readiness has been shown to initiate and carry out large schemes for water-supply and drainage, especially in the towns near the metropolis. The Chairmen and Vice-Chairmen are generally reported to have done good work, and the Officiating Lieutenant-Governor gladly acknowledges the services of those gentlemen, who have been especially mentioned by the Divisional Commissioners. It would be well if, as required by the Commissioner of Burdwan, the mass of the Commissioners would take interest in the daily work of their establishments and would supervise local works and prevent encroachments and nuisances, but so long as the presiding officers of the Municipalities are active and zealous, the Officiating Lieutenant-Governor is confident that the progress of the last few years will be maintained. He is glad also to notice that the relations between the Committees and the local authorities are satisfactory, and that the latter have been careful to give that personal attention to Municipal administration which is so valuable in stimulating local interest and in improving efficiency.

By order of the Offg. Lieutenant-Governor of Bengal,

E. W. COLLIN,

*Offg. Secretary to the Government of Bengal.*

## RESOLUTION ON THE REPORT ON PLAGUE IN CALCUTTA FOR THE YEAR MAY 1901 TO JUNE 1902.

MUNICIPAL DEPARTMENT—MEDICAL (PLAGUE).

*Calcutta, the 27th November 1902.*

RESOLUTION No. 1795 $\frac{\text{Medl.}}{\text{P.}}$

READ—

The letter of the Chairman, Calcutta Corporation, No. 9922H., dated the 2nd September 1902, forwarding the Annual Report of the Special Health Officer on Plague in Calcutta during the year 1901-1902.

THE Acting Lieutenant-Governor has read with great interest the report submitted by Major H. E. Deane, R.A.M.C., Special Health Officer, on plague in Calcutta for the year May 1901 to June 1902.

2. Following the course which it took in the two previous years, the disease, which existed in a sporadic form from May to December, broke out in an epidemic form in January, and died down again in June. Compared with the outbreak in 1901, the epidemic began earlier in the year under review, its growth and decline were rapid, and it failed to reach the same degree of intensity. The total number of recorded deaths is shown as 6,925 against 7,398 in 1901 and 7,373 in 1900. The number of attacks reported was 7,418, and the percentage of deaths was 93·3. The mortality among cases seen alive was 71·6 per cent. and among cases admitted to hospital 82·2. This would appear to indicate that a number of cases in which the patients recovered were not reported. The ratio of deaths to attacks in India generally is 77·3 per cent., while the ratio in the chief towns of India is 83·3 per cent. In Bengal, outside Calcutta, the percentage of deaths last year was 86·1, but it is impossible to say whether this lower percentage is due to more healthy conditions in the mufassal and to the greater facilities which there exist for evacuating houses, or to defective reporting and diagnosis. Separate enquiries show that in Calcutta there is still some concealment of cases which do not end fatally, especially among Muhammadans, but the Acting Lieutenant-Governor is disposed to agree with Major Deane that on the whole the mortality from plague is accurately recorded. The proof of this is that the record accounts fully for the excess of mortality in the town.

3. Major Deane's report discusses with great caution the various conclusions which may be suggested from the experience of the last three years as to the course of the disease, the cause of infection, and the methods of preventing the spread of plague, and it would appear that our knowledge of the subject has not materially advanced. He is inclined to think that the spread of the disease in Calcutta, as compared with other towns of India, is to some extent checked by the comparatively free ventilation of the city and the exposure of the germs to the action of sun and wind which is caused by the existence of *bustis* and other open spaces. The conditions specially favourable for plague are darkness and absence of ventilation; and where they prevail, as in Wards Nos. V, VI, VII and VIII, the epidemic is severe. In *bustis* the cases are more scattered than among the crowded masonry buildings and narrow streets of the wards noted above. These facts show the necessity of opening up these wards with streets, and of carrying out the improvements suggested by the Building Commission which considered the subject in 1897. With regard to infection, Major Deane is disposed to think that the disease is not highly contagious, but that the infectious matter is conveyed by the air or some other medium to the localities which are suitable for its growth. He is not in favour of the theory that infection is carried by rats, though this opinion is strongly held by the District Medical Officers

4. With regard to the measures of defence against plague, Major Deane argues that it is of the greatest importance to provide for the immunity of man and his surroundings. It appears to be impracticable in the present conditions of life in Calcutta to provide an artificial immunity, and the fact that only 40

persons were inoculated during the year confirms the conclusion. The Acting Lieutenant-Governor, however, observes that in some conditions inoculation is practicable, and attention is directed to the successful results which were obtained in the district of Gaya during the epidemic of 1901, an account of which is given in the extract appended.

5. Of the other more practicable measures of defence against plague, the report adds testimony to the value of disinfection, especially when it is accompanied by the demolition of infected huts. The effect of demolition could not be fully tested, as it was, in accordance with the rules, confined to non-masonry buildings, and in many cases could not be carried out until the epidemic had effected a lodgment. The result, as stated by Major Deane, was that "many lives were saved by demolition. Only three or four cases occurred among the inhabitants after removal," and these may have been due to previous infection. The Acting Lieutenant-Governor is pleased to observe that the action taken in this direction was successful. It is not, however, capable of great extension, as it is difficult to house the families whose huts are destroyed. But such demolition is evidently of considerable value in clearing away centres of the disease, which could not be removed by disinfection. The evidence of the value of disinfection continues to increase, and it is satisfactory to learn that the disinfection of every plague-infected room and of the surroundings of the houses has been carried out with the general good-will of the people. There is no suggestion in the report that a general disinfection of dangerous localities should be carried out in anticipation of plague, as was done in 1900, and the experience of the past year seems to show that such action is not required. It is satisfactory to find that no serious difficulty has been found in carrying out the work of the department. Advice and warnings have generally induced the owners or occupants of huts to carry out the work of demolition, while there was no opposition to the disinfecting operations. The Corporation are co-operating in the efforts to stop the disease by the sanitary improvement of *bustis* and other parts of the town.

6 The Acting Lieutenant-Governor cordially acknowledges the good work done during the year by the Special Health Officer and the District Officers and their staffs. He regrets to notice that there were 13 cases of plague among the staff, but it appears that the cases were, generally of mild type, and it is not clear that they were contracted in the course of plague duty. The thanks of the Government are due to Major Deane and the District Medical Officers for their reports and notes on the year's work.

By order of the Acting Lieutenant-Governor of Bengal,

E. W. COLLIN,

*Offg. Secretary to the Govt. of Bengal.*

## INOCULATION AGAINST PLAGUE.

*Extract from a Note recorded by the District Magistrate of Gaya in regard to the Inoculation against Plague in that District in 1901.*

PARA —8. In the Gaya town some 3,716 persons were inoculated by the Civil Surgeon and his assistants up to the 31st March 1901. Careful enquiry was made to discover if any of these persons became attacked with plague, and if they were, to record the result. I should note here that the plague germ is supposed to incubate for eight or ten days, which means that the germ may attack a person to-day, but that person may not develop signs of the disease for eight or ten days. Now, of all the 3,716 persons inoculated in Gaya town up to the 31st March, we discovered 31 that were subsequently attacked with the disease. Of these 27 recovered and 4 died. Of those that died, 3 died within ten days after inoculation, that is to say, that they may have had the disease before inoculation, in which case inoculation had not a fair trial: only 1* died after the period of ten days. So we find, as far as our information goes, that of 3,716 persons inoculated, only 31 were attacked with the disease, and only 1 died after the ten-days' period. Now the population of Gaya town at the census of 1891 was about 80,000. Of these a large number had left the town at the outbreak of the epidemic; say 60,000 remained in the town. This is possibly a large estimate, but let it be said then that 56,000 were not inoculated. The total number attacked from plague and suspected fever up to the 31st March was 4,720, and the total number of deaths was 4,643. Allowing for the persons inoculated, we may assume that of 56,000 persons not inoculated, 4,689 were attacked by plague and suspected fever, and 4,639 of these died. Taking the returns of only such attacks and deaths as the people themselves admitted to be plague, we have 56,000 persons not inoculated, 1,558 attacks from plague, and 1,517 deaths.

* And this was declared a doubtful case of plague by the Civil Surgeon.

9. Taking only such as the people admitted to be plague, we find that among uninoculated persons about 2·8 per cent. were attacked and 2·7 per cent. died. Taking all cases of suspected fever as well as admitted plague, we get 8·3 per cent. attacked and 8·2 per cent died, whereas among those inoculated only 1·2 per cent. were attacked, and only 0·2 per cent. died.

10. Taking, therefore, only cases admitted to be plague, we find the proportion of deaths among the uninoculated to be 14 times greater than among the inoculated; and taking all deaths from suspected fever as well, the greater part of which were no doubt deaths from plague, we get the proportion of deaths among the uninoculated to be 41 times greater than among the inoculated. These figures are for the town of Gaya. They should be regarded as only approximately accurate; but they are as accurate as possible in the circumstances.

11. Mr. Musavi, the officer then in charge of the Jehanabad Circle of the Tikari Ward's Estate, kindly prepared for me figures showing the result of inoculation carried out under his supervision in the Jehanabad Circle, obtained by personal enquiry and by checking the reports of his own subordinates. I give his figures—

| | |
|---|---|
| Number of persons in houses in which inoculation was done ... | 985 |
| Ditto in those houses that were inoculated ... | 302 |
| Ditto ditto that were not inoculated ... | 683 |
| Number of deaths among inoculated ... ... ... | 6 |
| Ditto ditto uninoculated ... ... ... | 57 |

These figures show that of persons uninoculated 8·3 per cent. died, while among those that were inoculated only 1·9 per cent. died, and of these many may have been attacked before inoculation. These figures are collected from the statistics of many villages, the details of which are in the Magistrate's office.

12. Mr Wright, the Manager of the Deo Estate, writes that 937 persons were inoculated in Deo. Of these, 11 persons only were attacked with plague and only 6 died within 10 days of inoculation. These figures show that only 1·1 per cent. of inoculated persons were attacked, and 0·6 per cent. died, and that all the deaths occurred within the ten-days' period. These figures may be regarded as reliable, as the inoculations were performed under Mr. Wright's own supervision, and he made personal enquiry as to the result.

13. On the 31st day of May last, the late Mr. Burton, then in charge of the Aurangabad Circle of Tikari Ward's Estate, wrote to me as follows of the results of inoculation carried out under his supervision:—

"In all 5,780 persons were inoculated while the Doctor Babus were with me. Up to date I have not had a report of a single death after inoculation from 'plague.'"

14. Mr. Ogilvy, Manager of the Tikari Estate, gave me the following statistics on the 11th May last:—

"*Singhi.*—Every inhabitant, male and female, inoculated. One or two deaths after inoculation within the first week. None, as far as I know, later."

"*Gandrap.*—Every inhabitant inoculated. Deaths ceased afterwards. Had been three or four deaths."

"*Dhanhsir.*—Every soul inoculated. No case. Village infected (rats dying)."

"*Bham.*—Every soul inoculated. No cases (rats died)."

"*Birnawa.*—Every soul inoculated. No cases (rats died)."

"*Anti.*—A large proportion of inhabitants inoculated. No cases after inoculation: 25 to 30 deaths amongst uninoculated."

"*Achhki.*—General deaths prior to inoculation. Every soul inoculated. No subsequent cases as far as heard."

"*Simri.*—Almost whole village inoculated. No cases."

"*Banchar.*—Whole village inoculated. No cases."

Mr. Coates, District Superintendent of Police, gave me the following account of his enquiries:—

"*Khaira.*—Outpost Rafiganj; some inoculated; most not. Inoculated, no deaths: uninoculated, a number of deaths. Results—all uninoculated subsequently got done."

"*Bhadwa.*—Outpost Rafiganj; some inoculated; most not done. Amongst those inoculated 7 got plague and recovered; amongst uninoculated no recoveries."

"*Pogar*—Outpost Rafiganj, 4 miles west. Numerous cases of plague. Daily deaths. Messrs. Ogilvy and Burton then went there and got every man, woman and child done. Not another case of plague after it was done."

"*Baruna.*—Near Pogar. Every man, woman and child inoculated. Subsequently village became plague-infected. Rats died, but not one case of plague amongst the inhabitants."

"*Khiriwan.*—Near Madanpur outpost. Deo Raj arranged to inoculate 200 or 250, but when Civil Hospital Assistant went there, all refused: reason, the Mullah (a Jolaha) had forbidden it. Result—200 or 300 deaths from plague, mostly Jolahs, and amongst the number our friend the Mullah."

15. Making every allowance for the unavoidable difficulty of obtaining accurate statistics in respect of inoculated persons after they have gone to their houses, it must be admitted that the figures afford conclusive evidence of the marked efficacy of inoculation. Looking at inoculation from the point of view of a preventive, the results are still more striking; while in the case of uninoculated we find that nearly all who were attacked died, in the case of those who had been inoculated we find that out of the 42 attacks of which we have authentic information, only 1 died after the ten-days' period. It must also be recollected that the people were at first doubtful of the value of inoculation and were inclined to ascribe bad effects to it, and hence perhaps the tendency was to exaggerate the number of deaths after inoculation rather than to minimise it. But the most striking evidence of the value of the measure as a preventive was its great popularity latterly, after its effects had been experienced by the people, which was shown by the readiness with which they came forward to be inoculated in February, March, April and May in the western parts of the district, where trained medical officers had been deputed for the purpose. In all some 23,000 persons were inoculated of their own free will in the Gaya district.

# REPORT ON THE STATE OF THE SALT MARKET FOR THE SECOND QUARTER OF 1902-1903.

No. 1348B., dated Calcutta, the 22nd November 1902.

From—H. WHEELER, Esq., Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

THE HON'BLE MR. BOLTON, C.S.I.

I AM directed to submit the following report on the state of the salt market for the second quarter of the year 1902-1903, comprising the months of July, August and September 1902.

2. The quantity of salt of every description cleared during the quarter amounted to 28,29,527 maunds, as compared with 32,49,311 maunds in the preceding quarter, and 28,29,273 maunds in the corresponding quarter of the previous year; and the net amount of duty levied thereon was Rs. 66,14,043, against Rs. 76,80,087 in the previous quarter, and Rs. 66,07,664 in the corresponding quarter of the previous year.

3. The balance in hand of locally-made salt in Orissa was exhausted in the previous quarter and there was no fresh manufacture.

4. The subjoined Table (I) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

TABLE I.

Compared with the corresponding quarter of the previous year there was a marked decrease in the importations of salt but a slight increase in the quantity cleared

5. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the previous four quarters:—

Stocks at the close of the quarter under review were larger than those of the previous quarter and greatly in excess of those of the corresponding quarter of the previous year.

6. The despatches of salt from Calcutta by boat and by the several railways passing through the different pass-stations into the interior of the country, both east and west of the river Hooghly, as well as the despatches by steamers and flats during the quarter and the corresponding quarters of the last two years are shown in Table III below:—

7. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 810 maunds, against 1,620 maunds in the previous quarter and 810 maunds in the corresponding quarter of the previous year.

8. The quantity of saltpetre salt excised in the refineries of the Lower Provinces during the quarter amounted to 3,187 maunds as compared with 4,742 maunds in the previous quarter, and 2,814 maunds in the corresponding quarter of the previous year.

9. The shipments of Liverpool salt during the quarter for the port of Calcutta, according to the published market reports, amounted to 18,300 tons. It is reported that no vessel for Calcutta with salt from Hamburg was afloat at the end of the quarter.

10. Table IV shows the average wholesale prices per 100 maunds of Liverpool and other descriptions of salt during each fortnight of the quarter:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

(a) The decrease is due to movements of pilgrims on the occasion of an eclipse of the sun and to the running of special and extra troop trains in the corresponding period of 1901.

(b) The increase is chiefly in coal, cotton, food grains and military stores.

## NOTIFICATION—No. 5323A.

*The 9th December 1902.*—The following notification regarding an examination for admission to the Executive Branch of the Provincial Civil Service and to the Subordinate Civil Service to be held in 1903 is published for general information.

1. An examination of candidates for appointment as Deputy Collectors and Magistrates and as Sub-Deputy Collectors will be held in Calcutta in April 1903 on dates to be notified hereafter.

2. All candidates for examinations shall apply in writing to the Under-Secretary in the Appointment Department not later than the 1st of March 1903. The application shall be accompanied by a fee of Rs. 20 and by certificates to the following effect :—

(1) That on the 1st April 1903 the candidate's age will not exceed 25 years. This certificate should be supported by the candidate's horoscope, or if the horoscope cannot, for sufficient reason, be produced, by other sufficient evidence, such as the sworn affidavit of a near relation. This condition of age may be relaxed on sufficient grounds being shown in favour of persons already in the Government service who may be considered suitable candidates for these appointments.

(2) That he is of good moral character.

(3) That he has passed the B.A. examination of the Calcutta University, or that he has received an education not below the standard of such examination.

(4) That he is of active habits and able to ride. The certificate must be signed by a District Officer (or, in his absence from head-quarters, by the Joint-Magistrate in charge), or by the Commissioner or Deputy Commissioner of Police, Calcutta.

The certificates (2) and (4) of the preceding year will in no case be accepted, and fresh certificates must be produced.

Each candidate shall also submit a statement showing the landed property owned by him, or in which he may have any interest, or which may be held by and managed by his wife or by any other member of his family living with or in any way dependent on him.

The Lieutenant-Governor may at his discretion call for such additional proof as he may think fit in reference to any of the above points.

3. No candidate who is already serving under another Government will be allowed to compete unless he obtains the previous permission of that Government.

4. The subjects of examination and the marks to be awarded will be as follows:—

(*a*) *English.*—The examination will be so arranged as to test a candidate's ability to write correct and idiomatic English, and will include précis-writing and letter-drafting. In awarding marks in these papers, great weight will be attached to good and legible handwriting.

(*b*) *Vernacular.*—Candidates will be examined in one of the following languages at their option:—Bengali, Urdu, Hindi, and Uriya. The examination will include—

(1) Translation into English of proceedings, petitions, reports, &c., written in manuscript.

(2) Translation from English into the vernacular selected.

(*c*) *Law*—

(1) Regulation I of 1793 and Field's Introduction to the Regulations, Act VIII of 1885, Regulation VII of 1822; Act I of 1894.

(2) The Penal Code; the Code of Criminal Procedure; the Code of Civil Procedure; the Evidence Act.

(*d*) *Surveying.*—Survey and mensuration.

The marks will be given on the following scale:—

| | | | | | |
|---|---|---|---|---|---|
| English | ... | ... | ... | ... | 300 |
| Vernacular | ... | ... | ... | ... | 100 |
| Law ... | ... | ... | ... | ... | 300 |
| Surveying | ... | ... | ... | ... | 100 |
| | | | Total | ... | 800 |

5. A medical certificate in the form annexed will be required from each selected candidate after the examination and before he joins service as a probationer. The certificate will be granted by a Presidency Surgeon, viz., the Professor of Midwifery, Medical College, Calcutta, on the requisition of the Under-Secretary to Government, to whom applications should be made. In the event of the opinion of the Medical Officer being unfavourable to the candidate, an appeal will lie to the Medical Board, and the decision of the Board will be final.

6. It is at present proposed to select six candidates for Deputy Collectorships and three for Sub-Deputy Collectorships. These will at first be appointed as probationers on a subsistence allowance of Rs. 50 and Rs. 30 a month, respectively. The first three candidates on the list in order of merit will be appointed probationers for Deputy Collectorships, and three will be selected by the Lieutenant-Governor from among those who have obtained a minimum of one-third of the total marks. From the remainder of those qualified by obtaining one-third of the marks, the Lieutenant-Governor will select three more candidates as probationers for Sub-Deputy Collectorships.

7. No probationer will be appointed to officiate as a Deputy Collector and Magistrate or as a Sub-Deputy Collector unless he has given satisfactory proof, during his period of probation, of physical and mental capacity and of general good conduct. He must, before appointment, afford such further evidence of his ability to ride as may be required.

## IRRIGATION DEPARTMENT.

*The 9th December 1902.*

*No. 253.—Notification.*—It is hereby notified for general information that, under the powers vested in him by sections XI and XII of Act V (B.C.) of 1864, His Honour the Lieutenant-Governor of Bengal is pleased to pass the following rules for the management of the line of navigation (approximately 4,870 feet in length) connecting the river Madhumati with the river Nobogunga in the Narail subdivision of the district of Jessore and passing through the villages of Telkora and Bordia in the said subdivision, and for regulating the conduct of persons employed for any of the purposes of the said Act.

The 29th October, the 5th, 12th, 19th and 26th November, and the 3rd December 1902.

A draft of these rules as proposed was published in the *Calcutta Gazette* of the dates noted in the margin as Notification No. 214, dated the 28th October 1902.

1. Every vessel on entering the above channel shall be liable to measurement by the officer in charge of the toll station for the purpose of ascertaining the amount of toll to be levied, and shall not be permitted to proceed through the channel unless and until such toll has been paid.

2. The maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act and of these rules, be determined by the following measurements:—

(*a*) The product of half the length of the vessel from stem to stern measured along the water-line, multiplied by the interior greatest breadth of the vessel and by the depth from the water-line to the bottom of the vessel, shall represent the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet rejecting inches. The measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In the case of rafts the product of length multiplied by the average breadth and depth below water-line shall represent the maundage.

(*d*) In calculating the amount of toll to be levied any portion of 100 maunds that is less than 50 maunds shall be omitted, and a fraction exceeding 50 maunds shall be charged as 100 maunds only.

3. No raft shall be admitted into the channel that exceeds 50 feet in length or 5 feet in breadth. No timber, bamboos or grass will be admitted unless securely and compactly bound together in the form of a raft.

4. Every vessel or raft entering the channel shall, on payment of the prescribed toll, be furnished with a ticket. The ticket will specify the date and hour of entry, the maundage of the vessel or raft and the amount of toll paid. It shall also contain the name and residence of the person in charge of the vessel, and shall be signed by the toll-collector issuing it.

5. No vessels whatever except such as are employed on works connected with the maintenance or improvement of the channel shall be exempted from payment of toll

6. Every vessel or raft which has paid toll shall be allowed six hours to pass through the channel, and any vessel or raft remaining in any point of the channel longer than the period aforesaid shall, for each day or part of a day in excess of such period, be liable to fine under rule 7.

7. Any person infringing any of the above rules or resisting or wilfully interfering with their enforcement shall be liable, under section XI of the Canals Act, to a fine not exceeding Rs. 50 for any one offence.

8. The Supervisor shall select sites for the storage of the cargo of boats seized for breach of any of the provisions of the Canals Act.

*No. 254.—Declaration.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of Raghabpur Distributary of the Dhaka Canal, it is hereby declared that for the above purpose a strip of land, about 10,000 feet long, varying in width from 50 feet to 25 feet, measuring more or less 7 3 acres of standard measurement, passing through the villages of Sitalpatee, Partapur, and Raghabpur, pargana Dhaka, zilla Champaran, is required within the aforesaid villages of Sitalpatee, Partapur, and Raghabpur.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Executive Engineer, Champaran Division, Motihari.

| Total ... | 24,000 | 24,000 | 48,000 |

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which

provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1901-1902, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

NOTICE TO MARINERS—No. 339.

[Second Publication.]

### AUSTRALIA—QUEENSLAND.

*Port Curtis—Alteration in marks in North channel.*

WITH reference to Notice to Mariners, No. 228, dated the 28th July last, issued by this office, the British Admiralty has given further notice (No. 769 of 1902) that, in consequence of the closing of the North channel into port Curtis, the undermentioned alterations have been made:—

(*a*) The white fixed light on East Point, situated about 10 cables to the north-eastward of Gatcombe head light, has been discontinued.

(*b*) Junction buoy, situated about 6 cables S. 9° W., from Gatcombe light, has been replaced by a light boat exhibiting a *red fixed* light.

(*c*) The red sector exhibited from Gatcombe head light has been discontinued; the light now shows *white* from the bearing of N. 46° W., through north, to N. 65° E.

These alterations are in addition to the discontinuance of those marks given in Notice to Mariners, No. 412 of 1902, which were:—The black buoy situated at a distance of 14 cables S. 84° E. from East Point light, the red buoy situated 1¾ cables S. 40° E. from Settlement Point, Oyster rock light, and the light-buoy, exhibiting a white fixed light, situated about 3 cables S. 24° W., from Oyster rock light.

## RESOLUTION REVIEWING THE ADMINISTRATION REPORT OF THE CALCUTTA MUNICIPALITY FOR THE YEAR 1901-1902.

MUNICIPAL DEPARTMENT—MUNICIPAL.

*Calcutta, the 3rd December 1902.*

RESOLUTION—No. 3106M.

READ—

The Administration Report of the Calcutta Municipality for the year 1901-1902;

Read again—

The Reports for the years 1899-1900 and 1900-1901 and the Resolutions recorded by Government thereon.

THE Calcutta Municipal Administration Report for 1901-1902, which is the second year during which the amended Municipal Act has been in force, shows that the revised constitution continues to work smoothly and to produce good results. The Commissioners have discharged their duties zealously. The Corporation met 23 times during the year, and on an average over two-thirds of the Commissioners attended each meeting. The General Committee held 56 meetings, and the average attendance was 10 out of 12. There were

10 Special Committees and 19 Sub-Committees appointed during the year, and it is evident from the report that much good work was done by them. The report is not altogether in the form which was accepted by the Corporation in their Secretary's letter No. 2881M., dated the 14th March 1902, and upon this point separate orders will be passed. Nor has the report been reviewed by the General Committee, as required by section 17 of Act III of 1899. In the Resolution of Government, dated the 21st September 1900, reviewing the report for 1899-1900, it was pointed out that (as in the present year) the Chairman had forwarded copies of the proceedings of the General Committee and of the Corporation at meetings held to consider the report, but that this action was not in exact compliance with the law. What is required is an expression of the views of the General Committee and the Corporation respectively as a whole, and not the opinions of individual members. If any Commissioner has criticisms to make on the report, it would be more convenient that they should be made by way of definite motions on which the general opinion of the Committee or Corporation could be taken: these instructions should be complied with in future years The map submitted with the report would be more useful if it showed the division of the town into wards.

2. The main features of the year were the reorganization of Administrative Departments, and the completion of arrangements for undertaking works of improvement. Defects of previous years and old obstructions to good administration are being cleared away. Outstanding claims have been settled by arbitration, with the result that demands amounting to Rs. 10,69,602 have been reduced to Rs. 4,27,745 and have been paid off. Simultaneously, by a reorganization of the Collection Department, the large balance of outstanding taxes, amounting to Rs. 9,23,095 on 31st March 1901, has been reduced by collections and cancellations to Rs. 4,19,197. Of the total outstandings, only Rs. 3,29,157 could be collected, but the Acting Lieutenant Governor recognises the value of the work done in clearing up the confusion in this department. Since the close of the year further cancellations have been ordered, and it is expected that only about 1¾ lakhs will remain, which must be realised by civil suits. From the report of the preceding year (paragraph 15), it appears that there was a difference of about Rs. 30,000 between the amounts shown as balance by the Warrant and Accounts Departments, and numerous bills were missing in the Warrant Department. The final report does not say how the accounts have been reconciled, and it is presumed that the difference has been struck off.

3. Among the schemes of reorganization may be noticed the division of the town into four districts, which was experimentally begun in 1900. Each district is now completely manned with a Health Department and an Engineering Department, so arranged as to be easily controlled by the Central Office. The control of the Conservancy Department has been transferred from the Health Officer to the Engineer, and the working of this arrangement should be noticed in future reports. The co-operation of Ward Commissioners has been invited, and has been made possible by the division of the town into districts for administrative purposes, and the development of this system by which the services of Municipal Commissioners interested in the conservancy and improvement of their districts can be fully utilized promises excellent results. The Collection Department was reorganized during the year by the amalgamation of the Collection and Warrant Departments. The previous Collector had no coercive powers, and the issue of warrants by a separate department involved delays which resulted in a large accumulation of arrears, as already mentioned. Warrants are now issued generally within three months of the tax becoming due. The consequence was that during the past year over 98 per cent. of the real current demand was collected. The results cannot be compared with those of previous years, as the collections were made from the current demand only, whereas for previous years the percentage of collections was calculated on the current and arrear demand, but the figures as they stand are eminently satisfactory. It does not appear that any undue coercion had to be exercised during the year. Out of the total collections of Rs 42,05,935, only Rs. 1,07,193, or 2·5 per cent., were collected by coercive measures Distrained property was removed in 117 cases and sold in 32 cases. It was not to be expected that a system which seeks to enforce punctual payment could be introduced

without some discontent, but it is satisfactory to read in the report that "the pressure of the Warrant Department is now a thing of the past, and that rate-payers have become habituated to the prompt and punctual payment of municipal demands." The working of the License Department was less satisfactory, for the revenue has not increased in proportion to the growth of the city, and the system is obviously deficient in certain particulars, while the percentage of collections was only 79·88. It appears that the attention of the Commissioners has been directed to the defects of this department.

4. Other improvements during the year which remain to be noticed were the reorganization of the workshop and the abolition of the Store Department, which has been a source of much wasteful expenditure in the past. The Secretary's office was placed on a better footing, and there is now less delay in dealing with correspondence and complaints The revision of the system of accounts is in progress, and it is hoped that this difficult matter will soon be satisfactorily concluded. The Municipal Market, which has become an increasing source of income, has been improved and is about to be extended A better system of lighting the streets has become possible under the new contract, and Welsbach lamps are to be generally introduced: during the year 5,000 new burners were supplied. The Building Department was reorganized and placed under the Deputy Chairman with four qualified surveyors, who have taken the place of the large establishment previously employed under the Road and Engineering Department. The Health Department is now altogether dissociated from the Building Department, and it is a question whether this is altogether desirable. It appears that the Health Department is restricted to independent action in connection with existing nuisances only, but special cases must sometimes arise where the opinion of the Health Officer would be valuable in regard to applications for new buildings. If it be the case, as stated in the report, that the insanitary condition of certain areas in Calcutta is due more to structural defects than to any other cause, the importance of intimate relations between the Building and Health Departments is obvious, and the Acting Lieutenant Governor feels no doubt that the matter will receive attention. It is satisfactory that the methods for dealing with building applications have been clearly laid down, and are being enforced by qualified surveyors. It is observed that there are still difficulties of procedure to be overcome, and that it has not been possible to give full effect to the provisions of the Act on the subject. It is especially difficult to deal with mistakes of the past, but something has been done to define the legal position, and it is hoped that arrangements will be made to prevent the delays in procedure which have hitherto operated against the usefulness of the Department. The Building Department dealt with 7,148 applications during the year, but it is not said how they were disposed of. Apparently a large number were summarily rejected on the ground that they were not accompanied by plans: of the applications properly submitted, about 65 per cent. were sanctioned. The work of the Department has been considerably helped by the appointment of the new Municipal Magistrate, who has after local enquiries caused many works to be carried out in accordance with the regulations. On the other hand, it is unsatisfactory that out of 725 cases in which demolition was ordered by him, the orders were obeyed in only 80 cases, and a further report on the subject will be called for Bye-laws were framed on certain subjects during the year, but there has been considerable delay in submitting, for the final approval of Government, a set of bye-laws dealing with obstructions and encroachments on streets and the regulation of markets and slaughter-houses.

5. The report is comparatively silent on the subject of conservancy, and there are indications that more might be done towards the cleansing of the streets, especially in the poorer parts of the town. The difficulty appears to lie in the provision of carts and bullocks or ponies, though there was a considerable increase of expenditure on this account. The report, however, does not contain the usual tabular information on this subject, and the omission will be dealt with in a separate letter. It is hoped that the Corporation will be successful with the improved system of incineration which is about to be introduced, and that an extension of the *gowkhanas* will enable the municipal cattle to be used to greater advantage.

6. The outturn of work done by the Engineering Department would have been greater but for the delay in carrying out the Suburban Drainage Scheme. This subject has already been dealt with by Government. The scheme had been well advanced on lines generally approved by Mr. Baldwin Latham, but, on a further reference to him upon certain disputed points, he recommended a new design for the outfall, by which the sewage should flow direct from the drains into a tidal channel. Government has agreed with the Commissioners that this proposal is unsuitable, and it is hoped that the scheme, as now approved, will be completed as rapidly as possible. Four lakhs of rupees were expended during the year on the town and suburban sewage outfall and the works connected therewith. The most important work in hand is the completion of the main sewer from Kidderpore to Ballygunge, and of the outfall. It appears that this sewer has been constructed on a scale which is not approved by Mr. Latham, and care will be necessary to prevent the deposit of silt. The other sewers will be constructed in accordance with his recommendations. Some progress was made in the extension of the filtered and unfiltered water-supply, and a scheme was worked out for the prevention of waste and for a continuous supply. The works in hand are estimated to cost about 50 lakhs of rupees, and it is hoped that the Corporation will make sure that the Engineering Department is manned with a fully qualified staff.

7. The health of the town was not as good as usual during the year. The number of deaths from plague was less than in 1900-1901, but there was an epidemic of small-pox, while diarrhœa and dysentery were slightly above the normal. The work of disinfecting plague infected rooms was carried on without opposition and with good results. The demolition of huts, which had been proved to be centres of the disease, was also successfully undertaken, compensation being paid to the owners. The registration of births is still unsatisfactory, being only 10·7 per thousand, while as to the birth-rate a comparison of the Calcutta figures with those of other towns and the statistics of infant vaccination lead to the conclusion that the true birth rate must be at least double the reported figure. The usual method adopted for improving the system of registration is to prosecute those who are found not to have reported births, but no information is given on this subject. The low registered birth-rate must account to a great extent for what is apparently a very high death-rate among infants, amounting to 330 per thousand, but if the death-rate is true, it is satisfactory to notice that it has fallen considerably, inasmuch as during the ten previous years the average exceeded 400 per thousand. The policy of bustee improvement was pushed on with vigour, and work is either going on or in contemplation in more than 100 bustees. The progress of the work is, however, almost unavoidably slow, and the Corporation have not solved the difficult question of housing those who are compelled to quit the condemned bustees. It is hoped that they will seriously take in hand the necessary improvement of the suburban area, where, as suggested by one of the members of the General Committee, it may be possible to lay out the unoccupied spaces so as to house the poorer classes and to provide good roads and easy communications. The general introduction of electric traction on the tramways should make the solution of this problem easier, since it will make the Suburbs more easily accessible. Something was done in this direction by the erection of a model dwelling-house in Bhowanipore, but such houses are more suited to supply the wants of the artizan classes. The Corporation are to be congratulated on the improvements which they have introduced, and which they propose to introduce, in the Vaccination Department. The work of the year showed a great improvement in regard to infant vaccination over that previously recorded. In connection with the health of the town, it is satisfactory to note that six new squares are being opened out, and that steps have been taken to remove the cemeteries from within the town limits.

8. Although good progress has been made during the year in strengthening the organization for the improvement of Calcutta, the actual expenditure on the main schemes was, as already noted, comparatively small, and the demands in the near future will be very great. It is therefore satisfactory to find that the finances of the Corporation are in a sound condition. The valuation of the town has increased by about 50 lakhs of rupees in the last ten years, and, since

the introduction of the new Municipal Act, the increase has been over 14 lakhs. During the last year four wards were re-assessed, and the total increase of valuation of the year was over 9½ lakhs. The income from the general rates increased by Rs. 2,15,000 owing to new assessments and better collections. It is observed from the discussion on the report in the meeting of the Corporation that there is some dissatisfaction with the valuation of residential houses in the north of Calcutta. This question was settled in 1888, when the Act of that year provided that such houses should be valued, not on the rent which they might be expected to pay, but on the cost of construction. The former system had been previously in force, but owing to the prejudice which exists among Hindus against living in hired houses, it was found that under it residential houses were valued at from 30 to 50 per cent. below their real value. In order to remedy what was then stigmatised as a scandal, the system was altered to a valuation on the cost of construction. Protests were made at the time from influential quarters, but after full inquiry, the principle was maintained by Government, and it was again reaffirmed when the law was amended in 1899. When the first revaluations were made under the amended Act of 1888, it was impossible to give full effect to the change of system, and the revisions of assessment were not strictly made. It is therefore not a matter of surprise that the revision now being made should add considerably to the valuation. This method of assessment, however, possesses the elements of certainty. The houses are measured, and the cost of construction can be accurately ascertained. If mistakes are made, they can be easily corrected, if necessary, by a judicial decision as to the measurements or the rates of construction. The results are checked by the prices which are ascertained to have been realised in sales, or to have been calculated for purposes of partition. It is reported that a considerable portion of the increase in the valuation is due to the rise in the value of land which is included for the purposes of assessment. Government has no reason to doubt the fairness of a system by which a residential house is valued on the capital which would be expended in constructing it, in addition to the value of the land. It appears that the assessment work of the year gave rise to 3,687 objections, but no information is given as to the percentage of this number on the total assessments made or as to the ultimate fate of these objections. However, in Table No. XXXV, Appendix A, it is shown that the total increase of valuation was Rs. 12,64,412, of which Rs. 4,90,060 was obtained after disposal of objections, so that the percentage of objections may be estimated at about 38. In future years some further information should be given showing how these objections are disposed of, and the extent to which reductions of assessment are allowed owing to exceptional circumstances under proviso (iii) to section 151 of the Municipal Act.

9. The outstanding loans at the close of the year amounted to Rs. 3,21,92,158, but with their present valuation the Corporation are in a position to borrow a further crore of rupees, and with the growth of the revenue of the town their capacity to borrow will increase yearly. During the past year, 21 lakhs were raised at favourable rates, and the year closed with a considerable cash balance. Government was unable to accept a proposal made during the year to borrow 30 lakhs at 4 per cent. to pay off the balance of the present debt to the Imperial Government, which is being paid off by half-yearly instalments of principal and interest. The whole debt will be cleared off in 1909, and as the Corporation is now well able to meet its liabilities, it appeared better to allow this debt to be paid off in the next few years rather than to incur a liability for a further period, when fresh and heavier demands are likely to be made on the resources of the Municipality. The income was Rs. 1,14,000 better, while the expenditure was Rs. 6,18,000 less, than the estimate. The shortage of expenditure is considerable. It is not easy to ascertain from the report why all the funds provided for works during the year were not expended, but the result was apparently due to the stoppage of work on the Suburban Drainage Scheme pending the reference to Mr. Latham. The main expenditure on this account, viz. Rs. 6,73,834, was for works executed before the year under report. In reviewing the report for 1900-01, the Lieutenant-Governor expressed the hope that the scheme for disposing of

the suburban sewage and surface drainage, and for providing a continuous water-supply, would be pressed on to completion as rapidly as possible. The execution of such important works no doubt requires the fullest consideration but it is to be regretted that more has not been done during the year under report. Similarly the difficulties with which the Corporation have to contend are very great, but it is by their success in overcoming these difficulties, and in bringing to a completion the various projects for the improvement of the town and suburbs, that the efficiency of the Corporation and the value of the new constitution will be judged.

10. Mr. Greer was Chairman throughout the year except for 2½ months, when Mr. Silk officiated for him, and Mr. Blackwood continued to fill the office of Deputy Chairman; these officers discharged their onerous duties with zeal and ability. The thanks of the Acting Lieutenant-Governor are due to them and to the other officers of the Corporation, while the valuable services rendered throughout the year by the General Committee and the Commissioners in their respective spheres merit his cordial acknowledgments.

By order of the Acting Lieutenant-Governor of Bengal,

E. W. COLLIN,

# RESOLUTION REVIEWING THE DIVISIONAL REPORTS ON THE WORKING OF THE DISTRICT BOARDS IN BENGAL DURING THE YEAR 1901-1902.

MUNICIPAL DEPARTMENT—LOCAL SELF-GOVT.

*Calcutta, the 8th December 1902.*

RESOLUTION No. 3225L.S.-G.

READ—

The Reports from the Commissioners of Divisions on the working of the District Boards in Bengal during 1901-1902.

Read again—

The Resolution reviewing the Divisional reports on the working of the District Boards in Bengal during 1900-1901.

The number of District Boards and Union Committees remained unchanged during the year, but the number of Local Boards increased from 105 to 106 owing to the formation of a Local Board in the Alipur subdivision of the district of Jalpaiguri.

2. *Constitution of District Boards.*—On the 31st March last the 42 District Boards contained in all 845 members, against 844 in 1901-1902. The fluctuations in their composition are slight, and do not call for any remarks. The Boards held altogether 640 meetings, or 30 more than in the previous year. The District Board of Saran, as in the previous year, heads the list with 31 meetings: Puri stands second with 26, followed by the District Boards of Faridpur, Purnea, and Jalpaiguri with 25, 21 and 20 meetings, respectively. On the other hand, the District Boards of Midnapore, Pabna, Hazaribagh, and Palamau held 10, 9, 5, and 10 meetings only, respectively, during the year. In the cases of Pabna and Palamau no explanation has been given of the neglect of the rule that a meeting should be held at least once a month. In Midnapore it is said to be due to the neglect of the Secretary, who has since been removed. In Hazaribagh it is explained that there was no necessity for more meetings, as the Chairman was unwilling to call the members together merely for the transaction of routine business. The Commissioner of Bhagalpur reports that there has been a general falling off in the attendance of official members, and that he has taken notice of their default The number of meetings that had to be adjourned and of those that proved abortive for want of a quorum was 47 against 51 in 1900-1901; 8 of these failures occurred in Puri, 7 in Jalpaiguri, and 5 each in Faridpur and Cuttack.

3. *Constitution of Local Boards.*—The 106 Local Boards had a total strength of 1,268 members, or 6 more than in the previous year. Only trifling variations are noticeable in the composition of these Boards. The number of meetings held was 1,205, or 24 more than in 1900-1901, of which 203, as compared with 198 in the previous year, had to be adjourned or proved abortive owing to failure to form a quorum. Forty-eight Local Boards, as against 54 in the previous year, failed to meet once a month, and of these, 5, viz., Raniganj, Murshidabad, Naugaon, Alipur (Jalpaiguri), and Darbhanga held only 5 meetings, or less, during the year. The last named Board was abolished in the course of the year. The Gaya Local Board heads the list with 21 meetings Kishorganj following close with 20. There was a slight decline in the attendance of non-official members.

4 *Elections.*—General elections of members were held in the districts of Burdwan, Birbhum, Bankura, Hooghly, 24-Parganas, Nadia, Rajshahi, Pabna, and Dacca. In some districts, and notably in Burdwan, the elections evoked

but little interest; in some places the elections failed owing to the non-attendance of the requisite number of voters, and in others to the fact that nominations were not received in time.

5. *Powers of Local Boards.*—The only changes in respect of the powers delegated to Local Boards were the withdrawal of the management of ferries from the Boalia Local Board and of the charge of dispensaries from the Local Boards in Bhagalpur. In Purnea the maintenance of some of the district and village roads was made over to the Sadar Local Board, while the Subdivisional Boards were entrusted with the management of pounds in addition to the maintenance of roads. Some of the Local Boards in the Rajshahi Division worked unsatisfactorily, and it is doubtful whether they should be retained. The Commissioner is requested to consider the subject.

6. *Union Committees.*—There was no change in the number of Union Committees or of their members, but the number of meetings held by them increased from 255 to 263. The total income declined from Rs. 19,891 to Rs. 19,205, and the expenditure from Rs. 18,247 to Rs 18,203. Twenty-five out of the fifty-six Unions expended the whole, or nearly the whole, amount placed at their disposal, while no expenditure was incurred by the Memari, Baddipur, and Jara Union Committees, and only a nominal sum by those at Garapata and Harinakundu. Four out of the five Union Committees in the district of Balasore had no income or assignment made to them under section 56 of the Act, and consequently remained inactive during the year. Of these, the Jellasore Committee has had a balance of Rs. 30 since the close of the year 1898-99, which appears annually in its accounts: if it cannot spend this amount, the District Board should resume it. The Union Committees of Pandua, Haripal, and Bali in the district of Hooghly, and all the Union Committees in the districts of Khulna and Noakhali are reported to have done good work during the year. Elsewhere, however, they had either no opportunity or no desire to make themselves useful. The object of Union Committees is to stimulate local interest in the improvement of areas where population is fairly dense, and one intention of the Act was to enable the residents of such areas to supplement the funds received from the District Boards by local taxation for the improvement of drainage and the supply of drinking-water. These objects have not been realized, and Government does not propose to extend the system of Union Committees except to localities where the residents show signs of a desire to help themselves.

7. *Financial results.*—The year opened with a gross credit balance of Rs 21,69,657, and the total receipts of the forty-two District Boards from all sources amounted during the year to Rs. 80,65,037. The total amount available for expenditure was therefore Rs. 1,02,34,694, of which Rs. 83,11,738 were spent. The year closed with a credit balance of Rs. 19,22,956.

The table below compares the income and expenditure of District Boards under all main heads for 1900-1901 and 1901-1902:—

INCOME.

8. *Provincial rates* (*Rs. 42,19,181*).—The amount shown under this head represents the proceeds of the road cess, less the cost of collection and revaluation. Compared with the figures for the previous year, the income derived from this source shows a slight decrease, which occurred in all the Divisions with the exception of the Presidency, Dacca, and Chittagong Divisions, and which was mainly due to the increase of establishment and other collection charges. The decrease was largest in Saran, where it is explained to be due to a reduction in the amount of arrears recoverable and to greater difficulty experienced in collecting them.

9. *Interest* (*Rs. 40,940*).—The cess collections, as stated above, were smaller, and this reacted on the realisation of interest.

10. *Police* (*Rs. 4,81,306*).—The number of pounds under the management of District Boards increased from 4,252 to 4,330, and the income from them from Rs. 4,73,480 to Rs. 4,81,306. There was a considerable decrease in Bhagalpur, which is ascribed partly to the failure to settle several pounds, and partly to the receipts for the previous year having been swelled by the realisation of arrear rents. It is believed that some private pounds have been started by zamindars and enquiries are being made. The income from pounds in the Dacca Division is very small, and the subject is under enquiry. The collections on the whole improved, and the balances were less than 8½ per cent. of the demands. They were worst in Orissa, where the arrears were nearly 25 per cent. of the demand—a result attributed to the mismanagement of the Local Boards. The necessity for a continual inspection of pounds remains, and in several cases pound-keepers were punished for failure to supply food and water to the animals under their charge.

11. *Education* (*Rs. 81,152*).—The receipts under this head increased by Rs. 14,778. The increase is marked in the district of Rajshahi, where it is said to be due to larger collections of donations promised towards the Diamond Jubilee Industrial School at Boalia.

12. *Medical* (*Rs. 49,674*).—The increase of income under this head by Rs. 15,089 is chiefly attributed to larger realisation of subscriptions and contributions—a result especially welcome as evincing an increased interest on the part of the public in medical charity, which is now more directly under their own management.

13. *Scientific and other Minor Departments* (*Rs. 8,825*).—The receipts under this head declined by Rs. 1,977, chiefly owing to transfer to other heads of account.

14. *Miscellaneous* (*Rs. 2,09,776*).—Miscellaneous receipts increased by Rs. 24,410. The increase occurred chiefly in the district of Howrah, and was due to the transfer of the receipts from the Howrah-Amta Railway, amounting to Rs. 28,128, to this head.

15. *Irrigation Minor Works and Navigation* (*Rs. 16,607*).—Canal revenue in Chittagong increased by Rs. 1,458, the increase being due to higher bids for leases.

16. *Civil Works* (*Rs. 12,33,333*).—The receipts under this head, which are derived mainly from "Tolls on ferries" and "Contributions," declined by

Rs. 65,108. The falling off is noticeable under both heads. The income from ferries will necessarily decrease as railways are extended, and this cause accounts for the reduction in many districts. In other cases, as in Cuttack, the decrease was due to the payment of deposits in the previous year. Inspections of ferries were conducted as usual and disclosed some causes for complaint, which, it is hoped, will be avoided in future. The receipts from contributions, principally from Government, vary from year to year according to the provincial works entrusted to District Boards for execution. In the year under review they fell short of the amount received during the previous year by Rs. 45,295.

17. *Contributions* (*Rs. 5,65,188*).—The annual contributions made by Government to equalise the assets and charges of the several District Boards were less than the amount contributed in 1900-1901 by Rs. 59,299.

18. *Deposits and Advances* (*Rs. 11,68,132*).—The sums deposited as security for the payment of revenue by ferry farmers, contractors and others, and the recoveries and adjustments on account of advances made from District Funds increased by Rs. 7,81,122. The increase, though large, was due to casual variations.

EXPENDITURE.

19. *Administration* (*Rs. 2,94,244*).—The expenditure under this head increased by Rs. 13,985. The increase is chiefly attributed to grants of annual increments to employés and heavier expenditure on account of travelling allowances and office contingencies.

20. *Police* (*Rs. 24,969*).—There was an increase of Rs. 3,140 in the expenditure on cattle-pounds. The increase was largest in Gaya due to the renewal and repairs of pound-sheds. In other districts costs were incurred in recovering arrears, which should not have accrued if the rules had been observed.

21. *Marine* (*Rs. 9,856*).—The small decrease of Rs. 476 occurred in Pabna, Malda, and Noakhali—three out of the four districts which show expenditure under this head. The expenditure is for the subvention of private steamer services.

22. *Education* (*Rs. 13,31,926*).—There was a net increase of Rs 40,679 in the expenditure of District Boards under this head, which was shared by all classes of schools. There was a decrease in direct expenditure on primary schools which was more than compensated by the increase in grants in-aid. It is intended to largely add to the grants from public revenues for the extension of primary education.

The number of Sub-Inspectors employed by District Boards during the year remained the same, but the number of Inspecting Pandits decreased from 438 to 422. Of schools maintained by District Boards, the number of high schools remained unchanged, but there was a decrease of 6 in the number of middle schools. The number of upper primary and lower primary schools and industrial schools also remained unaltered. Of schools aided by District Boards, the number of high schools, middle schools, and industrial schools decreased by 7, 10, and 2, respectively, but the number of upper and lower primary and other schools increased by 125, 447, and 19, respectively. The total number of girls undergoing tuition in the schools aided by District Boards were 4,193 in upper primary and 48,838 in lower primary schools.

The Director of Public Instruction, in noting on the educational work of District Boards in the Annual Report on Education, has observed that the Boards generally worked in harmony with the Department, and accepted the suggestions of the Deputy Inspectors Where the Local Boards have been given charge of primary education, difficulties have arisen, and in the opinion of the Lieutenant-Governor it would be well for District Boards to keep the control of this Department in their own hands.

Vacancies in the post of Sub-Inspector occurred in the districts of Khulna, Dinajpur, Rangpur, Pabna, Faridpur, Backergunge, Gaya, Mozaffarpur, Darbhanga, Monghyr, Balasore, and Hazaribagh, to all of which, with the exception of those in Muzaffarpur, Darbhanga, and Hazaribagh, qualified Muhammadans were appointed. In the case of Dinajpur and Backergunge out of two and three vacancies, respectively, one in the former and two in the latter were conferred upon Muhammadans.

*Special Schools.*—The changes to note under this head are that the Kashi Kishor Technical School at Mymensingh was reopened during the year in a remodelled form, and the Barisal Technical School was amalgamated with the local zilla school. The District Board of Mymensingh granted a scholarship to a boy attending the Sericultural School at Rampur Boalia, and the District Boards of Patna and Malda gave stipends for the training of students in the Sibpur Engineering College. The Bhagalpur District Board granted eight scholarships of Rs. 8 a month tenable for three years and a half to boys studying in the Bihar School of Engineering. The Patna, Shahabad, Muzaffarpur and Darbhanga District Boards sent up students with scholarships to the Veterinary College at Belgachia. The Cuttack District Board provided three scholarships for technical education in the Jobra Workshop. Another industrial school was opened in Balasore during the year, making a total of three, out of which one only is aided by the Board. Carpentry, needle-work, and the use of the fly-shuttle loom are taught in these schools. The District Board of Noakhali sanctioned a monthly subsidy of Rs. 25 to the local Madrassa. The District Board of Chittagong aided two Sanskrit *tóls* with stipends of Rs. 15 and Rs. 10 each a month. The Industrial School at Hurlong in Hazaribagh was abolished during the year.

In circular No. 17T.—G., dated the 31st October 1901, the Chairmen of certain District Boards were requested to report the progress made in extending the use of the fly-shuttle loom. It does not appear from the reports received that any real progress has been made in any district except in Noakhali. In Pabna a loom has been set up by some pleaders.

The encouragement of female education continued to receive attention from the Boards, and, as usual, those bodies provided scholarships for the training of female students in medical schools.

23. *Medical* (*Rs. 4,41,939*).—The expenditure under this head decreased by Rs. 17,483, the decrease occurring chiefly in the Patna Division. The decrease is satisfactory, because the expenditure incurred by the District Boards of Patna and Gaya in the previous year was largely swollen by the adoption of measures to check the progress of plague and the decrease means that these measures were not necessary to the same extent last year.

District Boards continued to afford gratuitous medical relief to localities affected with cholera and malarial fever. It is stated that eucalyptus oil, which was distributed by the District Board with instructions for its administration, afforded much relief in cholera cases in Faridpur. The Pasteur Institute at Kasauli continued to receive contributions from District Boards.

There was an increase of 17 in the number of dispensaries maintained by District Boards, and of Rs. 13,942 in the cost incurred in their maintenance, the District Board of Backergunge, as in previous years, maintaining the largest number of dispensaries, viz., 34. The number of dispensaries aided by District Boards increased by six and the contributions to those dispensaries by Rs. 28,923. The District Board of Faridpur aided the largest number of dispensaries, 15 in all.

24. *Sanitation* (*Rs. 35,728*).—The expenditure under this head increased by Rs. 4,579, the increase being largest in Gaya. The sanitary works undertaken during the year were of the same nature as those noticed in the last Resolution. The system of cleansing villages and rural towns, inaugurated by the Patna Sadar Local Board during the previous year, was continued during the year and 67 villages are reported to have been cleansed. The work done consisted mainly in the removal of filth and rank vegetation and the filling up of ditches and hollows, and it was carried out under the supervision of the members of the Patna District Board. Further details as to the scheme will be obtained, as it appears to promise good results at a small cost.

25. *Veterinary charges* (*Rs. 17,243*).—The charges under this head show an increase of Rs. 7,419, the increase being largest in Patna, where the District Board contributed to the Patna Municipality the sum of Rs. 417, being a moiety of the costs incurred in the maintenance of a veterinary dispensary at that place and in the employment of a Veterinary Assistant. The Board also imported two Australian bulls at a cost of Rs. 1,000, and spent Rs. 1,248 on the acquisition of land and construction of stables. Veterinary

dispensaries were opened during the year at Suri and Bogra. A Veterinary hospital was also established at Darbhanga under the auspices of the Municipality, to which the District Board contributed one-sixth of the total maintenance charges. Veterinary Assistants were employed during the year by eleven District Boards, and six Boards provided by means of scholarships for the training of students at the Belgachia College. Cattle-disease broke out during the year in an epidemic form in two of the thanas of the Khulna district. A Veterinary Inspector was deputed for the inoculation of cattle with anti-rinderpest serum, and it is reported that the results were, on the whole, satisfactory in one of the thanas. The Veterinary Dispensary at Champaran had to be closed during the year, as the Board was not able to obtain the services of an efficient substitute in the place of the Veterinary Assistant who had resigned his post.

26. *Civil Works* (*Rs. 46,85,791*).—The total expenditure shows an increase of Rs. 1,49,050, which occurred under all the sub-heads, except repairs of buildings and communications, establishment, and contingencies. There was a considerable increase in the expenditure on original works. A decreased expenditure in some districts was due to a change of classification introduced during the year under which the expenditure on Provincial roads and civil buildings, which was hitherto shown under this head, is now debited to "Deposits." The chief works taken in hand by the several District Boards were the construction of an office for the District Board of Dacca at an estimated cost of Rs. 66,408, the metalling of a portion of the road leading from Berhampore to Kandi at an estimated cost of Rs. 51,750 (it is noticed with regret that the arrangements for this work were not satisfactory), the construction of the Hazarat-Jandaha-Mahnar road in Muzaffarpur at an estimated cost of Rs. 31,670, the improvement of the Motihari-Maisai road and the Motihari-Tetaria road at an estimated cost of Rs. 3,01,739, and the construction of six pontoon bridges in Darbhanga at a cost of Rs. 42,625 and of a screw pile bridge on the Sakri road in the same district at a cost of Rs. 30,102.

27. It is satisfactory to note that the amount spent on water-supply and water-works (columns 78 and 79 of Form III) advanced from Rs. 1,14,268 to Rs. 1,56,130, the increase being largest in Tippera. The works undertaken under this head were, as usual, the re-excavation of tanks and the construction and repair of wells. The District Boards of Shahabad and Bhagalpur contributed Rs. 4,500 and Rs. 5,000, respectively, towards the maintenance of the water-works of the town. In Chittagong water-pipes were laid from the Sambhunath Temple to Sitakund Bazar at a cost of Rs. 5,000, which was contributed by Raja Sreenath Roy Bahadur and his brothers. It appears that in the districts of the Presidency Division the Boards are not able to spend as much as they are willing to allot for the improvement of tanks, as the zamindars refuse to agree to the terms imposed by the Boards for the maintenance of tanks after re-excavation. Government regrets that such obstacles should be placed in the way of the District Boards in the much-needed improvement of village water-supply, and hopes that the Commissioner will find a way to overcome the opposition of the zamindars, or modify the demands of the Boards. The expenditure on water-supply in this Division was only Rs. 11,862, which compares unfavourably with the Rs. 49,411 spent in the Dacca Division. The Acting Lieutenant-Governor is disposed to agree with the Commissioner of Bhagalpur that the duty of the District Boards is to provide for water-supply along the main roads, as has been done in Monghyr, and that the improvement of tanks and wells in villages is more specially the duty of zamindars and local residents. He would welcome such expenditure whenever it can be made on satisfactory conditions for the maintenance of the works, and would suggest that the small funds available would be best spent in contributions in aid of local efforts, where a supply of good water is not otherwise obtainable.

28. Since the close of the year 1900-1901 Commissioners have been appointed to carry out the scheme for the removal of the obstructions to the drainage of the Chalan Bil and for draining the tract known as the Cheriol Bil, lying within the districts of Pabna and Rajshahi. For the first named project an Engineer has been appointed by Government for the preparation

of the scheme, and for the latter the District Engineer has prepared one which is under the consideration of the Commissioners.

29. *Roads.*—During the year 8,666 roads, with a total length of 44,472 miles, were maintained by the several District Boards at a total cost of Rs. 32,02,917, as against Rs. 30,01,378 spent in the preceding year. There was an increase of 2,864 miles of roads, and the Acting Lieutenant-Governor is disposed to regard this increase with some doubt, as in some districts the number of roads under the Boards is already more than they can maintain properly. Of the total length, 3,170 miles were metalled, 24,406 miles unmetalled, and village roads accounted for 16,895 miles against 3,425, 22,570, and 15,611 miles, respectively, in the year 1900-1901. Of the total cost incurred on metalled roads, Rs. 2,15,187 were expended on original works and Rs. 7,79,624 on repairs, and of that incurred on unmetalled roads Rs. 9,14,952 were spent on original works, and Rs. 9,39,241 on repairs. The expenditure on account of metalled roads was highest in Burdwan, Rs. 96,581, Midnapore coming next with Rs. 85,865. There are said to be no metalled roads within the jurisdiction of the District Board of Palamau though it has not been explained what has become of the four roads of this class with a total length of 26 miles which were shown in last year's report. The cost per mile of district metalled roads was highest in Howrah (Rs. 1,295), and lowest in Malda (Rs. 42), and that of unmetalled roads was again highest in Howrah (Rs. 438) and lowest in Nadia (Rs. 14). The Inspector of Works should be directed to watch the expenditure in Howrah and in other districts where it may appear unduly high. The cost per mile of village roads varied from Rs. 115 in Backergunge to Rs. 6 in Champaran.

30. *Miscellaneous Public Improvements.*—With the exception of Chittagong, all the District Boards incurred expenditure in planting and maintaining trees on the sides of roads. Working plans for arboricultural operations for the period of five years, commencing from 1902-1903, have, in accordance with the orders of Government, been prepared in the majority of the districts, though the reports submitted by the Commissioners of the Dacca and Chittagong Divisions do not furnish any information on the subject.

31. *Railway feeder roads.*—The construction of new roads as feeders to railways and the maintenance of existing feeder roads continued to receive attention from District Boards. So far as can be gathered from the reports, the total amount spent on this object was Rs. 3,20,119, but the information is not complete. The District Boards of the Patna, Chota Nagpur, and Orissa Divisions were specially active in constructing these classes of roads, while good work was done in Howrah, the 24-Parganas, Monghyr, and Bhagalpur districts. The works in connection with the feeder roads in Rangpur and Bogra, for which Government made contributions of Rs. 5,000 and Rs. 60,000, respectively, were in progress during the year; but the feeder road from Jamalganj railway station to Itakhola in Bogra, and the Goborchapa feeder road in Rajshahi, for which contributions amounting to Rs. 16,000 and Rs. 16,800, respectively, were made from the Provincial Revenues, could not be taken in hand. The due provision of such roads is a subject that is receiving the close attention of Government, and the Acting Lieutenant-Governor is glad to find that local bodies are not backward in a matter that is one of the greatest importance to the development of the country.

32. *Railways and Tramways.*—The scheme for the construction of a steam tramway on the existing road from Barasat to Basirhat has now been finally accepted and a revised provisional agreement entered into between the District Board and Messrs. Martin and Company, the promoters of the Railway. The proposal for the construction of a steam tramway from Memari to Chakdigi has been abandoned. The extension of the Howrah-Amta Light Railway from Jagatballabpur to Champadanga with a branch from Autpur to Rajbalhat has recently been sanctioned by Government. A project for a tramway between Dacca and Sealo, opposite Goalundo, is under consideration. Some progress is reported to have been made in the construction of a light railway between Buktiarpur and Bihar, and the negotiations for the construction of tramways in Saran have reached a further stage. In Purnea it is proposed to start a steam tramway between the civil station and the city. The question of the extension of Light Railways with the assistance

of private enterprise is under the consideration of Government. The experience at present gained of such schemes has not been entirely satisfactory, and the lines which have been laid, though very useful to the public, have not succeeded, except in one or two cases, in earning at once the large profits which appear to be necessary to attract private capital. The delays in sanctioning such schemes, caused by the necessity of reconciling the conflicting interests of the promoters, local bodies, and neighbouring railways, have also been obstacles to their extension.

33. *Contributions* (*Rs. 2,24,853*).—The contributions made by District Boards towards the cost of the Police force employed at plague camps, refund of the unexpended balance of Government grants for special works, payments on account of cost of establishments in the offices of account and control, and contributions made by District Boards to Union Committees increased by Rs. 1,02,805. The fluctuations are due to ordinary causes of no special importance.

34. *Deposits and Advances* (*Rs. 10,58,016*).—The large increase under this head amounting to Rs. 6,78,236 is chiefly due to the change in the classification of accounts explained in paragraph 26 of this Resolution.

35. *Closing balances* (*Rs. 19,22,956*).—The actual credit balance of the year was less than that of the previous year by Rs. 3,09,046. This is satisfactory, as the closing balances are swollen by the unspent portions of the special grant of five lakhs from Government, and there must, therefore, have been a greater expenditure of the regular income of the Boards than in the preceding year. In several districts, however, it is reported that the full programme of works could not be carried out owing to failure of contractors and other causes. The closing balance was more than one-third of the year's income in Dacca, Faridpur, Dinajpur, Shahabad, Darbhanga, and Palamau. In the four latter districts the large balances have been accounted for, but no explanation on the subject has been furnished in the cases of Dacca and Faridpur and this will be asked for.

36. *Amendment of the Bengal Local Self-Government Act.*—In the Resolution for the year 1897-98, it was stated that in view of the famine and the measures required to guard against plague, it was not considered advisable at that juncture to proceed with the Bill to amend the Local Self-Government Act. Since then further proposals for the amendment of the Act have been considered. Opportunity has also been taken to remove defects and omissions in the Act, and a Bill is now ready for submission to the Government of India.

37. In the penultimate paragraph of the Resolution for 1900-1901, it was stated that a grant of Rs. 5,00,000 had been made from Provincial Revenues for the improvement of communications in the several Divisions of Bengal. The reports from the Commissioners of Divisions show that the allotments were satisfactorily made, and the money distributed with due consideration for the relative needs of each district. About one-third of the amount was allotted for feeder roads, about the same amount for bridges, about one-fifth for extensions of communications, and the balance for metalling existing roads. It was found possible to renew the grants during the current year, and a second assignment of five lakhs of rupees has been made from Provincial Revenues.

38. The question of providing for a more efficient professional control over the civil works undertaken by District Boards, which was referred to in paragraph 34 of the Resolution on the working of the Boards for the year 1900-1901, was decided by the revision of the rules under clauses (*g*), (*l*) and (*m*) of section 138 of the Bengal Local Self-Government Act, so as to admit of an increase of the control exercised by the Inspector of Works, the enhancement of the Inspector's influence with the Boards, the maintenance of a standard of qualification for the post of District Engineer, and the establishment of a closer audit of accounts.

39. The District Boards continue to administer the large funds entrusted to them with care and efficiency, and the work of the year shows considerable progress in all Departments. The income increased by about seven lakhs and the expenditure by nearly ten lakhs of rupees. The Commissioner of Bhagalpur reports that the roads in his Division have improved, and the Acting Lieutenant-Governor would be glad to see in future reports some further record of the personal observations of the Commissioners as to the results of the

work carried out by the Boards. It is satisfactory to find that all Commissioners agree that the members of the District Boards have continued to show interest in their work, and to co-operate loyally with the executive in promoting efficiency. The only dissentient note comes from Orissa, where the Commissioner bewails the growing decrease of public interest in District Boards, as evidenced by the apathy shown in seeking for membership, and by the falling off in the attendance of members. It is possible that this result in Orissa is due to the inelasticity of the revenue, but a revision of the cess valuation is now in progress in this Division, and, with an increase in the revenue and greater opportunities for action, it is hoped that the interest of the District Boards will revive, and that they will prove equal to the work of providing for an advancing population and a general increase of wealth in the districts. The reports as to Local Boards is less favourable except in the Patna Division. It is to be regretted that the problem of devolution of duties to these local bodies has not been satisfactorily solved. That Local Boards can be useful is shown by the example of those in the Patna Division and of the Sadar Local Board of the 24-Parganas, but it is possible that, considering the small funds available they can only be worked satisfactorily where active Chairmen or Vice-Chairmen are available. The Acting Lieutenant-Governor hopes that the local officers will do all that is possible to increase the efficiency of these institutions.

By order of the Acting Lieutenant-Governor of Bengal,

E. W. COLLIN,

*Offg. Secy. to the Govt. of Bengal.*

## REPORT ON THE EARLY COTTON CROP OF BENGAL, 1902.

THE following report is published for general information.

W. C. MACPHERSON,
*Offg. Secy. to the Govt. of Bengal.*

*The 9th December 1902.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

*Report on the Early Cotton Crop of Bengal, 1902.*

*Explanatory.*—This note furnishes the estimates of the area and outturn of the early cotton crop which is sown during the rains and is harvested in winter. In February next will be published a forecast of the late cotton crop of the Province, which is sown at the close of the rainy season and harvested in the hot weather.

2. *Character of the season.*—The early cotton crop is principally grown in the Chittagong Hill Tracts and in the districts of the Bhagalpur, Orissa, and Chota Nagpur Divisions. In all these districts, except the Chittagong Hill Tracts, the rainfall in June was greatly in defect, while in July the fall was practically normal all over the Province. In the following month the fall was again deficient everywhere, except in Cuttack and Puri, while in September there was heavy rain in all the districts, except the Chittagong Hill Tracts and districts of the Orissa Division. There was little or no rain in October, when the crop was in flower or pod, and November has been literally a rainless month. Thus the season has been anything but favourable to the early cotton crop.

3. *Area sown.*—It will be seen from the appended statement which summarises the district returns, that the normal area under early cotton in these Provinces is estimated at 79,800 acres. The area actually sown this year is estimated at 67,700 acres against 72,500 acres of the past year. The decrease is probably attributable to the competition of imported cotton twists in the market and to the consequent unremunerative character of the industry.

4. *Character of the crop.*—From the annexed abstract of the district returns, it will be observed that out of the 15 districts which grow early cotton, only two, namely, Monghyr and Bhagalpur, report a normal crop. Midnapore,

the Sonthal Parganas, Cuttack, Balasore, Manbhum, and Singhbhum have returned a crop of between 90 and 100 per cent. Hazaribagh anticipates an outturn of 81 per cent.; Puri and Ranchi 75 per cent. each; Jalpaiguri and Angul 55 per cent. each; Palamau 50 per cent., while in the chief cotton-growing area in the Province, viz., the Chittagong Hill Tracts, the outturn is estimated as low as 40 per cent. of an average crop. The outturn for the Province as a whole amounts, according to the district returns, to only 77 per cent. of a normal crop. This may be accepted as the probable outturn.

5. *Gross outturn.*—The total yield of the early cotton crop this year is estimated at 5,287,400 lbs., against 4,986,700 lbs. produced last year. The average yield of the preceding eight years amounted to 6,495,000 lbs.

## RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS OF THE PORT OF CALCUTTA FOR THE YEAR 1901-1902.

No. 2162 Marine.

# Government of Bengal.

## MARINE DEPARTMENT.

*Dated Calcutta, the 4th December 1902.*

## RESOLUTION.

READ—

The Administration Report of the Commissioners of the Port of Calcutta for the year 1901-1902.

THE revenue earned in the year 1901-1902 amounted to Rs. 76,74,782, exclusive of outstanding bills. This closely approximates to the budget estimate for the year of Rs. 77,07,719. The expenditure amounted to Rs. 73,95,123, so that the net result was a surplus of Rs. 2,79,659. Adding to this the balances of previous years, the total revenue balance stands at Rs. 12,11,082, exclusive of outstanding bills. The Commissioners have rightly decided that a sufficient balance shall be reserved against any temporary depreciation of revenue from transient causes, and they have accordingly established a revenue reserve fund made up of the accumulated balances of previous years.

Revenue receipts and expenditure.

2. A sum of Rs. 14,85,497 was expended on various capital works, of which Rs. 6,80,185 were obtained from the balance of loans raised in 1900, and miscellaneous receipts on capital account, and the difference of Rs. 8,05,312 was financed by temporary advances made from the revenue cash balance in order to postpone the issue of a loan and thereby save interest. On the other hand, a sum of Rs. 2,20,955 has been paid to the Government, so that the total capital debt of the Trust was reduced from Rs. 4,74,63,127, at which it stood on the 31st of March 1901, to Rs. 4,72,42,172.

Capital expenditure during the year.

3. Against this debt, the Commissioners hold properties, including works in progress, stock of stores in cash, and securities in hand of the value of Rs. 6,09,57,162. This does not include the Strand bank lands, the capitalized value of which, at present rates of rent, would represent a considerable sum of money. The position of the Commissioners in respect of their debts may, therefore, be considered to be satisfactory. At the same time, Sinking Funds, amounting to Rs. 34,20,593, have been accumulated by annual contributions from revenue for the extinction of debts, and may be added to the value of assets.

Value of assets.

4. A Fire Insurance Fund has been instituted to cover all the Commissioners' buildings except the petroleum sheds, and the practice of insuring some of the buildings with public companies has therefore been discontinued. The fund, which amounted on the 31st March last to Rs. 3,81,577, is invested in public securities, and the interest, as it accrues, is added to the fund.

Insurance Fund.

5. The receipts at the "Jetties" amounted to Rs. 14,03,807, against Rs. 12,63,640 in 1900-1901, showing an increase of Rs. 1,40,167, the improvement being due to an increase in the Foreign Import trade. The jetty warehouses are fully occupied, and as more storage accommodation is demanded, steps are being taken to provide additional space. The expenditure amounted to Rs. 4,94,966, as compared with Rs. 5,01,175 of the previous year, showing a decrease of

Jetties.

Rs. 6,209. This decrease is noteworthy, inasmuch as the revenue has increased. The most important item of expenditure is the cost of labour, and the actuals under this head show a decrease of 30 per cent. The result is, however, not so good, as there have been adjustments between the jetties and the docks for work done for the docks by the jetties which previously appeared in the jetty account, and is now debited to the docks. Allowing for this adjustment there is still a large decrease of 25 per cent.

The total charges on teas passed through the Tea Warehouse during 1901-1902, together with the rent received for the portion let out for storing piece-goods, amounted to Rs. 1,05,201. There was a decrease of Rs. 19,147 in the receipts, as compared with those of the previous year, due to a short crop and competition with Chittagong.

Petroleum Wharf.

6. The income derived from the Petroleum Wharf amounted to Rs. 3,80,766, as compared with Rs. 3,98,655 in 1900-1901. The expenditure rose from Rs. 92,317 in 1900-1901 to Rs. 1,59,200 in 1901-1902. The increase was mainly due to the heavy importation of case oil, on which the Commissioners had to pay handling charges to the contractors.

The importation of oil from Russia was 72 per cent. of the total quantity imported in the year under review. Only 7 per cent. was American oil, and 21 per cent. was imported from Rangoon.

Owing to the large expansion of the bulk oil trade, the Commissioners have sold to the Standard Oil Company and Messrs. Shaw, Wallace and Company two sheds at Budge-Budge with a lease for 10 years of the ground on which these sheds stand. The Commissioners are also considering proposals for more accommodation for this trade.

Vessels berthed at the Jetties.

7. During the year 230 vessels with an aggregate tonnage of 699,226 tons were berthed at the Jetties, against 212 vessels with a tonnage of 605,171 tons during 1900-1901. The average number of days each vessel occupied the Jetties was 7·6.

Port and Port Approaches.

8. The receipts under the head "Port and Port Approaches" amounted to Rs. 11,73,553. There was an increase of Rs. 12,983 in the income of the previous year. There was also an increase of expenditure of Rs. 20,735, of which Rs. 14,352 were outstanding, so that there was a net improvement of Rs. 6,600. There is still a considerable deficit on the working of these two branches. This deficit is, however, steadily diminishing year by year; the improvement being due to the increased number of vessels visiting the port.

The receipts from Port dues, which are included in the revenue of the Port Approaches Department, amounted to Rs. 5,45,246 against Rs. 5,29,495 in 1900-1901, while the expenditure during the year was Rs. 5,82,139 against Rs. 5,92,956 in the previous year. The increase in receipts was due, as stated above, to the larger amount of tonnage which entered the port.

Condition of the river.

9. The growth of commerce and the increased size of the vessels now trading to the Port rendered it necessary to enlarge the scope of the River Survey Department, and the following statement shows the extension that has taken place in the operations of the Department:—

| | 1885. | 1900. | 1901. |
|---|---|---|---|
| Miles sounded ... ... | 1,295 | 5,864 | 7,231 |
| Small charts and River Notices ... | 20 | 606 | 718 |
| Number of buoys ... ... | 7 | 30 | 36 |
| River marks ... ... | 57 | 115 | 115 |

The most important feature of the year has been the improved state of the bars of the river, particularly that of the Eastern Gut. This improvement has generally been maintained, except in the case of the Royapore bar and the Sankrail reach, but in neither of these has any serious detention been caused to shipping.

Casualties to vessels.

10. There were 29 casualties to vessels in charge of Assistant Harbour Masters, against 18 in the preceding year and an average of 16 during the previous 10 years. In

17 cases the Assistant Harbour Masters were exonerated, and in 12 they were held, more or less, to blame. In two cases the casualties were of a serious nature, and investigations were held under the orders of the Government.

Railway.

11. The revenue derived from the Commissioners' railway was Rs. 5,32,515, while the expenditure amounted to Rs. 4,35,923, leaving a balance of Rs. 96,593, against Rs. 1,37,184 in the preceding year. The decrease was due to a decline in the receipts from the hire of wagons lent to the various railway companies.

Kidderpur Docks.

12. The receipts from the Docks were Rs. 24,14,147, against Rs. 23,77,451 in 1900-1901, while the expenditure exclusive of interest and sinking fund charges amounted to Rs. 22,14,895, against Rs. 21,03,031 in 1900-1901.

The receipts from the hire of wagons, which were credited to the Docks in 1900-1901, have been treated this year as an asset of the Railway and credited to that head. There was a surplus balance of Rs. 1,99,252 at the close of the year to meet the interest and sinking fund charges. In these charges, however, there was an increase of Rs. 84,188 during the year owing to fresh loans incurred in 1900.

The details of the receipts and charges are given below :—

| | Receipts. Rs. | | Expenditure. Rs. |
|---|---|---|---|
| Graving Dock ... | 2,56,347 | Salaries ... ... | 4,71,491 |
| Rent and miscellaneous ... | 3,15,778 | Working expenses ... | 14,99,028 |
| Imports ... | 82,627 | Repairs ... ... | 93,400 |
| Exports ... | 17,56,745 | Municipal taxes ... | 1,50,476 |
| Hopper barges ... | 2,650 | | |
| Total ... | 24,14,147 | Total ... | 22,14,895 |

After deducting the receipts on account of the Graving Dock, the income of the Wet Docks amounted to Rs. 21,57,800, while the expenditure, after deducting Rs. 58,308, directly chargeable to the Graving Docks, amounted to Rs. 21,56,587. There was thus a small deficit of Rs. 1,213. The net results are, however, actually more favourable, inasmuch as the revenue of the Docks last year was augmented by a credit of Rs. 94,120 on account of hire of wagons, and the expenditure of the current year includes a sum of Rs. 95,412 on account of demands payable and stores issued which should have been charged against the budget of the previous year. Making due allowance for these items, the working of the Docks shows an improvement.

Second dry dock.

The second Dry Dock is approaching completion. It will permit of vessels being docked for heavy repairs—an arrangement which has not hitherto been possible.

Prospective improvement of traffic.

With the object of ensuring more general use being made of the facilities available for shipping from the Dock quays, the Commissioners resolved to provide arrangements to suit the requirements of each section of the trade. During the year these views were given effect to as regards the wheat and seed trade, for which additional sheds were erected to provide the necessary accommodation. The result has been that the whole of this trade has practically moved to the Docks.

New works.

The hide sheds, leased to Messrs. Schröder Smidt and Company, were the most important of the new works executed during the year.

Special tolls.

13. A sum of Rs. 9,97,201 was realized from special tolls, levied under section 108 of the Calcutta Port Act of 1890, against Rs. 9,15,748 collected during the previous years. The expenditure was reduced from Rs. 21,153 in 1900-1901 to Rs. 16,235 in 1901-1902. The increase in the receipts is due to an increase in the volume of trade.

Wireless Telegraphy.

14. The proposal to connect Saugor and the Eastern Channel Light Ships by means of wireless telegraphy awaits the result of the experiments and enquiries now being conducted by the Government of India, Telegraph Department.

Mr. F. G. Dumayne held the office of Vice-Chairman from the 25th April 1901. The thanks of the Lieutenant-Governor are due to the Commissioners and specially to Mr. Dumayne for the able management of the Trust during the year under review.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

⌓, dew.

*N.B.*—In the weekly abstract from 9th to 15th November 1902 read 65·9 as mean wet bulk on the 14th November 1902.
Ditto ditto 16th to 22nd November 1902 read 66 miles recorded on the 18th November 1902.

*Director of Public Instruction, Bengal.*

NOTIFICATION.

*Oral Examination in the knowledge of English idiom and pronunciation prescribed in the case of Teachers of English and those who teach through the medium of English in Secondary Schools.*

IN order to carry out a recommendation of the Simla Educational Conference of 1901 which was also approved by the Government of India, His Honour the Lieutenant-Governor of Bengal has been pleased to direct that all new teachers to be appointed in future and who are to teach English or other subjects through the medium of English in Secondary Schools, whether managed directly by the Education Department and by the District Boards and Municipalities, or aided by the Department or such local bodies, must have passed an oral examination in English idiom and pronunciation and hold certificates to that effect. It is proposed to enforce this rule from 1st April 1903. Masters who will teach only through the vernaculars are exempted from this examination.

2. Teachers who are already in service and vernacular teachers hereafter to be appointed shall not in future be promoted to posts which involve teaching in English or through the medium of English until they have passed the examination now prescribed.

3. The Lieutenant-Governor trusts that managers of unaided Schools will co-operate heartily in the object which the Government has in view, namely, the improvement of the teaching of English in Secondary Schools.

4. Inspectors of Schools, Principals and Professors of Colleges affiliated to the Calcutta University, and Principals of Training Colleges are authorised to hold this examination, provided that they themselves have been born in Great Britain and Ireland or in an English-speaking Colony and have been educated in the British Islands, or in any such British Colony. As there is no likelihood of the several offices referred to being always held by gentlemen possessing the qualifications specified, it is not possible to fix the various centres of the examination permanently, except in a few cases.

5. The Colleges and Offices below named are fixed as centres permanent for practical purposes, for holding the examination above prescribed, as in them European Officers of the Indian Educational Service appointed from England will ordinarily be available to conduct the Examination.

*Calcutta.*

Presidency College, Calcutta, European Principal and European Professors.
Calcutta Madrasa, ditto ditto.
Office of Inspector of European Schools, Bengal.

*Patna.*

Patna College, European Principal and European Professors.
Office of European Inspector of Schools, Patna Division.

*Jalpaiguri.*

Office of European Inspector of Schools, Rajshahi Division.

*Dacca.*

Dacca College, European Principal and European Professors.

*Kurseong.*

Victoria Training College, European Principal and European Teachers.

6. In addition to the above named officers, the Principals and Professors of aided and unaided Colleges affiliated to the Calcutta University who possess the requisite qualifications, will be competent to hold the examination and their co-operation in the matter is cordially invited.

7. Only those persons who have passed the University Entrance examination, or one of the higher examinations of Indian Universities, the High School examination of European Schools, or the Final School examination which it is proposed shortly to introduce, will be eligible to appear at the new examination, and such candidates will be at liberty to apply to any one of the Officers named above with a view to being examined. Arrangements for examination to be held by the Educational Officers under Government mentioned above will be made at once. The examination will be held quarterly in March, June, September and December on such dates as may be fixed by the Officers who are authorised to conduct this examination.

8. The examination of each candidate probably need not take much time. A candidate should be required to read short passages from English prose and poetry and should be put to a colloquial test in two or three different subjects.

9. It has also been decided that for the first year of operation of this order candidates shall not be required to pay fees, and that the question of the remuneration of Examiners need not be considered until it has been ascertained how many persons present themselves for examination.

10. The certificate may be given in the following form, which should be forwarded to the Director of Public Instruction for countersignature :—

"Certified that _____, son of _____, of _____ Village in the district of _____, who has presented a certificate of having passed the _____ examination in the year _____, has appeared at an oral examination held at _____ on the _____ for the purpose of testing his knowledge of English idiom and pronunciation, and that in these respects the Examinee is, in the opinion of the undersigned, qualified to teach English in Secondary Schools in Bengal."

| | Total | | ... | 24,000 | 24,000 | 48,000 |

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which

provision is made by clause 18 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

| DEPOSIT. |
|---|
| When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest. |
| On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest. |
| On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest. |
| And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400. |

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1901-1902, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

Preliminary disposition of the Procession.

The elephants for the Ruling Chiefs taking part in the Procession will be arranged by the Officer detailed for the duty, facing inwards, according to the order of the Procession, on either side of the Queen's Road, commencing at the Railway Station. The portion of the Escort preceding His Excellency will be formed up along the road, beyond the Ruling Chiefs. His Excellency the Viceroy and Their Royal Highnesses the Duke and Duchess of Connaught, on mounting their elephants at the station, will proceed with their staffs in the order above shown, through the line of the Chiefs on their elephants; and when His Excellency and Their Royal Highnesses reach the end of the line of elephants, a signal will be given for the Escort to start, and the Ruling Chiefs will move forward, two by two, behind Their Royal Highnesses the Duke and Duchess of Connaught, in the order in which they are placed on the road. The carriages of His Royal Highness the Grand Duke of Hesse, of the Heads of Local Governments and Administrations, and of the Members of Council, with their escorts; and the horses of His Excellency the Commander-in-Chief, of the Khan of Kalat, and of the Agents to the Governor-General in Baluchistan and the North-West Frontier Province, with their followers, will be arranged in order along the Queen's Road, and will come up, in the same order, as soon as His Excellency the Viceroy has left the station on his elephant. The various Officers, entering their carriages or mounting their horses, will follow the elephants of the Ruling Chiefs in the order already described. The troops detailed to close up the Procession will be formed, in their proper order, in the rear of the Escort of the Chief Commissioner of the Central Provinces. The route of the Procession will be lined throughout by troops, and, as His Excellency passes the Lahore Gate of the Fort, the Viceregal Standard will be hoisted on the Fort, and a Royal Salute of 31 guns will be fired from the Fort Batteries.

The elephants constituting the retinues of the Chiefs will be placed on the *Champ de Mars* to the west of the Elgin Road and will join the rear of the Procession as it passes by.

The close of the Procession.

On reaching the corner of the Rajpur Road, outside the Mori Gate, His Excellency the Viceroy and Their Royal Highnesses the Duke and Duchess of Connaught will halt and bid farewell from their elephants to the Chiefs who are mounted on elephants behind them, and who, at this point, will turn to the left by the Boulevard Road, and proceed to their respective Camps. His Excellency and Their Royal Highnesses, after exchanging these salutations, will then dismount from their elephants and enter their carriages, which will be in readiness at this spot, and the Procession will pursue its way along the road under the Ridge, as far as the turning up to the Flagstaff Tower. At this point, the portion of the escort in front of His Excellency, with the exception of the Body Guard and the Imperial Cadet Corps, will march straight on to the Alipore Road, and thence to their Camps. The carriages of His Excellency and of Their Royal Highnesses the Duke and Duchess of Connaught and of His Royal Highness the Grand Duke of Hesse, as they turn off the Rajpur Road before proceeding to the Flagstaff Tower and to the Central Camp, will be halted, in order that they may have an opportunity of viewing the remainder of the Procession which will pass along, down to the concluding regiment of the Escort, on its way to the Alipore Road. His Excellency and Their Royal Highnesses, accompanied only by the Viceroy's Body Guard and the Cadet Corps, will then continue, by the Flagstaff Road, to the Viceregal Camp. As His Excellency and Their Royal Highnesses arrive in front of the Circuit House in the Camp, a Royal Salute of 31 guns will be fired from a Battery placed at a suitable spot, and at the sound of the first gun the Viceregal Standard will be displayed at the Flagstaff. A Guard of Honour will be drawn up in front of the Circuit House and other Guards of Honour in front of the Tents of Their Royal Highnesses the Duke and Duchess of Connaught and of His Royal Highness the Grand Duke of Hesse. These guards will present arms as His Excellency and Their Royal Highnesses alight at their respective residences.

Full dress will be worn. Gentlemen not entitled to wear uniform will appear in morning dress.

Arrangement of seats.

Blocks A and X in the Amphitheatre are reserved for the Representatives of Foreign Powers, the Members of the Government of India including the Commander-in-Chief in India, the Lieutenant-Generals Commanding the Forces, Members of the Foreign Consular body, and the Official Guests of His Excellency the Viceroy. The Heads of the various Local Governments and Administrations and the Ruling Chiefs will be allotted seats in the front rows of the Blocks reserved for the different Provinces. Spectators will be seated in Blocks H to S and in Blocks I to IV. Special accommodation will be reserved for representatives of the Press.

Military arrangements.

The troops assembled at Delhi, numbering about 37,000 men, will be drawn up, under the orders of His Excellency the Commander-in-Chief in India, on the plain opposite the entrance to the Amphitheatre and along the road from the Viceregal Camp to the Durbar.

The Massed Bands within the Amphitheatre will take up position round the Royal Flagstaff in the centre of the arena.

Ruling Chiefs will be invited to send their troops and retinues to the place of the Durbar. The elephants and the bulk of the retinues will be disposed on the plain to the south-west of the Amphitheatre, while the mounted men will line the Prince's Road and the Review Road leading to the Durbar. These should be in their appointed places by 10 A.M.

A Guard of Honour of British troops will be drawn up within the Amphitheatre in front of the Dais. Guards will also be posted at the separate entrances at the back of the Amphitheatre, leading to the various Blocks of seats for High Officers and Ruling Chiefs. A battalion of British Infantry will be detailed for these and other duties, and will be placed at the disposal of the Foreign Secretary.

Arrivals.

Spectators should be seated not later than 10-15 A.M. They will reach their places by the steps at the back of the Amphitheatre leading to the Blocks in which their seats are situated, according to the coloured letter printed upon their admission cards. Ruling Chiefs should be in their seats not later than 11 A M, and the Heads of Local Governments and Administrations and the Members of the Governor General's Council by 11-15 A.M. These also will reach their seats by the steps at the back of their Blocks.

Ruling Chiefs, Heads of Local Governments and Administrations, the Commander-in-Chief, the Members of Governor-General's Council, and the Lieutenant-Generals of Commands will be met, on alighting, by Officers of the Foreign Department and the Military Officers on duty, who will conduct them to their seats. As the Chiefs and High Officers entitled to salutes enter, the guards posted at the entrance to their Block will present arms.

At 11-15 A M. the surviving Veterans of the Mutiny, both European and Native, will march into the Amphitheatre, to the Block allotted to them, and the Massed Bands within the arena will play a suitable March. With the exception of these Veterans, no one, except Their Royal Highnesses the Duke and Duchess of Connaught and His Excellency the Viceroy, will enter the Amphitheatre by the road leading to the Viceregal Dais.

From 10-30 A.M. to 12 noon, the Massed Bands within the arena will play selections for the entertainment of the spectators.

Their Royal Highnesses the Duke and Duchess of Connaught will leave the Viceregal Camp at 11-15 A.M., with an escort of one squadron of British and one squadron of Native Cavalry.

As the Royal carriage reaches the point where the road turns in to the Amphitheatre, Their Royal Highnesses will be received with a Royal Salute by the troops drawn up outside the arena, including a salute of 31 guns. As Their Royal Highnesses drive into the arena and approach the Dais, the Guard of Honour in front of the Dais will present arms and the Massed Bands within the arena will play the National Anthem. All present will rise as the National Anthem is played and will remain standing until Their Royal Highnesses have taken their seats.

Arrival of the Viceroy.

His Excellency the Viceroy will leave the Viceregal Camp at 11-30 A M., with an escort of one British Cavalry Regiment, the Imperial Cadet Corps, His Excellency's Body Guard, and a Regiment of Native Cavalry. As the Viceregal carriage reaches the point where the road turns in to the Amphitheatre, His Excellency will be received by a Royal Salute by all the troops drawn up outside the arena. No guns will be fired at this stage. His Excellency will then drive into the Amphitheatre accompanied by the Cadet Corps and the Body Guard. The remainder of the escort will form up outside the arena, on either side of the road behind the Infantry of the escort who, with the Battery of the escort, will previously have been drawn up at this spot All present will rise as the Viceroy enters the arena, and will remain standing until he has taken his seat.

As His Excellency approaches the Dais, the Guard of Honour in front of the Dais will present arms, the Massed Bands in the centre of the arena will play the National Anthem, the Viceregal Standard will be hoisted, and a Royal Salute of 31 guns will be fired. On alighting, His Excellency, preceded by his Staff, will ascend the steps and take his seat on the Throne. The spectators will then resume their seats.

At the conclusion of the salute, the Foreign Secretary will ask His Excellency's permission to open the Durbar.

Opening of the Durbar.

The Bands within the arena will then sound a summons to the Herald. The Herald, with the Trumpeters accompanying him, who will be posted with the escort outside, will reply with a flourish of trumpets and will ride up to the Amphitheatre. They will halt at the entrance and sound another flourish of trumpets. They will then ride to the front of the Viceregal Dais, form up and sound a third flourish. The Herald will then, at the command of the Viceroy, read the Proclamation, announcing the Coronation of His Majesty the King, Emperor of India When reading the Proclamation, the Herald will turn and face the entrance to the Amphitheatre When the Proclamation has been read, the Herald will sound another flourish. As this flourish concludes, the Royal Standard will be hoisted on the flagstaff in the centre of the Amphitheatre, the Massed Bands within the arena will play the National Anthem, and the Guard of Honour within the arena will present arms All the spectators will rise from their seats and remain standing while the National Anthem is being played. On the completion of the National Anthem, the Herald and Trumpeters will retire to the entrance When the Royal Standard is hoisted, and as the National Anthem concludes, an Imperial Salute of 101 guns will be fired, in the same way as at the Parades on the 1st of January and the King's Birthday, a Feu-de-Joie being fired and the National Anthem played at the customary intervals. While the Salute is being fired, and in the intervals between the playing of the National Anthem, the Massed Bands in the Amphitheatre will play appropriate selections.

The Proclamation.

When the Royal Salute concludes, and immediately after the final National Anthem is played, the Herald and Trumpeters at the entrance will sound a prolonged flourish. As the flourish concludes, His Excellency the Viceroy will rise and address the Durbar. At the conclusion of His Excellency's Address, the Herald and Trumpeters will again advance to the front of the Dais, where they will sound another flourish, and the Herald, raising his cap, will call for three cheers for the King-Emperor, which will be joined in by all the spectators in the Amphitheatre. As soon as these cheers have subsided, the General Officer Commanding the Troops outside will similarly call for three cheers for the King-Emperor, and these cheers will be given by the entire body of troops outside (but by no one inside) the arena. At the conclusion of the cheering, the Bands will again play the National Anthem, after which the Herald and Trumpeters will retire from the arena.

His Excellency's Address.

The Foreign Secretary will next ask permission to present the Ruling Chiefs present at the Durbar. The Ruling Chiefs will, in the order previously arranged, advance to the front of the Dais in turn, and will briefly offer their congratulations to His Majesty the King-Emperor, through His Excellency the Viceroy, who with His Royal Highness the Duke of Connaught will receive them standing. At the conclusion of the presentation, the Foreign Secretary will request permission to close the Durbar.

Presentation of Ruling Chiefs.

His Excellency will then depart in the same manner and with the same ceremonies as he came, the first gun of the salute being fired as His Excellency enters his carriage. After the departure of His Excellency, Their Royal Highnesses will leave the Durbar in the same way and with the same honours as upon their arrival. After the Royal *cortège* has left the arena, the Representatives of Foreign Powers, the Heads of the Local Governments and Administrations, the Ruling Chiefs, the Commander-in-Chief, the Members of the Governor-General's Council and the Lieutenant-Generals of Commands will depart from the inside of the Amphitheatre into which their carriages will be brought. They will be conducted to their carriages by officers detailed for the purpose. No other carriages will be admitted into the arena.

Departures.

Spectators, who will depart by the gangways and steps at the back of the Amphitheatre in the same manner as they arrived, are requested not to leave their seats till the Representatives of Foreign Powers, the Ruling Chiefs, and the High Officials have left the arena.

Full dress will be worn. Gentlemen not entitled to wear uniform will appear in morning dress.

*Programme of the Departure of His Excellency the Viceroy and Governor-General and of Their Royal Highnesses the Duke and Duchess of Connaught from Delhi on the 10th January, 1903.*

His Excellency the Viceroy and Governor-General and Their Royal Highnesses the Duke and Duchess of Connaught will leave Delhi from the East Indian Railway terminus at 11 and 11-15 A.M., railway time, on Saturday, the 10th January, 1903.

His Excellency and Their Royal Highnesses, accompanied by their respective Staffs, will leave the Viceregal Camp at 10-30 A.M., and will drive to the Railway Station.

Guards of Honour will be drawn up in front of the Circuit House and in front of the tents of Their Royal Highnesses the Duke and Duchess of Connaught, which will present arms as His Excellency and Their Royal Highnesses drive away.

As His Excellency and Their Royal Highnesses leave the Camp, a Royal Salute of 31 guns will be fired from the Ridge.

His Excellency and Their Royal Highnesses will be escorted to the station by the Imperial Cadet Corps, the Viceroy's Body Guard and by the Cavalry portion of the Viceroy's escort, and the route from the camp to the station will be lined with troops.

The route taken will be by the Lansdowne Road, the Alipur Road, the Kudsia Road, the Mori Gate, Dufferin Bridge and Queen's Road.

A Guard of Honour from a British regiment, with band, will be drawn up outside the station on the west side of the porch, and will present arms as His Excellency, accompanied by Their Royal Highnesses, enters the station.

His Excellency and Their Royal Highnesses will be received upon the platform by the Ruling Chiefs, and by all the High Officials who were present at the station upon His Excellency's arrival in Delhi.

A band will be drawn up on the platform and will play the National Anthem as His Excellency and Their Royal Highnesses appear.

The Special Train of Their Royal Highnesses the Duke and Duchess of Connaught will be drawn up at the platform and will depart first, at 11 A.M. As the train starts, the band upon the platform will play the National Anthem, and a salute of 31 guns will be fired from the ramparts of the Fort.

His Excellency the Viceroy's Special Train will then be brought up to the platform, and His Excellency will leave at 11-15. The band upon the platform will play the National Anthem as the train leaves, and a salute of 31 guns will be fired from the ramparts of the Fort.

Full dress will be worn. Gentlemen not entitled to wear uniform will appear in morning dress.
